LOCAL NEWS

THE LATE MRS. PRICE.
Mrs. Joseph Price, whose death was recorded in The Times last evening, is survived by two sons, Joseph, of Somerset street, and James Allen Price, at home. A brother, W. R. Richards, is overseas with No. 2 construction battalion.

SCHOOL TO CLOSE ON 20TH.
The public schools will be closed for the Yuletide on Friday, the 20th, and it is expected the usual two weeks' vacation will be granted. There was some suggestion a short while ago that the Christmas-New Year holidays would this year be utilized in making up some of the time lost by reason of the influenza shut-down, but so far it appears this will not be carried out.

SEWED FOR NEEDY CHILDREN.
The Ladies Aid of the Guild, Daughters held a meeting at the Guild, Chapman's Hill, yesterday afternoon at which Mrs. H. Colby Smith presided. There were about twenty ladies present. After devotional exercises and business the ladies set to work sewing for the little ones in the Children's Aid Home, continuing at this work until after 9 o'clock. The sewing was done on the premises at the usual hour and by these arrangements a lot of work was accomplished.

MRS. KENNETH L. BLIZZARD
At the home of her parents, Mr. and Mrs. Nelson Bacon, their eldest daughter, Mrs. Kenneth L. Blizzard, died yesterday. She was ailing but a short time with pneumonia. She was aged thirty-three years. Her husband, who is now overseas, is expected to return home daily. Mrs. Blizzard is survived by her parents, three sisters, and three brothers, also a young son. The family recently removed to this city from Houlton, Me.

DEATH OF PHILIP GARRICK.
Many friends in this city will learn with regret of the death of Philip Garrick, a son of the late Mr. and Mrs. Philip Garrick of St. John. He died in Pawtucket, R. I. He was about forty years old and was a native of this city. He was married and had a daughter, two brothers and four sisters. The brothers are James and John of this city, and the sisters, Mrs. Chisholm, Mrs. J. Davidson, Mrs. William Davis and Mrs. T. Brown. The body will be interred in Rhode Island.

FELL INTO A VAT
Robert Johnston, living at the head of Brussels street, fell into a vat in Peters' tannery, Erin street, this forenoon and suffered a considerable shaking up and painful injuries to his feet. The unfortunate man stumbled and rather than fall headlong into the vat managed to alight on his feet, but the force of the fall was so great for a man of his size that the bones of his feet were strained out of place. Fortunately, Dr. Arthur McCourt rendered surgical aid after Mr. Johnston was conveyed to his home. This afternoon the victim of the accident was taken to the hospital.

A ST. JOHN BOY WHO HAS PROSPERED WELL

H. W. Brodie of C. P. R. Home From West on Visit

H. W. Brodie, general passenger agent of the C. P. R., western division, arrived today to spend a few days with his mother at No. 164 Duke street, also with his brothers, William and F. Neil Brodie. The C. P. R. official was in Montreal on business and took the opportunity of proceeding farther since he was so near home. It has been three years since he visited his folks. Few St. John boys have succeeded any better in railway circles than H. W. Brodie. In his office at Vancouver he has supervision over all western passenger traffic from Winnipeg to the coast and also over the C. P. R. steamship passenger department along the western coast and trans-Pacific. He is being warmly welcomed home by his host of friends.

GERMAN REPORT SAYS THAT FOCH EXTENDS TIME FOR SURRENDER OF LOCOMOTIVES

Amsterdam, Dec. 9.—The Lokal Anzeiger of Berlin says it learns from competent sources that Marshal Foch has agreed to postpone the date of the surrender of all German locomotives until February 1.

BRITISH TROOPS END TROUBLE IN COLOGNE

(Continued from page 1)
meat, four kinds of vegetables, wines, cheese, bread, complex and fruit. It goes without saying, however, that the possession of food by this palatial hotel is no proof that the poor are not hungry. The actual situation could be determined only by a careful investigation, for which the correspondent had no facilities. Cologne is accepting the occupation as a real hardship, although the British are being treated courteously. When the burgomaster's attention was directed to the harsh treatment of the people in the areas the German forces had been occupying, he declared that Cologne had consistently opposed the German doings in Belgium and France. "We expect the English will be better," he added.

When informed that many of the newly evacuated districts were virtually starving and that aid was being rushed to the impoverished people he expressed much surprise. Concerning the food situation in Cologne he said: "So far as I have been able to gather from the newspapers, England did not believe that Germany was starving, but the outside world cannot imagine what the German people in the big cities suffered during the last four years. The soldiers were better fed, but the civilians, especially the poorer classes, were under-nourished. The mortality from tuberculosis increased 800 per cent in Cologne, and the infection from tuberculosis, even among the better classes, was much greater than this, due to under-nourishment and other causes. The women were compelled to leave their homes and work because their husbands were fighting and their families were therefore neglected."

