

Plan to Make New Brunswick Most Distinctive Military Province

Two Full Battalions in St. John This Winter from Ontario or Quebec

Three Hundred Recruiting Sergeants from Kilties to Make House-to-House Canvass—Sackville Claims First Place in Westmorland—Canadian Army Council Organized on Other Side.

In all probability the city of St. John will have two Ontario or Quebec battalions quartered here during the coming winter. Lieutenant-Colonel P. A. Guthrie took this matter up when he visited Ottawa recently, and on his return intimates to The Telegraph that he had not the least doubt that more troops would be quartered in New Brunswick this winter than there had been last year.

For St. John.

In the city of St. John there will be, in all probability, two upper Canadian Battalions. In addition to these two full strength units there will be a No. 9 Field Ambulance, now forming; two companies of the 24th Forestry Battalion, who already have their quarters taken in the exhibition building; one machine gun depot, consisting of one officer and fifty men; No. 8 C. G. A. detachment, the 2nd detachment, No. 9 Siege Battery, the military hospital staff, Parks' Convalescent Home staff, and there will also be details from the Canadian signalling services. The Canadian Engineers, and the Canadian tunnelling company, and Army Service Corps.

It is not known whether the buildings in St. John, previously occupied by troops, will be sufficient to meet the demands, but there is no doubt that arrangements can be made for any surplus that may occur.

In the city of Fredericton there will be the entire Kiltie Battalion (28th), taking up all the available accommodation in that city.

Woodstock will continue to be the headquarters of the 65th overseas depot battery for which enlistments will continue, as this unit will be required to send forward drafts from time to time.

At Newcastle there will be a battery composed of one officer and fifty men, being members of the 12th Field Battery at that place, which is being assembled under Lieutenant Lawlor.

It is proposed to bring into effect immediately upon the recruitment of the 28th Overseas Battalion (the New Brunswick Kilties), a scheme proposed by Lieutenant-Colonel Guthrie last winter, in which connection an act was passed through the local legislature calling upon the revisors throughout the province to hand in lists of the names of all men between ages of 18 and 42.

After the Kiltie Battalion has been raised to full strength it is Colonel Guthrie's plan to make a complete house to house canvass of all these men, taking a record of each man's circumstances. With this idea in view about 800 men from the Kiltie Battalion are to be sent to recruit in the various towns. When the campaign begins there is no doubt but that the result will show such a marked increase in recruiting that it will be necessary to have new units formed.

Practically every place that can accommodate troops will, therefore, be taxed to its utmost capacity, and New Brunswick perhaps more than any other province in Canada will be distinctly a military province.

Recruiting Improves.

According to recent reports from Montreal, it appears that slightly better results are now being secured in recruiting circles in the commercial metropolis. Several big fairs there have brought the people together, giving the recruiting sergeants excellent opportunities to press home the need of the empire. "Kitchener's Own" has already passed the 800 mark in that city and the other units are also steadily making gains on their muster rolls.

Westmorland's Record.

The opinion is expressed in Sackville that when the war is over and the credit due each county is handed out, it will be found that Westmorland, with her 44,000 population, leads the whole province in the number of native sons serving in the army and navy.

It is reported that already that county has 2,647 lads serving ashore and afloat and still more are being recruited. Being furnished to defend the old flag, Westmorland county has certainly done nobly in the matter of recruiting since the war began.

Army Council of Canada.

A recent cable from London says that an army council for the administration of the Canadian forces on the far side of the Atlantic will soon be established. General Carson is to be president, and the other members will be General Steele, Macdougall, McEwen, with Colonel Murphy as quartermaster-general. Colonel Frank Reid will be adjutant-general.

This new move will be welcomed by all Canadians in khaki from the private to General Byng, who heads our C. E. F. forces. When this new cog in Canada's great war machine gets into operation it will simplify many Canadian matters military which heretofore may not have been administered according to the desire of the "Tommy" from the land of the Maple Leaf. The executive heads of this new organization have seen a great deal of service in this war and should be well fitted to handle the new duties placed upon them. Heretofore Canadian affairs in England were administered by the British Army Council.

Monoton Welcomes Sons.

