NEW YORK, March 10.—Uncertainty over the trend of money rates caused fresh selling of stocks at the opening of today's market, bút independent strength was shown by a number of issues, including various oils, and specialties.

General Electric moved up 23% points

General Electric moved up 234 point to the highest level since segregation of its public utility holdings. Buttand Superior continued to gain in response to resumption of dividends.

MONTREAL, March 10.—With the exception of a few fractional price changes, early trading today on the local stock market was extremely dull, with Abitibi the most active issue. This stock gained ¼ to 66. Other variations were a decline of ½ to 16 in Detroit United Railway, and a similar loss to 66¼ in Atlantic Sugar Preferred, which appeared in a small lot only. The balance of the list received practically no attention.

THE COACH'S JOB.

Something of the taskmaster, the general and the diplomat, and a lot of the doctor must be hidden away in the man who would be the coach of a successful football or track team.

Emergencies of all kinds are his daily routine. A thorough knowledge of first aid is as essential as a knowledge of the game played by his men.

Bumps, bruises, strained ligaments and muscles are every day happenings, but the coach never becomes contemptuous of them. He knows that if neglected, they may result in anything.

Trainers everywhere keep Absorbine Jr. in their lockers. They use it not only for sprains, cuts and bruises, but for the skin and blood protection of its disinfecting properties. In one convenient container it combines the functions of a number of preparations.

It is the first of all the First Aid requisites in use in all of the leading athletic clubs.

And there are just as many everyday uses for Absorbine Jr. in the homes of Canada as there are in the training camps. Always keep it in the home where you can "jump to it" in case of emergency. \$1.25 at your druggist.

It's a Fine Old Custom

It's a custom that brings inner cleanliness, which is just as important from the stand-point of health, as outward cleanliness. Gently, effectively, ENO's "Fruit Salt" eliminates the poisons that clog the system and give rise to constipation, depression, liver trouble and rheumatic conditions.

But be sure it is ENO's you take each morning—the world-famed effervescent saline containing no purgative mineral salts, no sugar or other flavoring matter. ENO's possesses the beneficial and refreshing qualities of fruit in concentrated and convenient form. A dash of ENO's each morning is a pleasant premium to pay for the bounding health and mental vigor that it gives. vigor that it gives.
