## INTERESTING BUDGET OF EXHIBITION NEWS

Attractive Excursion Rates  
from All Parts—Premier and  
Visitors View Buildings—  
Medals Arrive—The Art Show

Another interesting advertisement containing much desired information is published in this issue by the Exhibition Association dealing with the numerous excursions to be run into the city of St. John from Maritime Provincial, Upper Canadian, Western Canadian and American parts during the period of the Dominion Exhibition September 5 to 15 next. While it is difficult to publish a schedule of actual prices for transportation from the many points included in the advertisement, interested readers can be accommodated with fullest explicit information by applying to their local ticket seller. Each of the transportation companies mentioned in the advertisement have supplied their agents with complete data upon the St. John Exhibition rates and very attractive figures will be quoted. Today's announcement from the Exhibition offices is of much value to out of town people and supplements quite nicely the printed lists of boarding and lodging accommodations which can be had for the asking.

Yesterday forenoon Hon. J. D. Hazen, Premier of the Province, accompanied by Dr. Henderson of England and Mr. O. P. Boggs of Moncton visited the Exhibition grounds in the company of the manager and were shown about the buildings and outdoor departments. The visiting gentlemen expressed great pleasure at the extent and modern condition of the show plant, the strangers particularly evincing much surprise. The Exhibition Association yesterday afternoon received from Montreal a large consignment of bronze and silver medals in neat leather cases to be awarded in numerous departments of the Dominion show. These medals are handsomely engraved with appropriate lettering on one side and a wreath of Canadian Provincial arms on the other. They are the handsomest and most costly awards of the kind St. John has ever ordered. Members of the St. John Art Club who are interested in themselves so enthusiastically in the Art Loan Exhibit at the Dominion Exhibition yesterday received further invoices of shipments of exclusive paintings from Upper Canadian cities, which works are being heavily crated and secured almost to the limit of their value.

## Y.M.C.A. BOYS SUMMER CAMP

Great Times at Robertson's Point—Annual Amateur Circus Was Startling in its Reality and Most Successful.

Robertson's Point, Aug. 11.—Last evening the annual circus was held by the Maritime Boys' Camp at Robertson's Point and was attended by a large number of people from the surrounding districts.

Shortly after 7.30 p. m., a grand parade was held about the grounds. In the parade were acrobats, clowns, wild animals, chariots, and other features, such as are seen at professional shows.

When the parade ended the side shows were thrown open to the public, who inspected them until the main show began about 8.15. There were in all six side shows, which included fortune teller and a snake charmer who did his tricks with slimy eels. There was also a hit-the-coon-you-get-a-glass-of-lemonade man who kept the visitors amused. Even a refreshment table was carried on in one of the tents where lemonade, peanuts, candy etc., were sold.

The main show was held on the baseball diamond and was much enjoyed. The feature of the performance was the grand tumbling act under the leadership of Prof. Van Latham. The clowns were also amusing and furnished much amusement. Other acts were a tight rope walk, a boxing match between Jeffries and Johnson. The show lasted about an hour.

The circus was managed by the amusement committee, assisted by W. H. Moor, the ringmaster. No admission was charged, but about \$3 was cleared by passing the hat and selling refreshments. This is to be devoted to relief work in Campbellville, a fund for that purpose having been started in camp.

Baseball is the main amusement, but an indoor baseball set and a volleyball net arrived yesterday and will furnish further pastime. On Monday the St. John team came back and defeated the camp 17-6. Other games between tents and mixed teams are enjoyed daily and the first week under canvas has passed pleasantly for all.

## MAYOR GAYNOR IN A SERIOUS STATE

Continued From Page One.  
"The surgeons in attendance on the mayor are Dr. Wm. J. Arlitz, Dr. Geo. E. Brewer, Dr. George D. Stewart, Dr. Charles N. Dowd. During their absence on Wednesday afternoon Dr. Charles H. Peck attended the mayor. The mayor's family physician, Dr. John W. Parrish, also attended him. No other surgeon or physicians have at any time been connected with the case. This statement is necessary because of unfounded reports and statements by those pretending to be connected with the mayor's physicians."

Dismissing Rumors.  
The patient's irritability this afternoon and the barring from the sick room of all save Mrs. Gaynor and the attending physicians, first gave rise to these disquieting rumors. It was admitted that the mayor had lost temporarily at least the use of his cheerful frame of mind, and had requested his wife remain near his bedside almost constantly. Because of the soreness of his throat an antiseptic spray was frequently used, and it was during this process that the mayor showed signs of fretting.