Private Michael Leahy, Sergt. Robert Manderson, Privates George Gilvray, A. B. Dryden, Benjamin Keily, Peter Atkinson, Corp. John Bond, Bombardier George Stone and Sergt. Beal, who arrived in Moncton on Friday night were given a great ovation by the people of the railway centre. Mayor McAnn, in his official capacity, on behalf of the citizens, presented them with an address, and the boys no doubt feel that their "trick" in the trenches was worth while when their fellow citizens showed such deep appreciation.

Promotions in 145th.

The most recent promotions in the ranks of the 145th Westmorland and Kent battalions are given out at Valcartier Camp, as follows:

A. Reeder, to be corporal on probation. Chas. McHugh, to be acting corporal.

A. Reeder, to be corporal on probation. Chas. McHugh, to be acting corporal.

Promotions in 145th.

The most recent promotions in the ranks of the 145th Westmorland and Kent battalions are given out at Valcartier Camp, as follows:

A. Reeder, to be corporal on probation. Chas. McHugh, to be acting corporal.

W. J. White, M. D. Lebban, J. O. Mahan, J. A. Malley, R. J. Robinson, W. G. Young, H. J. Yeevell.

The 140th Battalion.

It is understood that it will not be many days before the 140th Battalion embarks for overseas. The medical examination of the battalion is being conducted at present. The men are well up to the mark and comparatively few being rejected as medically unfit.

Private R. W. Laidlaw, the other being Douglas have been promoted to the rank of lance corporals. Corporal B. Clarke has been promoted to the rank of sergeant. Private B. F. McKay and A. Thompson have been promoted to the rank of corporals.

New Chaplain.

Rev. J. C. Wilson has been appointed as Protestant chaplain with the rank of captain in the 132nd Battalion. Captain Wilson, until this appointment came through was a combatant officer with the 182nd. The battalion will now have two chaplains, the other being Father Murdoch, who has been with the battalion for some time.

Camp Notes.

The weather for the last week has been very wet and cold and it is taken for granted that the hot weather is over for this season, as September is always a chilly and wet month in this district.

The Adjutant General, Major General W. Hodgins, visited the camp on Sunday and Monday.

The French Canadian battalions have been consolidated into two battalions. They previously consisted of four battalions. This does not include the 160th French Canadian Battalion, which will retain its identity and remain intact.

It is rumored that all battalions which are not up to strength and contain more than 800 men, will be re-organized into three companies and battalion headquarters. This will mean a reduction of six officers per battalion, one major, one captain, and four subalterns.

Big Day of Sports.

Arrangements are being made for a day of sports to be held on Saturday next and it is understood that there will be special excursions to the camp. An excellent programme has been arranged and valuable prizes offered. The arrangements are being made by Colonel McBain, who has gone to a great deal of trouble in arranging matters in connection with the sports, which were started at his suggestion.

Units Amalgamated.

Montreal, Sept. 9.—Two Montreal French Canadian regiments, the 140th and 180th, are to be brought into strength by amalgamation with battalions now at Valcartier commanded by Col. Readman and Col. Groulx. The returned heroes' father, W. H. Baldwin, Douglas, Mr. Baldwin is shortly to take a commission with the 28th N.B. Kilties.

Andrew Baldwin, welcomed home from the front at Chatham (N.B.) and will hold meetings there and at other points along the coast and the river. They are making a thorough canvass of the whole eastern section of the county. Today Lieut. Murdoch secured four men for the 182nd: M. Smith, A. Edvers, O. Arbeau, A. McLaughlin and John Pollard.

Last evening Chatham royally welcomed Andrew Baldwin home from the front. He had been with the first contingent and has seen active service with the 5th Battalion. The reception took place at the home of the returned heroes' father, W. H. Baldwin, Douglas, Mr. Baldwin is shortly to take a commission with the 28th N.B. Kilties.

Maritime Men in Casualty List.

Ottawa, Sept. 12.—The 10 p. m. casualty list follows:

Prisoners of War.

James Phillips, Kintore (N.B.) Wounded.

Edward H. Chien, Westmorland (N.B.) Wounded.

The 1 a.m. casualty list follows:

Infantry.

James Phillips, Kintore (N.B.) Wounded.

Edward H. Chien, Westmorland (N.B.) Wounded.

The 1 a.m. casualty list follows:

Infantry.

