

## Sunday-School & Bible Class.

The year just closed has not been as satisfactory to the Teachers and Officers of the Sunday School as they would have desired ; nevertheless, all are looking forward to a brighter future. Their prayer is that the good seed which has been sown will, in due time, exhibit such fruit to the world that erring and indolent ones will see the evil of their way, and, retracing life's pathway, will cast their hope on that all-seeing Saviour, Jesus Christ, who alone can bestow true happiness.

We feel grateful to the many friends who have encouraged us by their presence with their children in the School, thus showing their appreciation of the labors of those whose work it is to teach the Truth that was taught by Christ himself, and who still hear him saying :—" Suffer the little children to come unto Me, and forbid them not, for of such is the Kingdom of heaven." Our Pastor reports that the work in the Bible Class has been most interesting and profitable. The work undertaken was a study of the Confession of Faith, and it is expected that this work will occupy the attention of the class for some months yet. The average attendance has been good.

The Superintendent thanks the Pastor, Officers and Teachers, for the able and hearty manner in which they have assisted him in his work, especially acknowledging the services rendered by the assistant Supt. He now asks a continuance of the same Christian sympathy during the year on which we are about to enter, and invites the hearty support of the parents, not only by their presence with their children, but also by their supplications at the throne of grace, that this School may be a bright and shining star in the County of Peel. That the Teachers may see the fruit of their labors in the consecration of the hearts of their scholars to Christ, is the prayer of him whose duty it is to see that none are neglected in our School.

JOSEPH FEATHERSTON,

Superintendent.
