SO EASY TO BE
WELL AND STRONG

Take "Fruit-a-lives" The
Wonderful Fruit Medicine

305 Cartier St., Montreal.
"I suffered terribly from Constipation and Dyspepsia for many years. I felt pain after eating and had gas, constant headaches and was unable to sleep at night. I was getting so thin that I was frightened.
At last, a friend advised me to take "Fruit-a-lives" and in a short time the Constipation was banished. I felt no more pain, headaches or dyspepsia. And now I am vigorous, strong and well."

Madam ARTHUR BRAUCHER.

Last One To Perish
On Plane Cries And
Laughs With Pilot

Sole Survivor of Wreck Forced
to Cast Body Into Sea—
Uses Simple Prayer.

Miami, March 29.—Robert Moore, pilot of the lost flying boat Miss Miami, was rapidly improving tonight. He was able to relate more of the details of his experience when five of his passengers, one by one, died of exposure and slipped into the sea.

The most tragic part of his story was how he and Lawrence E. Smith, the last of the victims to die, became so attached to each other that in Smith's last hours they were alternately in laughter and tears. Moore, who was able to relate more of the details of his experience when five of his passengers, one by one, died of exposure and slipped into the sea.

After Smith died the pilot was reluctant to cast the body into the sea and kept it for hours on the bottom of the overturned flying boat. He realized, however, that the fuselage of the boat was becoming soaked and that the weight of Smith's body must be released to keep the boat from sinking.

"I know not your religion, but in the name of God and humanity I must cast your body into the sea. May I be seen in the eye of God as doing my duty, the best I know how to do. May God be with you."

In half an hour after Smith's body was cast off it was floated to the side of the flying boat and with it came the body of August Bulle, who had jumped into the sea the day before after Mrs. Bulle had died. The bodies lay in sight for several hours before being washed away.

The coast from Miami to Fort Pierce, 137 miles, was patrolled today without result in a search for the bodies of the three women and two men who perished in the wreck of the flying boat. Craft of every sort engaged in the search.

Inquiries into the cause of the wreck will be made by the coroner in the county on the shores of which the bodies are washed or first landed. Since the wreck occurred on the high seas, and as yet no body is in evidence, there is speculation as to what authority should make an inquiry. This question may be settled by the finding of one or more of the bodies. If a body is found at sea the inquiry may be made by an admiralty court. It found within the three mile limit it will devolve on the coroner of the county into which the body is landed.

Interest was added to the search by the statement of Moore that he had thrown the trousers of Mr. Smith containing \$2,500 in the Gulf Stream. It was believed the trousers would float and that the money might be found intact. All searches were anxious to be first to find the money that it might be returned to Harold Smith, son of one of the victims, who arrived here last night, still hoping that his father and mother might have been rescued.

J. S. Dickson, husband of one of the victims, is remaining in Miami awaiting the recovery of his wife's body. He has given up hope and is grief stricken.

C. P. R. OFFICIALS HERE.
M. McDuff, manager of the Great Lakes Steamship for the C. P. R., and Angus Cameron, chief engineer for the Great Lakes steamers, are in the city conferring with J. M. Woodman, general superintendent of the C. P. R. New Brunswick district.

Some excitement was caused yesterday morning at Haymarket Square by a runaway team of horses coming full speed from the Westmorland road. Policeman McDermis, who was on duty at that point, chased the runaway from near the railway crossing to the foot of Waterloo street and was ready to jump on the back of the wagon when it was stopped by a telegraph pole. The horses went on on each side of the pole and tore to from the wagon, only to be caught and held by the policeman before they could get away again. The driver appeared soon afterwards and said that he had been thrown out of the team when the horses took flight on the Westmorland road, and he had been dragged for some distance before he lost his grip on the reins. His explanation of the cause of the stampede is that the box of the wagon struck the hind legs of the horses, frightened them and starting them in the runaway. The wagon, which was of the heavy lumber-type with two large horses, was owned by George Garnett, Lakewood, and driven by his son, Vernon. The horses were badly mangled, but the horse and the driver were practically unhurt.

ACTS AND RESOLVES
BEFORE LEGISLATURE

(Official Reports)
Fredericton, N. B., March 29.—Assembly Chamber: The House met at 3 o'clock. Hon. Mr. Michael presented the report of the committee on standing rules.

