### LOCAL NEWS

OTTAWA, July 18.—Parliament did one business today and much talk-ling, with the mercury at 2 n. m. 97 in the shade. It was the hottest day for two years.

Replying to questions, Laurier said looking after Dr. C. M. Hay, who was seriously ill there, reached St. John last night. He reports Dr. Hay as having improved considerably. Dr. L. H. Adler of Philadelphia is assisttwo years.

Replying to questions, Laurier said the election lists for all provinces were well advanced in the printing bureau. All from Nova Scotia are in except Cape Breton South and Hants, and all are printed with the exception of those of Yarmouth. For New Brunswick all lists save Gloucester are in and printed. There are no lists from P. E. Island, where manhood suffrage prevalls. None of the Manitoba lists have yet been received. Colonel Sam. Hughes moved the adjournment of the house in order to discuss some of Sydney Fisher's latest meddlings with the affairs of the 13th Scottish Light Dragoons. Hughes read from the Montreal Herald, Fisher's personal organ, certain statements contradicting

name and address of every omcer and man of the militia, and intimated that it was a list to be prepared for government use in the coming elections. It has been firmished and the great furnaces are firmished and the great furnaces are The Susquehanna Iron company's On the order of the day, Mr. Haggart asked: "Have there been any negotiations between the government
and any other person or persons or
corrorations regarding the acquisition."

The day of the deep. That is to say it is to be
23 feet deep. That is to say it is to be
24 feet below the mean level of the
lake, so that in some places the excavation is to be 40 feet in depth. to keep silent on this point. Those of us who support Dr. Daniel cannot see where there is room for any other sentiment with reference to this distressing conjunction save sympathy and a growing pride in his manful efforts to live the stigma down.

But it must be admitted that, greatly handleapped as he is by being open.

There has been no negotiation of the Canada Atlantic railway? Has any letter or assurance of any kind any letter or assurance of any kind

in thickness had to be cut out. It is not shale rock or slate but solid living rock. The dredge used for the purpose is the greatest tool of its kind in the world. It looks like a giant mud dredge and is built on the same principle as an ordinary dredge. Down in its hold it has a 500 horse-power steam engine. Its anchors or spuds

whole machine.

The dredge of the dipper is armed with steel teeth about 15 inches long and 6 inches thick. The man at the lever drops the great dipper with its massive handle down 15 feet to the mock bottom. Then he moves snother faithful in her interests, small and great, and well able to speak for her in any of the great affairs that come before the governing body of Canada—it is not unnatural that such a man should attract and hold respect and attention.

And that Dr. Daniel has won the attention.

And that Dr. Daniel has won the attention.

SMALL BOATS CROSS SEAS.

Upwards of 100 men have ventured on long cruises in boats from 12 to 40 feet in length. Capt. Joshua Slocum is perhaps the best known of these voyagers. The feat which he has accomplished is perhaps the most daring which has been brought to a successful finish.

With a 40-foot yawl called the Spray, Capt. Slocum started from Boston in Capt. Slocum started from Boston in It has ripped up seven cubic yards.

It has ripped up seven cubic yards in the successful finish.

FAMILY RE-UNION.

A family re-union, which will bring together the many members of the Walker family, who are descended Walker family, who are descended from Captain Thomas Walker, is being arranged to take place at Hampton, N. B., on the 26th inst. Besides Dr. Thos. Walker, of this city, and his family, there are many members of the family
