THE MAGIC CARPET

Once upon a time in the mystic land of Persia, there was found among the treasures of a King, a wonderful carpet. One had only to sit on it, which to be somewhere, and away the carpet would fly till the wished-for place was reached. For hundreds of years it carried kings and princes upon the most amazing adventures. No one knows what finally became of it, but it may be that its last threads went into the make-up of the first Youth's Companion. For, like the magic carpet, the Companion for 1926 carries you to the land of your heart's desire—up into the Maine woods with the lumbermen, out on the western plains where the warlike Navaho Indians live; far up into the gold regions of Alaska; and away on the Southern Seas in search of treasures and lost islands. All you need for such extraordinary adventures is a young heart and a Youth's Companion. Don't lose time in getting started; subscribe now and receive:

1. The Youth's Companion—52 issues in 1926, and
2. The remaining issues of 1925.

All for only \$2.00.

3. Or include McCall's Magazine, the monthly authority on fashions. Both publications, only \$2.50.

THE YOUTH'S COMPANION, 5 N. Depl., Boston, Mass. Subscriptions received at The Outlook.

NEW LAMP BURNS 94% AIR

BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 25 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, no simple, clean, safe Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. M. Johnson, 248 Craig St., W. Montreal, is offering to send a lamp on 10 days FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and with-out experience or money make \$250 to \$500 per month.

GET INTO BIG PAY WORK

Why drift from year to year as a labourer at small pay and hard work, when with a few weeks training under expert guidance, you can be earning big money in any of the following trades: Automotive, Mechanical, Electrical, Ignition expert, Battery work, Welder, Hairdressing, Mechanical Dentistry or Barbering? Large demand. Pleasant work. Big future. Write once to Dept. C, for special offer. Hemphill Trade Schools Ltd., 163 King St. W., Toronto.

A city girl had married a well-to-do country man and was asked by her husband if she would like to have a cow of her own so that the household could have its own supply of fresh milk. She agreed willingly and the couple went to a farm to purchase a cow. The farmer, who was less truthful than the majority of the kind, told them his cow was quite unlike any cow that ever lived. As to her milk, he said, "We can never use all that. We send our milk to the city."

It is a great sign of mediocrity to praise everything moderately.

which was enjoyed by all present. The Assembly Hall, prettily decorated with the masquerade costumes gave the place a very attractive and pleasing appearance. Several teachers of the school chaperoned the entertainment, and all were satisfied with the pleasant evening spent and look eagerly forward to the next entertainment put on by this wide-awake club.

The annual Halloween Supper and Sale was held by the United Church in addition on last Friday. The vestry of the church was tastefully and appropriately decorated for the occasion and the supper tables looked very pretty and the food most inviting to the diner. Various booths, trimmed in black and orange, offered

many useful and fancy articles for sale. Among the attractions was a fine display of fancy work. The amusement for a "Chinese Laundry." The supper was well attended and about \$250.00 was realized.

The Dominion Elections were held last Thursday, and from the result it is hard to tell who is the winner. The Conservatives have the largest group, but the Liberals and Progressives are in the majority over this group. As we go to press, nothing really definite has been decided upon. It seems that no matter which party takes office, another election is inevitable within a short time. It is probable that the Progressives will affiliate with the Liberals for a session; and it is possible they won't. If they do, it will no doubt eliminate this third party all together, which will bring things back to the old system of two straight parties. Both parties anticipate an early election, and are getting down to some real organizing now, so we may look forward to the next contest being the hottest and most keenly fought struggle in Federal politics, the country has ever experienced, and the issues will be far more clearly defined.
