Through the kind offices of a friend piece of construction is being carried Moncton, belated but none the less on at this place but, regrettable though

The Backus-Druy Alliance. regret; but for which we are in no way to biame. When, a few months ago, Mr. J. A. McDonaid was appointed to the Senate of Canada, we did not hesitate to say that such an appointment was not only a pitiable political blunder, but a gross insult to the people of New Brunswick, for which no justification could possible.

visit. But this we do know; that the statement that Mr. Harris, either for himself, for Mr. McDonald, or for anyone else, succeeded in inducing this paper, or attempted to induce this paper, to cease criticizing Mr. McDonapaper, to cease criticizing Mr. McDona leuitous appointment, or to the inane stupidity of Hon. R. W. Wigmore in MOVEMENT

or any of his ilk can come to St. John, number except the United States. or any of his lik can come to St. John, and buy us off, is an insult which demands immediate repudiation. It is demands immediate repudiation, It is matter, will just make some definite statement along the lines of the British Empire if they desire to be really friendly with those the allegations to which they have apparently given their sanction well United States, however its nonlicitude and the some some definite statement along the lines of the British people. Unfortunately for the apparently given their sanction well United States, however its nonlicit is not be successful. the allegations to which they have British people. United States, however, its population apparently given their sanction, we United States, however, its population—Dale Collins, in the Sydney (Auswill be pleased to take such public consists very largely of so many different people. will be pleased to take such public consists very largely of so many difaction as may be required in order to facerot allen races, the dereicts of other countries, that there is little people of New Brunswick. We will not hesitate, whenever it becomes opinion upon any subject. The great majority of the people of the Republic do not know enough of conditions to jobbery, though we would not adopt that attitude unless circumstances in our opinion justified it. But having our opinion justified it. But having it or not. This ignorance on their part makes them readily absorptive of right one, we cannot be bought off. Our criticisms regarding Mr. McDonald ceased because we had said all there was to say, and he has never said or done anything either good, bad or indifferent since, that was worthy of a passing thought.

The MUSQUASH WATER POWERS

The musquash water public sentiment in that contributions to country is friendly to the British Empire or not. This ignorance on their part makes them readily absorptive of the doctrines preached by agitators and others untriendly to Britain, with the not unnatural result that they become unfriendly too, for no reai said or done anything either good, bad or indifferent since, that was worthy of a passing thought.

The MUSQUASH WATER POWERS

The musquash very political may be in the doctrines of the people of the Republic Setting any solid public others little possibility of getting any solid public of the regretation upon any subject. The great in the possibility of the people of the Republic Setting any solid public of the people of the Republic Setting any solid public of the people of the Republic Setting any solid public of the people of the Republic Setting any solid public of the People of the Republic Setting any solid public of the People of the Republic Setting any solid public of the People of the Republic Setting any solid public of the People of the Republic Setting any subject. The great in the people of the Republic Setting any subject the People of the Republic S action as may be required in order to ferent alien races, the dereitts of

wherever possible, facts and circumstances in regard to that country's intercourse and differences with Great Britain. So that if there exists any necessity for creating a better undersigned from the part of The Standard to minimize standing between English-speaking and way the credit due the Foster peoples the United States is the place Government for devising means by which very large amounts of money may be disbursed by a few of its favorite adherents. Yet this paper wish for ever so many reasons to be cannot refrain from drawing the attention of the people of New Brunswick to one or two facts in connection with alone it is not a matter of very much the water power development scheme consequence whether they are mutual-

be justification could possibly be offered. Since that occasion we have expert reports on the probable of solution could possibly be offered. Since that occasion we have seen no occasion to change the view then expressed; if our views have altered at all, it is only to the extent that they have become even more emphatic. We said at the time all there was to be said on the subject and left it at that. As a dummy representative Mr. McDonald has probably justified all the expectations formed for him, he has since his appointment neither said or done anything that called for newspaper comment.

It is therefore with considerable.

It is therefore with considerable with the considerable with the decision on the wind the mother and unturning the escape tin only that he has admonther care than the store, on the probable of the whe mouth another care than the store, the thing buils are score, the beauty he is the gent of the whe mouth another cannot have the escape of the whe mouth another care than the store, and then the accusts surprise that we now learn for the and with a reduction in the wage scale. Arst time the alleged reason for our as will be the case in the not distant first time the direger regard to Mr. future, production costs by the Power silence of late in regard to Mr. future, production costs by the Power p McDonald, it is that shortly after our criticisms of the appointment ceased, we having said all there was to say, one Mr. George L. Harris, a Moncton lawyer, was employed and paid by Mr. McDonald to come to St. John and interview us, with the object of having the manner of the troposed transmission lines from F. ative Senator silenced. It may be true, of power—at least the demand in this ative Senator silenced, it may be sent for power—at least the definition as told to us, that Mr. Harris was employed to the locality has never been very heavy in least the definition of the locality has never been very heavy in the locality as told to us, that Mr. Harris was of so, the called at this office, but if so, the called at this office, but if so, the will be unable to market its product purpose of his visit was of so unimportant a nature that no one on the at any reduction in price, will create a brisk demand. And even with an race is run?
What was the struggle worth now the race is run?
How does life look to you now it's portain a this paper either recalls him, appreciable discount from existing all behind all behind or the occasion, or the purpose of his rates, it is wholly unlikely that manu facturers could be induced to locate your mind?

net as firmly today as we have always last evening in the interests of the firmly today as we have always last evening in the interests of the l. that the appointment of Mr. movement to promote a better underside of Amherst to the Canadian standing between English-speaking as a representative of the nations, did not materialize, having That you should be alive! Catholic population of New Brunswick for various reasons, been called off. It is perhaps as well that it was called when loves come sighing through the was not only a political blunder of the gravest nature out a gross fraud would have been to demonstrate the upon, the people of this province and will inevitably result in a very serious weakening of government influence simply is not needed in this country.

Lack of sympathy the public has with To which your hungry fancy strays—the movement. Such a movement Green seas, the busy mart, Which wrote upon your heart? weakening of government influence simply is not necessaring this country.

Of the seven nations that are English

With this feature of the case, how, speaking, only the United States does ever, we are not immediately concerned. The question at issue is the that there is not the slightest reason attitude of The Standard, and the for any of them to cultivate a better that there is not the slightest reason at the