Mr. Scully introduced a bill to amend the St. John City Assessment Act.

Hon. Mr. Vesiot introduced a bill to enable the Roman Catholic Bishop of Chatham to sell certain lands in Gloucester county.

Mr. Scully introduced a bill to amend an Act relating to the town of St. Stephen, and also a bill to amend the Act fixing the valuation of the Algonquin Hotel for assessment purposes.

Mr. Scully introduced a bill to amend the Act incorporating the Seamen's Missionary Society of St. John. Mr. Estabrooks introduced a bill to authorize the town of Sackville to issue debentures.

Mr. Curran introduced a bill to fix the valuation of T. S. Simms & Company, Limited.

Mr. Wetmore introduced a bill to amend an Act relating to the town of Sussex.

Hon. Mr. Roberts introduced a bill to enable the trustees of the Victoria Baptist church, St. John, to issue debentures, also a bill to determine and fix the valuation for assessment purposes of the Cornwall and York Cotton Mills, St. John.

Mr. Martin introduced a bill relating to the assessment of motor vehicles in the town of Chatham.

Mr. Tracy introduced a bill to amend the Municipalities of Northumberland Act, to make temporary laws.

Hon. Mr. Michael introduced a bill to authorize the Fraser Companies, to erect and maintain booms in the river St. John; also a bill to extend the powers of the Madawaska Logging Company of Maine to provincial waters above Grand Falls; also a bill to authorize the Roman Catholic Bishop of Chatham to borrow \$50,000 and mortgage certain lands in Campbellton.

Hon. Mr. Foster introduced a bill to authorize the City of St. John to grant a superannuation allowance to Herbert B. Wardroper, common clerk of said city.

Mr. Young introduced a bill relating to the Town of Devon.

Hon. Mr. Macne introduced a bill to incorporate the Bolder Memorial Hall Association of Petticoat.

Hon. Mr. Robinson introduced a bill to authorize the school trustees of Moncton to issue debentures.

Hon. Mr. Robinson introduced a bill to repeal an Act to facilitate the settlement of certain Crown land; and also an Act in amendment thereto. He explained that legislation was enacted in 1914 giving a certain company rights over a tract of land for settlement purposes. Nothing whatever had been done by the company, and the time had arrived when the Act should be repealed.

Hon. Mr. Robinson introduced a bill to reform a grant of land to Alvaire.

Mr. Smith (Albert) introduced a bill to incorporate the Lieut. George B. Peck Memorial Hall.

Mr. Stewart gave notice of motion for the suspension of the rule to permit the introduction of a bill to authorize the Roman Catholic Bishop of Chatham to borrow \$15,000 and mortgage lands in the parish of Colborne, Res Ignouche county.

Many Names Were Struck Off Lists

Nearly One-Half of the Voters Will Be Unable to Exercise Their Franchise.

Just a few over half of those who are on the voters' list will be able to exercise their franchise in the coming election, the balance having failed to satisfy the Chamberlain in time to qualify.

Following are the figures by wards:

TRY THIS
PERFECT HAIR
TINT FREE

Coupon Brings Trial Package of "Brownatone."

WHY ENDURE GRAY HAIR?
We want every woman to know not only how easily she can tint gray, faded, streaked hair herself but how truly wonderful is the result produced when Brownatone is used for this purpose. Thousands of women already know and use this perfect hair tinting preparation but other thousands have yet to learn from actual experience, how marvelously it restores to gray, faded and bleached hair its original beauty and glory.

"It's so Easy Now to Have Beautiful Hair."

"Brownatone" is the one safe, reliable, easy to apply hair tint for changing gray, faded, or bleached hair to any beautiful shade of brown or black.

Absolutely Harmless.
Greaseless, odorless, easy to apply—a comb or brush is all you need. Instant in results and guaranteed to contain no lead, sulphur, silver, zinc, mercury, aniline, coal tar products, or anything to injure the hair or the most tender scalp. Far superior to so-called "restorers" and harmful "dyes."

Brownatone is sold and recommended in St. John by Wassen's Stores and other leading dealers. Two colors: "Light to Medium Brown" and "Dark Brown to Black." Two sizes, 50c and \$1.50. Refuse all substitutes. Used and endorsed by thousands of women in society and the business world.

