

PREPARATIONS *for* JUNE

PREPARATIONS for the June wedding—or for the wedding at any time, for that matter—cannot begin at a better time than now. The winter evenings before the fire offer the ideal time for sewing the dainty white fabrics of the young woman's trousseau.

And than soft white cotton, there is no more beautiful fabric for the intimate garments of femininity. Its snowy whiteness, its delicacy, combined with its durability, are the qualities which have included it in the fine apparel of the beautiful women of history.
