Troubled With Weak Back and Kidneys For 10 Years.

Many people fail to understand the significance of a lame, weak, sore or aching back.

When the back aches or becomes weak it is a warning that the kidneys are affected in some way.

Take notice to the warning and cure the backache on the first sign, for if you don't do this, serious complications are sure to arise and perhaps develop into Dropsy, Diabetes or Bright's Disease, the three most deadly forms of kidney trouble.

Doan's Kidney Pills will strengthen the weak back, and prevent any form of kidney trouble entering the system.

Mrs. Ed. Boyer, Nokomis, Sask., writes: "I have been troubled with weak back and kidneys. I had terrible dizzy headaches, and could not sleep at night. In this way I suffered for ten years, until I read about Doan's Kidney Pills. I purchased two boxes, and as they helped me, I sent for two more; they put me on my feet, and I have been able to work ever since."

Doan's Kidney Pills are 50 cents a box, or 3 boxes for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Millburn Co., Limited, Toronto, Ont.

If ordering direct specify "Doan's."

POWER BOAT CLUB NEEDS MORE ROOM

A large gathering of members was in attendance last evening at the annual meeting of the St. John Power Boat Club in the headquarters at Marble Cove, Commodore S. P. Gerow, president.

Reports presented were most favorable, showing a total of more than 280 boats now flying the club colors.

Commodore Gerow in an address expressing thanks for his re-election, said that the question of increased accommodation would soon have to be considered as the increased membership was making a heavy tax upon the present quarters.

Commodore S. P. Gerow was again elected commodore without opposition, this commencing his fifth term in office. John C. Chesley was elected vice-commodore by acclamation replacing Fred Roberts, who retired. In the election for re-commodore, there were two nominations, Joseph Brozman and F. W. Tapley, the balloting resulted in the election of F. W. Tapley. John Thornton and W. L. Bagnell were elected treasurer and secretary respectively, without opposition.

The election for the executive committee resulted in the following being elected: H. Roberts, C. E. V. Cowan, F. Roberts, G. E. Day, J. E. Fisher.

The new sailing and racing committee consists of: Malcolm Logan, Henry McIntyre, Peter Clinch, Percy McAvilly, John Thompson, Jas. Griffith, Ronald Miller; fleet captain, Fred Roberts; surgeon, Dr. D. E. Berryman. The messengers being: A. G. McMullin, Walter Whittaker.

The meeting appointed J. K. Kelley, F. F. Burpee, Thom. Morrison as auditors and as delegates to the American Power Boat Association: J. C. Chesley, L. J. Gallagher, S. P. Gerow.

The Montessori Child I know some little girls and boys who play with blocks and other toys. But no one offers toys to me. Except to use as "stimuli."

I look at children romp and shriek; They play a game called hide-and-seek; They run and hide, and shout and run, And have the greatest lot of fun.

But where I go they only play To gather knowledge day by day. And so absorb an education Through "muscular co-ordination."

They gum rough letters on a board, I learn them of my own accord; I play at hide-and-seek with these, And thus I get my A. B. C's.

Some children have a game called war; They march lead soldiers on the floor; But where I go it is enough To know that things are smooth not rough.

While other children call it "fun" To hop and skip and jump and run, I do those things unconsciously To set my little spirit free.

While other children merely play, I garner wisdom every day. I'm never up to childish tricks Yes, ain't I cute? I'm only six!

An attorney was cross-examining a witness. "You say you left Boston on the 16th?" queried the lawyer. "Yes, sir," replied the witness. "And returned the 28th?" "Yes, sir."

"What were you doing in the interim?" "I never was in such a place!" he replied, indignantly, with heightened color.

At the luncheon he briefly reviewed the work of the year, and spoke also of the growth and development of the society.

He would not have climbed to the heights of fame and had Washington lingered to march with him, he would have been a hero. He would not have gotten his army away till the British had gobbled them up.

And so I say in the race of life, The woman has more than her share of strife, And man would find 'twould be hard to gobble.

A shopping bag and a parasol. A shopping bag and a parasol. Ah me, oh my! Why he'd have a fit, And he'd never, no never! come out of it.

A solicitor called upon another member of the profession and asked his opinion upon a certain point of law.

The lawyer to whom the question was addressed drew himself up. "I generally get paid for what I know," he said stiffly.

The questioner took half a crown from his pocket and offered it to the other. "Tell me all you know and give me the change," he said.

It is simply a matter of dress, I say, And the feminine half of the race too. Might hold in our history just as great A place as the lords of high estate Had they been permitted to wear the clothes.

And follow the selfsame styles as those Who, having been born of the opposite sex, Had never a worry their mind to vex, Had Columbus and all of his valiant crew Worn hats that the ladies of our times do.

BURDOCK BLOOD BITTERS CURED A BAD ATTACK OF ECZEMA.

All skin diseases such as Eczema, Salt Rheum, Tetter, Rash, Boils, Pimples, and Itching Skin Eruptions, are always caused from the blood being in a bad condition, and it is impossible to eradicate them from the system unless you put your blood into good shape.

This you can very easily do without the slightest trouble by using Burdock Blood Bitters.

It drives out all the humor from the blood, and makes it pure and rich, and not only are the unsightly diseases removed, and a bright clean complexion produced, but the entire system is renovated and invigorated at the same time.

Mrs. G. A. Day, Somerville, N.B., writes: "Last spring I had a bad attack of Eczema. I tried several patent medicines as well as the medicine of a physician, but they seemed to make the disease worse. I was advised to try Burdock Blood Bitters, and I did so with the result that in two weeks time the sores began to disappear. I continued to take it until I had taken three bottles and they worked a complete cure."

Didn't say on that night when the foe drew near; 'T'd like to go warn all the folks, I declare. But I haven't a thing that is fit to wear."

Had Wellington dared but five minutes to wait. He wouldn't have climbed to the heights of fame.

And had Washington lingered to march with him, he would have been a hero. He would not have gotten his army away till the British had gobbled them up.

And so I say in the race of life, The woman has more than her share of strife, And man would find 'twould be hard to gobble.

Stop Paying for Promises

A promise is not a cure. The man who thinks it is, soon discovers his mistake--after he pays for it.

When some would-be doctor, who got his medical education out of an encyclopedia, says that he will cure you with drugs, you'll believe him without hesitation. You were taught to believe in drugs.

Fifty years ago they thought bleeding was the only cure for disease of any kind. Think of draining a man's life blood now. You wouldn't have it done, yet doctors made your ancestors believe in it, just as they have caused you to believe in drugs.

Science has made some wonderful discoveries since those days. They have taught us the worthlessness of drugs, that they are only poisons, and poisons don't cure.

The reason drugs don't cure is because they don't help nature. Nature wants nourishment, not poison. This nourishment is electricity. It puts vitamins and energy into every part of your body. It gives strength to every vital organ, enabling each part to do its work as nature intended. When every vital organ is working right there can be no pain or sickness.

My Belt pumps a steady current of electric life into your nerves and vitals while you sleep. All night long you feel its gentle, soothing glow coursing through your veins. It does not shock or

blister, yet it is so powerful and invigorating that you can feel the improvement after one application.

Electricity is curing people every day. I wouldn't ask you to believe that if I couldn't back up every statement with proof. I'll give you the names of people I've cured, and you can ask them.

If I know that I can't cure you I'll tell you so in the beginning. I don't want money that I don't earn.

I am doing well with your treatment. It has done more for me than all the doctors ever did. My bowels work well; my nervousness is all gone, and my womb trouble is a great deal better. I met the doctor the other day, and he remarked how well I looked. With best wishes for your continued success, I remain, yours very truly,