Reports that dissension had arisen among the physicians over the advisability of an operation met with prompt denial, but nevertheless the rumors came from the hospital that there was serious difference of opinion as to the course to be pursued. One physician it is said, holds that the bullet should be removed immediately, while others maintain that they should let well enough alone as long as there is no sign of infection. John Purroy Mitchell, the acting mayor, visited the hospital this afternoon, but was not allowed to go to the sick room. Departing he said he knew nothing of the reported friction among the physicians.

"I can see nothing to change the good progress," said Mitchell, "unless it be that another day has elapsed. The physicians have simply done what I think should be done, decided not to let the patient get worked up by having too many visitors."

Insanity, Gallagher's Defence.  
Gallagher, the would-be assassin in prison in Jersey City, is beginning to lay the groundwork of his defense. It will be insanity. His lawyers and Dr. F. S. Potter, an alienist, held a conference with him this afternoon. Alexander Simpson, of Jersey City, counsel for the prisoner, says he has investigated the man's record and finds basis for a trace of hereditary insanity.

While New York will have no direct hand in the trial, every effort will be made to provide assistance to the prosecution. If tried merely on the assault charge, New Jersey lawyers hold that Gallagher is likely to get a sentence tantamount to life imprisonment. It is pointed out that if sentenced for only 12 years, he is liable to a \$30,000 fine, which can be remitted only by the State Board of Pardons. As he is practically penniless, paying the fine seems to be an impossibility and in default of payment he may be kept in prison as long as the board of pardons deems advisable.

Messages of sympathy for Mayor Gaynor continue to pour in. Among those who telegraphed or cabled to lay the groundwork of his defense, were Wm. J. Bryan at Lancaster, Ohio; Andrew Carnegie, in Scotland; Henry B. Quinby, Governor of New Hampshire and from the Vice Burgomaster of Carlsbad, who spoke on behalf of his city.

Gov. Quinby wired:—"Your splendid administration of the municipal affairs of New York City has won the approval of all good citizens. May you soon be restored to health and to the people."

## ROBERT TREAT PAINE DIED LAST EVENING

He Was President Of The American Peace Society And Noted Philanthropist—Prominent Resident Of Boston.

Waltham, Mass., Aug. 11.—Robert Treat Paine, president of the American Peace Society, and a widely known philanthropist, died at his home here tonight.

The end came at 10.40 p. m., very peacefully, the sick man sinking into death almost imperceptibly. At his bedside were his sons, George and Robert Treat Paine, Jr., and his physician.

It was through his efforts in behalf of peace among the countries of the world that Robert Treat Paine became a figure of more than national prominence. As president of the American Peace Society his work occasionally took him to Europe, and at The Hague his name was enrolled among the prominent advocates of disarmament.

Born in Boston in 1835, the son of Charles Cushing Paine, who was a grandson of Robert Treat Paine, one of the signers of the Declaration of Independence, Mr. Paine's career of philanthropic and religious endeavor forms a chapter in the history of the city during the past half century. He was graduated from Harvard in 1855, and although admitted to the bar four years later, Mr. Paine practiced law only 11 years. Inheriting a large fortune, he decided to engage in philanthropic work. He organized the Wells memorial institute, the largest organization of its kind in the United States. It embraces a loan association, two cooperative banks, and a building association. He was a member of all the charitable institutions of Boston.

In religion he was an Episcopalian and warden of Trinity church, Boston. But his charity has always been unsectarian. With his wife, in 1890 he created and endowed a trust of \$200,000 establishing several charities. He had been a delegate from this diocese to many general conventions of the Episcopal church. He was a member of the legislature in 1884 and in the same year unsuccessfully contested this congressional district as a Democrat.

He is survived by two sons, Robert Treat Paine, Jr., formerly Democrat candidate for governor, and Rev. Geo. L. Paine, rector of St. Mary's Episcopal church, Dorchester, and three daughters, Mrs. John H. Sawyer, Mrs. Chas. K. Cummings, and Miss Ethel.