Special Free Trial Offer.
Send only 10c. with this coupon for Free trial package and helpful booklet on the care of the hair.

Mail This Coupon Now.
The Keston Pharmaceutical Co., 903 Coppin Bldg., Covington, Ky. Enclosed find 10 cents (to cover postage and packing) for trial package of Brownatone.

SALARIES PAID TO
HANNA AND OTHERS

Head of Canadian National Railways Received \$35,000 Salary.

Ottawa, Mar. 29.—(Canadian Press)—For his services as President of the Board of Directors of the Canadian National Railways, D. B. Hanna received in 1921, \$35,000 in direct fees and another \$2,000, Hon. W. C. Kennedy, minister of railways stated in the House this afternoon in reply to questions.

For his services in different capacities in connection with the Government lines, A. J. Mitchell, received \$20,000 in salary and \$2,000 in direct fees.

Says Acid Stomach Causes Indigestion

Excess of Hydrochloric Acid Sours the Food and Forms Gases.

Undigested food delayed in the stomach decays, or rather, ferments the same as food left in the open air, says a noted authority. He also tells us that indigestion is caused by Hyperacidity, meaning, there is an excess of hydrochloric acid in the stomach which prevents complete digestion and starts food fermentation. Thus everything eaten sours in the stomach much like garbage sours in a can, forming acid fluids and gases which inflate the stomach like a toy balloon. Then we feel a heavy, lumpy misery in the chest, we belch up gas, we eructate our food or have heartburn, flatulence, water-brash or nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy four ounces of Jad Salts and take a tablespoonful in a glass of water before breakfast and drink while it is effervescent and furthermore, to continue this for a week. While relief follows the first dose, it is important to neutralize the acidity, remove the gas-making mass, start the liver, stimulate the kidneys and thus promote a free flow of pure digestive juices.

Jad Salts is inexpensive and is made from the acid of grapes and lemon juice, combined with lithium and sodium phosphate. This harmless salt is used by thousands of people for stomach trouble with excellent results.

Excitement caused yesterday morning at Haymarket Square by a runaway team of horses coming full speed from the Westmorland road. Profiteering Brings
On Mother's Day
Decorations

Omaha, March 29.—Mrs. Max A. Hostetter, president of the Nebraska auxiliary of the International Association for Mothers' Day, today said the association asks that no flowers be worn on Mothers' Day, the second Sunday in May because of alleged profiteering and "false propaganda" that "any flower will do" for the occasion.
"We are doing this," she said, "because of the vast number of complaints coming from persons who wished to wear carnations last year, but who were unable to pay the price."

NEW RUSS HAS
BEEN ADOPTED
BY THE JUNKERS

German Militarists Exploit
Boy Scout Organizations—
Plan to Convert Them Into
Army.

Berlin, March 29.—Plans of reactionary militarists to evade the disarmament requirements of the Treaty of Versailles and bring up the rising generation in the old paths are revealed by announcements of a course of training for scoutmasters in the nationalist boys' movement circulating in nationalist circles. The course, which will be the fifth of its kind, is conducted in connection with the German amateur athletic association, a member of the central committee of which is to direct the athletic training.

The ideals which the scoutmasters are to pass along to youths under their charge are clearly indicated by the titles of the political lectures in the course. For example: "Lessons of the World War," "The Peace Treaty and the Disarmament of Germany," "Anti-Semitism and the National Consciousness," "Training to Quality for Bearing Arms."

The scoutmasters are further instructed how to build up military organizations and conduct drills under the guise of hikes and field exercises. Some organization evidently is financing the movement, since the participants are lodged, fed and instructed nine days for a total fee of about \$2. It may be stated however, that the Government and the Democratic and Socialist parties look with disfavor on the movement which the lecture titles indicate is directed quite as much against the Republican regime as former enemies.

German Communist workmen employed in remodeling the Soviet legation buildings in Berlin are discouraged by a poor Communist rule which works only one way. They tried to make their Bolshevik employers pay the supplements to the prevailing wages in the building trades, which the Communist leader of the union instructed, the members to demand of all employers on account of the increasing cost of living.

The workmen, after trying six weeks to induce the Bolshevik representatives to grant supplements, struck. Their representative was called to the carpet before the leaders of the German Communist party and informed it was an outrage to attempt to collect extra wages from their Bolshevik employers. The workmen were then laid off permanently and replaced by non-Communists.