Amsterdam, Dec. 9.—British troops, according to a telegram from Cologne, have declined to make use of the public buildings there placed at their disposal. They have occupied private quarters.

SEVENTY-FIVE IN EVENING CLASSES

Excellent Work Done in King Edward and Centennial Schools—Ages 15 to 50 Represented.

A member of The Times staff visited the evening class in King Edward school last evening and found the teacher, Rex R. Cormier, with a class of twenty working boys and young men, but chiefly boys. Enquiry showed that these boys are employed and away from day school, although some of them can read and write but little. They are taking advantage of the evening classes to increase their knowledge. There is another class of twenty-five, also taught by Mr. Cormier, making forty-five in all. There is room for more in both classes and students from any part of the city may attend.

In the Centennial school W. S. Vial has thirty students in mechanical drawing and would be glad to have more. The ages of pupils in these evening schools range from fifteen to fifty years, and include pupils from Grade 1 to Grade X. It is necessary to give some students lessons in reading and spelling. Mr. Cormier pointed out that these classes afford a splendid opportunity for boys and men who failed to get an education in their early life. In mechanical drawing department nearly the entire elementary class of last year returned this year to resume their studies in the advanced division. In all the classes there are several who attended the school last year. Several returned soldiers enrolled in various classes. Returned men are accorded special consideration. Pupils are expected to attend three evenings a week but may attend more if they wish.

JEWISH LEGION IS BREAKING UP

Some 250 Pass Through Here on Way to Homes From Windsor, N. S.

The demobilization of the Jewish Legion in their Nova Scotia camp near Windsor, is now going on and yesterday afternoon about 250 men passed through the city homeward bound. Local military men were at the depot to examine papers and go through other transportation formalities. Since the inception of the Jewish Legion idea—a force of Hebrews to share in the restoration of the Holy Land under General Allenby—more than 6,000 men have arrived in this city, en route to the point of training. These came in small parties, but sometimes as many as 200 at a time. They came from various sections of the United States, and during the last year and a half a large number of drafts were sent overseas and thence on to the eastern theatre of war.

Already there is a long roll of honor of those who have given their lives for the two-fold cause of freedom—the freedom of the world from militarism and the freedom of the Jewish heritage in Palestine. St. John Hebrews who made the acquaintance of many of the boys passing through this city have been advised of their deaths and their burial in the sacred soil of the land of the prophets. Every section of the United States and Canada seems to be represented in the 6,000 Jewish boys who filtered through this city during the mobilization period. The western States were especially well represented. Some of the recruits—all of whom were "British Army" men—were through the mobilization period. The western States were especially well represented. Some of the recruits—all of whom were "British Army" men—were through the mobilization period. The western States were especially well represented. Some of the recruits—all of whom were "British Army" men—were through the mobilization period.

NEW GAS DISCOVERED

High Proof Gasoline Also is Obtained

Washington, Dec. 16.—Discovery of an inert, non-inflammable gas designed for use in balloons, dirigibles and other lighter than air craft, is revealed by the navy department. It is called "argon." It will eliminate the hazard of fire and explosion that always has accompanied balloon operations where hydrogen has been used to inflate the gas bags. The gas from which "argon" is obtained comes from wells at Petrolia, Texas, owned by the Lone Star Gas Company. A ten inch pipe line, to cost \$1,050,000, is being laid for a distance of ninety-four miles from the wells to a plant at North Fort Worth, where the gas will be compressed into cylinders for transfer to the balloon fields. High proof gasoline is obtained in a ratio of about five gallons to 1,000 cubic feet of gas, it was said, and after the one per cent of "argon" is removed, by agreement with the Lone Star Company, the remainder of the gas is turned into the city mains at North Fort Worth and Dallas.

MACAULAY BROTHERS & CO.
Stores Open at 8.30, Close at 6—Saturdays 10 p.m.

CLEAN SWEEP BY BIG REDUCTIONS—ALL OUR FIRST-CLASS

Trimmed Model Hats

Imported, and our own designer's best work in Young Ladies' and Matrons' Hats. Sale commences tomorrow and continued till and including Saturday, Dec. 14th. We shall make the most drastic reduction on elegant Trimmed Hats ever offered in this city.

Why Not A Glenwood E As A Practical Christmas Gift?

"The Range That Makes Cooking Easy"

Surely nothing could be more to the point as a practical gift than a Glenwood E Range—something that mother or wife can use 365 days out of the year. A good baker because of its scientific construction ensuring an even heat. No tedious ornamentation to make trouble in keeping the Range neat and clean. A smooth, plain, simple Range with a generous oven and well proportioned fire box. Made right here in St. John it is used and endorsed all over the land. Would certainly make an ideal Christmas present—and one that would last a lifetime. When shall we deliver yours?
