

THE WEATHER

Toronto, June 25.—The weather has been generally fine throughout Canada today, except that local thunderstorms have occurred in Southern Alberta. High temperatures still prevail in all the provinces, with minimum and maximum temperatures:—Victoria 54, 78; Vancouver 58, 84; Edmonton 54, 85; Calgary 58, 88; Prince Albert 56, 80; Moose Jaw 58, 80; Winnipeg 58, 78; Pelly Sound 54, 84; London 61, 88; Toronto 54, 84; Kingston 58, 72; Ottawa 50, 78; Montreal 66, 84; Quebec 62, 84; St. John 56, 74; Halifax 56, 86.

Lower Lawrence, Gulf and Maritime—Moderate to fresh southerly to westerly winds, a few scattered thunderstorms, but generally fine and decidedly warm.

AROUND THE CITY

Dog Owner Reported.
James J. Flood of the Marsh Bridge has been reported by Policeman Ward with allowing two ferocious bull dogs to run at large and attacking other dogs.

To Meet in Fredericton.
The annual meeting of the N. B. Pharmaceutical Society will be held in Fredericton on Thursday. Members attending from this city are advised to secure standard certificates when purchasing their railway tickets.

Crushed His Fingers.
A had accident occurred on board the tug Joseph last evening. Joseph Dever, one of the engineers, was engaged in making repairs on the engine and had two of the fingers on his right hand very badly crushed. He was taken to Dr. Ellis' office to have the fingers dressed, and it is hoped that amputation will not be necessary.

Depot Wall Unsafe.
The north wall of the train shed at the Union Depot has been pronounced unsafe with the result that the work of taking it down will commence tomorrow. While this operation is in progress the suburban and Fredericton trains will start on the outside tracks on the south side of the depot.

Commissioners Meet C. P. R. Men.
The city commissioners held a conference yesterday with Supt. William Downie and Divisional Engineer G. L. Wetmore, of the C. P. R., and discussed a number of matters at issue between the city and the company. The question of saving the sidewalks in front of the C. P. R.'s new warehouses on Mill street was discussed, and it was suggested that the company allow the city to widen Mill street by moving the sidewalk back on the company's property several feet, and make provision for the sidewalk for the use of teams hauling to or from the warehouses. Another matter taken up was that of settling for the repairs to the trestle and wharf on the West Side.

Water and Sewerage Work.
The officials of the water and sewerage department will have a good deal of work under supervision this summer. Yesterday Corbin and George who have the contract for excavation work in connection with the renewal of the water main in Princess street, started digging up the street. Fred Nee has started excavation work on Sydney street where the main running from Princess to Duke street will be renewed. Another firm of contractors, known as Moses, Mitchell and French, are digging a trench in Mecklenburg street where the main will be renewed. Commissioner Wetmore is calling for tenders for excavations for a number of new sewers.

Labor Men Here Today.
President Waters of the Trades and Labor Congress of Canada will arrive in the city this afternoon, and will remain here for a week. It is the intention of the local Trades and Labor Council to extend to the Congress through its president an invitation to hold next year's convention in the City of St. John. The sessions of the congress usually last a week, and 300 or 400 delegates from all parts of Canada attend. President Waters will address the delegates and will also address the Trades and Labor Council tomorrow evening. He is accompanied by the maritime organizer of the International Machinists' union who is coming to the city to assist in organizing the machinists here.

The Band Concerts.
A large crowd of citizens gathered at King Square last evening, evidently in the expectation of hearing a band concert. But no band showed up. The city authorities have not yet succeeded in making arrangements with the local bands to provide open air concerts during the summer. A proposition was made by the commissioners some days ago, looking to the provision of a musical programme for the summer, but the bands have not yet informed the city fathers what they were prepared to do about it. It is understood that the bandmen are worried over the cost of living and expect an advance in pay this summer. The concert given by the City Cornet Band on the night of the elections was not paid for by the city, and it is supposed in some quarters to have been arranged in order to give the bandmen an opportunity to express their enthusiasm in musical numbers.