Heavy Jail Sentence for Dynamiters.
Sentences ranging from nine months to six years were imposed upon ten Communists implicated in the dynamite outrages following the suppression of the mid-German revolt in the republic of Brunswick. Mrs. Minna Fashauer, one of the picturesque figures in German Communist circles, received the lightest sentence. She was the official custodian of the explosives by the "Brunswick Commission." The son of ex-President Merges and a former Minister of Agriculture, both received from five to six years.

The Communists had planned extensive destruction of public buildings and homes of Government officials in retaliation for the storm, repulsive tactics employed by the State in stamping out the uprising.

Forty-six men were killed and 109 wounded on the German side during every hour the World War was raging, according to an estimate arrived at by General Von Altrick, a statistician. This estimate was made from a study of official records.

Germany's losses totaled in 1,898,546 and, it is estimated, 4,246,779. There were 15,000,000 men under arms during the course of the war, of whom about one in seven was killed in battle.

The Officers' Corps lost 53,000 men killed and 96,000 wounded. German soldier and civilian losses through death, caused directly or indirectly by the war, are estimated by General Von Altrick at 12,000,000.

MANSLAUGHTER IN 2ND DEGREE
Using a razor—bad stuff—but many people do it for their corns. The only remedy that is painless and sure is Putnam's Corn Extractor, which does remove warts and corns, cleans them right off. Refuse a substitute for "Putnam's." 25c. everywhere.

BOY INJURED.
Stewart Spear, young son of the station agent at Giddbrook, while on his way to the Glen Falls school, at which he is a pupil, yesterday morning was run into by a motor truck and sustained injury to his right leg. Dr. S. Skinner was called and has the lad removed to the General Public Hospital, where it is reported that he is not seriously injured.

Bill Relating To
Assessment In
St. John County

Taxing of Non-Resident or
Transient Labor Subject of
Much Discussion.

(Official Report)
Committee Report, Fredericton, N. B., March 29.—The municipalities committee met this morning, with Mr. Hayes in the chair, and took up consideration of the bill relating to assessment in the County of St. John. Mayor Schofield, Commissioners Bullock and Frink appeared for the City of St. John; County Secretary J. Kinney and Councillors Campbell and O'Brien of the municipality of St. John; Chief Engineer Kirby and P. R. Taylor, K.C., for the C.P.R.; G. R. Melvin, for the N. B. Labor Federation, and J. J. F. Winslow appeared in connection with the bill.

The section relative to the taxation of non-resident or transient labor was the subject of much discussion.

Hon. D. W. Macneven said that he had been an employee of the Canadian Pacific Railway and knew the manner in which the railway had taken special employees from place to place on its system to perform small repairs or such work. If the section were aimed at them he did not believe he could support the bill.

Chief Engineer Kirby urged that railways be exempt. Transient labor had to be employed constantly.

Councillor Campbell pointed out that he was a C.P.R. employee himself, but he favored this legislation which the railway opposed. What the Parish of Lancaster wanted was a just assessment on a certain class of labor, which had been brought in by various companies, had worked for several months and left without the parish receiving a cent.

It was suggested that a time limit of three months be imposed for transient labor.

Mr. Melvin said that the crew of the Dominion Bridge Company on the new C.P.R. bridge furnished an example of non-residents working for almost a year and paying nothing. But two residents of Lancaster worked on the job. If there were not a provision of this kind, employers could bring in people from outside while residents were in want of employment, and the parish would receive no benefit.

Dr. Curran suggested that the limit should be thirty days. That finally was agreed to.

The Contentious Clause
The greater number of sections of the bill were agreed to by those interested, but that relating to assessment on income was contentious.

The section seeks to give the municipality the right to assess on income at the place of residence, irrespective of where the income was earned.

W. H. Harrison objected on the part of the city, saying that such a provision would mean that a portion of the St. John City Assessment Act.

Mayor Schofield pointed out that residents of the county of St. John who earned their income in the city as employees of the Dominion government, the railways or other employers enjoyed as much benefit from the department supported by the city as did the residents. It was not fair that the assessment on their income be payable entirely outside the city.

Mr. Estabrooks (Westmorland) said it looked as if St. John City were trying to get the whole thing.

Mayor Schofield replied that the
