

REAL HOME FOR VETERANS AT AMHERST

Citizens Present G.W.V.A. With a Beautiful Club Home, Equipped in Modern Style.

Amherst, Dec. 10.—The citizens of Amherst presented the Great War Veterans' Association with a regular home tonight. A formal reception was held at the new club on Lawrence street, and the citizens turned out en masse. The huge residence, which has been converted into a real club, was purchased at a cost of five thousand dollars. Reading, smoking, recreation and rest rooms have been fitted out. A committee of ladies consisting of Mrs. H. W. Rogers, Mrs. A. W. Foster, Mrs. J. H. Douglas, Mrs. J. A. Field, Mrs. H. A. Hillcoat, Mrs. Fishleigh and Mrs. T. N. Campbell, together with Messrs. Ormond, Hatfield, Russell, Smith and Morrison supervised the furnishings and the building is certainly handsomely equipped.

The formal opening, which was presided over by Mr. W. L. Ormond, consisted of addresses and a musical programme. Mr. Ormond made the initial remarks and told of the reasons for giving the home to the veterans in gratitude for their services overseas. The home was presented by Deputy Mayor Shipley and accepted in behalf of the Association by President G. M. Morrison. Mr. B. Ralston, father of Colonel J. Layton Ralston, commander of the 8th Battalion, also spoke. Mr. Ralston took an active part in securing the home. Although he expressed himself simply "as merely trying to do a duty by the men who fought for Canada," several hundred people were present at the reception and the inauguration of the home was made under decidedly auspicious circumstances.

Note the weight same time each week. Cut out this chart for reference.

CAREFUL investigation shows that one child in every three is under weight as the result of malnutrition. The chances are one in three that your child is in this class. The tables presented here will enable you to find out.

In the Students' Army Training Corps one in five was unfit because of being under weight, while in the adult army the proportion was about the same.

This condition could have been prevented by proper attention during school life, so that these young men would have developed normal, healthy bodies.

By neglect in childhood they have been sentenced to see their healthy comrades pass them in the race for success.

It is not necessarily the children of poverty that suffer from malnutrition. Your boy or your girl may look well and still be under weight. The regular use of the scales is the only sure test.

Other indications of malnutrition you may note are—easily tired—nervous—restless—finicky appetite—irritability—difficult to manage—talk in sleep—lack of happiness and spirits of a normal child.

These symptoms tell of the exhausted condition of the nervous system. They tell you that the blood is thin and watery and wholly unsuited to nourish the starved body.

It will take a little time to restore the wasted tissues, but the use of Dr. Chase's Nerve Food will very materially aid.

Digestion is weak, appetite is fickle, but in the meantime Dr. Chase's Nerve Food supplies in condensed and easily assimilated form the elements which go to make up rich, red blood.

Careful attention should be given to the eating habits of the child. Good, wholesome, nourishing food must have the preference. Exercise should be limited and daily rest is required in cases of extreme exhaustion.

By sharpening the appetite and strengthening the nerves of the digestive system, Dr. Chase's Nerve Food soon removes the chief causes of malnutrition and builds up the system generally.

Improvement will soon be noticed, not only in the way of increased weight, but the eyes will be brighter, the cheeks a better color and the spirits and happiness of healthful youth will again express themselves.

For your protection the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author, are on every box of the genuine Dr. Chase's Nerve Food. 50c a box, 6 for \$2.75, all dealers, or Edmanson, Bates & Co., Ltd., Toronto.