The Sugar Refinery.
That all hope of securing a sugar refinery for St. John is not yet dead is evidenced by the statement made to The Standard yesterday by F. R. Taylor, who in the days when Mr. Durant was active about City Hall represented that gentleman. Mr. Taylor said he had been informed by Montreal capitalists who are now interested in the proposal that they were ready to go ahead at once if the city would grant an extension of the time in which the refinery was to be built in the Durant agreement. Mr. Taylor also said that he would make application along these lines to the commissioners in a few days. It is understood that there is now abundant capital behind the venture to make it sure that it will be a success and if the city authorities can see their way clear to extend the time limit in the Durant agreement, granting the same concessions as outlined, in that case a big plant will be erected here.

J. DOUGLAS TRUEMAN MET TRAGIC DEATH YESTERDAY

Son of Late A. I. Trueman Drowned in Deep Rock Lake, Ontario, -- Was in Canoe with Companion when Craft Capsized -- Help Came too Late.

Joseph Douglas Trueman, son of the late Judge and Mrs. A. I. Trueman, of this city, was drowned in Deep Rock Lake, in the Rainy River district of Ontario, yesterday morning, news of this effect having reached the city yesterday afternoon.

Only meagre details of the accident could be obtained last evening, but it is understood that the deceased, in company with Dr. Walcott, of the Smithsonian Institute, was crossing the lake in a canoe, which upset. Help arrived too late to save Mr. Trueman although Dr. Walcott was rescued.

When the news of the sad happening reached Ottawa, Dr. R. W. Brock, director of the geological survey department, immediately wired Dr. Murray MacLaren, Dr. G. F. Matthews and A. C. Sheppard who was one of the deceased's close friends, and is in charge of the topographical survey of St. John, and its surroundings. In his wire Dr. Brock stated that unless he received other instructions he would accompany the body home.

Will Bring Body Home.
Harold Trueman, a brother of the deceased, who is employed in the Bank of Montreal at Chatham, Ont., will go to Ottawa to bring the body home.

The late Mr. Trueman graduated from the local High School in 1900 taking his B. A. at the University of New Brunswick, graduating in 1904. The deceased then attended Queens

College, Kingston, Ont., graduating a B.Sc. in 1908. From Queens College the late Mr. Trueman went to the Massachusetts Institute of Technology receiving the degree of M. Sc. in 1909. He then attended the University of Wisconsin until 1911, when he received the degree of Ph.D.

Was in Charge of Party.
During the past few weeks the late Mr. Trueman has specialized in geology, being connected with the Canadian geological survey department. At the time of the accident the deceased was in charge of the party at Deep Rock Lake, where he with Dr. Walcott of the Smithsonian Institute, were investigating the fossil remains for which the district is famous.

The deceased was in the 28th year of his age and was a son of Mrs. and the late Judge A. I. Trueman. Besides his mother, the late Mr. Trueman is survived by two brothers, J. MacMillan, barrister, of this city, and Harold of Chatham, N. B., and Misses Jean and Kathleen, at home.

At present Mrs. Trueman accompanied by the Misses Jean and Kathleen Trueman are visiting at Summerside, Prince Edward Island, but they have been notified of their sad loss, and are expected home today. Mrs. Wood will also return to the city from Chatham today.

SCHOOL FOR THE DEAF CLOSED YESTERDAY

Friends of Institution Greatly Pleased at Programme of Exercises Carried Out by the Pupils.

The closing exercises of the school for the deaf which took place yesterday afternoon, at the institution on Lancaster Heights, were very much enjoyed by the large number of friends of the school who were present. The exercises were conducted by the principal, Joseph Keating. Those present included a number of the directors and they were greatly pleased by the aptness shown by the pupils. All who took part in the exercises, recited, sang, or acted, and his staff who have spent so much time and trouble in their work.

The scholars at the school who are mostly from outside points, will leave for their homes today to enjoy a vacation until the last of September.

TEMPORARY TRUCE WITH 'PHONE MEN

Commissioners and Telephone Company Come to an Agreement Regarding Placing of Brussels Street Poles.

