TRURO.

Truro, N. S., Aug. 25.—(Special.)—A terrible shooting accident occurred at Upper North River, Tuesday night, when a man, who was in the employ of Benjamin Lynde and killed his wife.

Lynde is a farmer with a family of three children and a great number of bears which were carried by the high wind that prevailed.

Mr. Harrison, from the crown land office, was here last week on an inspection. He visited the bridge at Bridge Corner, some span of which, seventy feet long, was burnt in June by the Sayre and Holy fire. The bridge was in a very bad state of repair and the commissioner of agriculture, has been notified of the loss of the bridge across this public thoroughfare, and arrangements are being made to replace it as soon as possible.

The bridge was built by the late Mr. Harrison, who was unable to see when the span would be replaced by the government. The attention of the commissioner of public works has also been called to the matter and it is to be hoped that he will have the bridge replaced as soon as possible.

The priest's picnic, as it is called, is being held at Chipman, where a large number of people are expected to be present. The picnic is a well patronized by the people generally. This is probably due to the great variety of attractions provided by the government, and the weather, which has been very favorable. One of the first things that the picnic-goers have noticed is the beautiful view of the river and the surrounding country.
