

The Missionary Committee have helped in various ways, the work being carried on at the Brewery Mission; they have also collected and distributed a great amount of papers, magazines, &c., to different missions both in Montreal and others places, they have also tried in many ways to interest the members in mission work, and the success of their efforts is shown by the larger missionary collections, which have amounted to \$98.35; of which \$56.95 has been given to Home missions, and \$41.40 to Foreign missions.

The Charitable Committee have provided clothing for a pupil in Mackay Institute and have also done good work in visiting and assisting the sick and needy.

The work of the Flower Committee has been seen and appreciated by all, the flowers placed on the pulpit each Sabbath have been supplied by them, they have also taken flowers to the sick among the congregation and to the hospitals, and the members of that committee wish to take this opportunity of thanking some members of the congregation who have kindly given flowers to help them in their work.

The work done by other Committees, though not of so noticeable a character, has been earnestly carried on, and all look forward to another year of loving service "for Christ and the Church."

Respectfully submitted,

AGNES SMITH,  
*Secretary.*