## CROUCHVILLE TEAM WON.

In a battle royal on the Crouchville grounds last evening the Waterloos bit the dust at the hands of the Crouchville nine to the tune of 2-1. A running one hand catch by Carney was the thriller of the contest. Wildness by Chamber in the third when he apparently could not locate the plate sent in the winning run for Crouchville.

## COACHMEN MAY TAKE ACTION AGAINST CITY

Rumor That Drivers Reported For Violating City Bye-Laws At Eastern S. S. Co. Wharf May Seek Satisfaction.

The case against the coachmen for violating the by-laws of the city at the Eastern Steamship Company's pier Reed's Point, was finally disposed of yesterday afternoon in the police court, when Magistrate Ritchie dismissed the case. With the dismissal of the case from the police court, however, it is not thought that the matter is finally decided, as the coachmen feel that they have been put to unnecessary trouble and expense by the city and it is said will enter suit against the city for false prosecution. Upon the conclusion of the evidence last Monday afternoon D. Mullin, K. C., who appeared for the men, asked that the case be dismissed on the ground that the by-law of 1871 was not applicable to the new gangway which has recently been erected and which was not on the floats but on the wharf.

His Honor, however, refused to dismiss the case, and it was taken up again yesterday afternoon. Three of the coachmen, McCarthy, Colwell and Murphy gave evidence. Mr. Mullin again moved for a dismissal on practically the same grounds as before and claimed that no case was established by the prosecution. His Honor then delivered judgment and the four cases were dismissed.

It was rumored last evening that the coachmen intend to common action against the city for malicious prosecution, as they claim there was no reasonable or possible cause for the information against them which was laid in each case by the chamberlain under the bye law in question.

## ONE AUTOIST DEAD; ANOTHER IS DYING

Watertown, N. Y., August 11.—Jas. R. Smith, a prominent furniture man of this city was killed and Wm. R. Zimmerman, of Peoria, Ill., was probably fatally injured in the wrecking of an automobile in which they were riding last night. The car in turning out to pass a team, struck a pile of stones left by contractors working on the road and plunged through a culvert before it stopped. The five occupants were hurled out, but all save Smith and Zimmerman escaped injury. The injured men were rushed to a hospital here where Mr. Smith died shortly after. Zimmerman's back is believed to be broken. He is interested in a five and ten cent syndicate in Peoria.

St. Peter's Altar Boys' Picnic.  
The annual picnic of the altar boys of St. Peter's church was held yesterday, to Chapel Grove. The boys were taken up the river on the steamer Hampton. A pleasant day was spent in games and amusements and the return was made to the city about seven o'clock.

## BROKEN WINDOW CAUSED REPORT OF A BURGLARY

Police Called To Canadian Oil Company's Plant Last Night But Could Find Nothing Amiss.

A telephone message was received at the central police station shortly after 9 o'clock last night, that the office of the Canadian Oil Company, at the foot of Sydney street, near the exhibition property had been broken into. Investigation showed that nothing had been taken and the report is believed by the police to have been a false alarm.

On receiving the message Police-man McCollom hurried to the company's office. One of the employees stated that he thought he had seen sign of a burglary was a broken window, the hole in which, in the opinion of the police, was not large enough to admit a man's body. Another report stated that the window had been raised, but this was later contradicted.

On entering the office the police found nothing had been disturbed and no signs of intruders. The theory is that the window being found broken gave rise to the report.

Nickel Co. Score Hit in "St. Elmo."  
The Nickel outfit itself last evening in putting on a show that many people remarked was worth more than several times the price asked. Miss Sadie Calhoun and her company of players in presenting the churchyard scene and the mountain scene from the great story, St. Elmo, scored their best effort so far. At each production they were justly applauded. Miss Calhoun as Edna Earle evinced her wonderful versatility again, and Mr. Lund, as St. Elmo Murray, showed fine dramatic training. Mr. Kenney, the local player, surprised his friends with his handling of the part, the Rev. John Hammond, Miss Mildred Prescott played a minor role, that of Agnes Powell.

Today the Nickel changes its bill of pictures, the leading number to be a scenic melodrama from the French entitled A Fisherman's Honor, and two comedies of the American vintage will be A Tale of Two Coats, and Equal to the Emergency. Hugo, The Venetian Hunchback, will be the third and extra reel. Miss Prescott will sing and there will be the orchestra. Monday the Nickel is going to show the greatest western picture ever made, Selig's Ranch Life in the Great Southwest, with all the famous cowboys in the action of it.