As a result of the conference between the city authorities and the plenipotentiaries of the Telephone company held yesterday, a truce was agreed to in connection with the difficulty on Brussels street. It was claimed on behalf of the invaders of Brussels street that on account of their treaty rights, sanctioned by the legislature, they would not be prevented from digging up the streets to lay conduits. So the fathers of the city felt obliged to abandon their belligerent attitude and smoke the pipe of peace. They, however, informed the ambassadors of the Telephone company that the cause of peace and amity would be given a boost if the said company would enter into an agreement to place their wires underground, in any block whenever it befall that its business increased to the extent of the installation of 50 'phones in said block. The company's representatives said they could not sign such a protocol of the bel, but would be highly pleased to lay the matter before their bosses in a diplomatic manner.

Meanwhile hostilities on the part of the city have been suspended.

MIDSUMMER SALE OF HATS AND MILLINERY AT M. R. A.'S.

This sale comes early enough in the season to give practically the entire summer in which to wear the bargains, also in time to make selections for the holiday. A feature will be the Untrimmed Hats, representing the very choicest of the shapes fashionable this year. There will be immense assortments to choose from, and the hats will be offered at very low prices.

There will also be a fine collection of Ready-to-wear Hats, such a wide variety and in such beautiful trimming effects that practically every taste may be suited. The hats will be decided bargains, as the figures have been greatly reduced to bring about a quick clearance. Flowers of various kinds and bright and fresh appearing will be offered at prices to meet extraordinary values. The sale will commence this morning at 8 o'clock in the Millinery Department.

Men's White Flannel Trousers.
How easily they become stained and how easily the stain can be removed if you try Ogden's 23 Waterloo street.

CENTENARY MAY BE MISSIONARY CHURCH

Resolution Asking Conference to so Classify it Passed by Official Boards at Meeting Yesterday.

At a meeting of the official boards of the Centenary church, held yesterday afternoon, a resolution was passed declaring Centenary a missionary church and asking that the pulpit be supplied by Dr. Flinders for another year. This resolution was ordered to be communicated to the executive of the conference at once.

The change in the classification of the church is, in this instance purely technical, and will have no practical effect on the standing of the congregation. But it will enable the existing difficulty in regard to the pastorate to be dealt with in a simpler manner, and more speedily than formerly. It will now become the duty of the officers of conference to arrange for pulpit supplying during the next year, and there is a suggestion that Rev. Mr. Ross who was slated for Centenary may be permitted to remain in Petrie, thus meeting the wishes of his congregation.

ANGLIN SEAT SALE OF INTEREST TO MANY

Box Office Open from Ten Till Six Daily -- Good Seats Remaining for Each Performance.

Every hour the interest in the great events of next week is growing, and is plainly indicated by the steady demand at the box office. The wisdom of having Anglin's Miss Anglin for four appearances is very evident now, as it given every patron the privilege of securing good positions, avoiding the overcrowding which would otherwise result.

For every appearance of the great dramatic star and her company in Green Stockings next week, Monday, Tuesday and Wednesday, excellent seats remain. Out of town patrons are thus well protected now, or even if they leave the selection of seats until they arrive in the city, although it would probably be more satisfactory to communicate with the management of the Opera House at once.

Playgrounds Opened Yesterday.
The public playgrounds at the Centennial and Aberdeen schools were opened yesterday morning when hundreds of kiddies enjoyed a great day's fun. The children have been eagerly looking forward to the opening and the energy with which they set out to have a good time shows how much they appreciate the opportunity. The work at the model playground in the South End is being rushed with all possible despatch. At present the pavilion is being built and the water works put in.

Hot weather dresses are in big demand now and the fine stock of such materials at P. A. Dyleman & Co.'s at most attractive prices makes it easy for the ladies to equip themselves in the most effective way for the hottest days that may come. These American Holly Bathists are the delectable cotton wash goods that have been desired in many years. They are printed on a fine, sheer, lawn-like material and in very clear and bold designs. This goods is 30 inches wide and only 15 cents a yard. They are also showing a lot of new Linoleum with borders that are very attractive, at 25 cents a yard.

Band Concert at Rockwood.
St. Mary's Band at Rockwood Park tonight.

FREE
of pain is the way we extract teeth by the famous Hale Method, which is used exclusively at our office.
