this Christian age and this land of civilization tens of thousands of women daily suffer the slow torments of approaching death.

They do this because of a false delicacy frequently inculcated by their mothers.

There is a marvelous medicine for women that cures all weakness and disease of the distinctly feminine organism. It acts directly on the delicate and important organs concerned in maternity and makes them strong and healthy. It is Dr. Pierce's Favorite Prescription. It allays inflammation, heals ulceration and soothes pain. It gives rest and tone to the tortured nerves. Under its magic influence the headaches and pains in the back and sides, the dragging and burning sensations, the nervousness, weakness, lassitude and despondency that result from so-called female weakness are banished. It fits for wifehood and motherhood. Taken during the period of solicitude, it banishes the usual discomforts and makes baby's entry to the world easy and almost painless. It insures the new comer's health and an ample supply of nourishment. Thousands of women have testified to its marvelous merits. All good druggists sell it.

Mrs. Ursula Dunham, of Sistersville, Tyler Co., W. Va., writes: "My baby in www nearly a years. I could not stand up. I took three bottles of Dr. Pierce's Favorite Prescription and it has cured me. I can now do all my work."

Dr. Pierce's Pleasant Pleasant Pelets cure gists sell them. They never gripe. One little "Pellet" is a gentle laxative, and two a mild cathartic. They are tiny, sugar-coated grannles. If hey are tiny, sugar-coated grannles. They are tiny, sugar-coated grannles. They are tiny, sugar-coated grannles. It is pellets.