FINAL CAMPAIGN FOR 132ND PROMISES EVERY SUCCESS

Fifteen Men Secured in Day and the Band is On Tour—Andrew Baldwin Welcomed Home.

Chatham, Sept. 8.—The officers of the 132nd are doing all possible to raise the 100 men to bring the battalion up to strength. Last night Lieut. Barry with the 132nd band, held a recruiting meeting and had secured at Nelson and secured ten men for the battalion. This morning the band and Lieut. Barry went down to Burnt Church on the Miramichi Lumber Company's boat J. W. Brankley.

REPORT CANADIANS ON DIFFERENT PARTS OF WESTERN FRONT

One Division on Somme, the Fourth, Still Holding Ypres Salient, Says This Despatch.

London, Sept. 8.—Somewhere on the Somme, Wednesday.—One Canadian division has taken over the trenches held by Imperial regiments who have made fame for themselves in the early days of the offensive. We have given the Hun, amongst whom was the "favorite" regiment which we have twice defeated in the Ypres salient, a merry time. We are living in the hope, our main ambition, according to a Canadian officer whom I met today, is that we really get the Hun before they shorten their line.

Our newest division has been doing good work not far from our old positions through heavy bombardments, which it is suspected have been started by the Germans to cover the ground for falling back to a place that will make the Ypres salient a thing of history. The division has been doing good work not far from our old positions through heavy bombardments, which it is suspected have been started by the Germans to cover the ground for falling back to a place that will make the Ypres salient a thing of history.

Adjutant-General Frank Reid, of London, Ontario, is busy organizing his new London offices. Major Ross has been appointed Assistant Paymaster-General Overseas. Lieut. C. B. Pittblado, who was wounded and captured while attempting to rescue his comrade, Whitehead, of Langemark, is well, and has been transferred from Magdeburg to Furstenberg, in Mecklenburg. He has recovered from wounds.

Officers' Losses are Much Lighter in Proportion to Bishop LeBlanc's Visit to Kent Co.

A cable from London says that Friday's casualties among the British forces operating on the western front include 127 officers, of whom sixty-five are Australians and of whom thirty-eight are dead, and 5,880 men, including 2,760 Australians. Of the total 1,180 are dead, 808 of them Australians.

Reporting the brunt of the fighting and suffering the most severe losses, are the Bedfordshire, Norfolk, Berkshires, Field Artillery, East Yorkshires, Welsh Fusiliers, Warwickshires, Oxford and Bucks, Light Infantry and Gloucestershires. His Lordship's staff reached here from St. Marys about 3.30 p. m. and met at the church by the pastor, Rev. P. Hebert, and a large congregation. From different parts of the parish, as the history proceeded by the choir sang Vivat Pastor Bonus, which was followed by the singing of Come Holy Ghost by the candidates for confirmation. The bishop, who was accompanied by his secretary, Rev. Hector Bellevue, of the cathedral staff, Rev. Father Martineau and Rev. Donat LeBlanc, of Shediac, and Rev. Albert J. Laughlin, of Richibucto, was also present and in the sanctuary were also two seminarians, Desiré Allain, of St. Mary's, and Robert B. Fraser, of this town. His Lordship later proceeded to the Richibucto Village, where on the following day he confirmed a large class, then going to St. Anne and thence to St. Anthony. The bishop and staff will return to Buctouche on Saturday morning, and will officiate in St. Jean Baptiste church, where an unusually large class will be confirmed.

That Private James Louis Daley, son of James Daley, of 28 St. Patrick street, was seriously wounded in the shoulder by shrapnel and admitted to No. 22 Stationary Hospital at Wimereux, France, was the word received by his father Friday.

This is the second time that Private Daley has been wounded. His first time was about four months ago, but he was in the hospital only a comparatively short time when he received his discharge and returned to the firing line. He is a member of the First Canadian Trench, and went overseas with the Army Medical Corps that crossed under the Duval, and later became transferred to an infantry battalion with which he was fighting when wounded. Private Daley was employed in the art glass works prior to going overseas.

Will Meet Returning Soldiers.

Secretary Charles Robinson of the Returned Soldiers' Commission, left Saturday night for Quebec. Two steamers, the Granpian and Cornithian are about due and Mr. Robinson will meet them, and also while in Quebec will look into the work of the Returned Soldiers' Commission there.
