INSTRUCTIONS TO CAPTAINS/MANAGERS

We have already lost too many singlets in Inter-Residence Intramurals this year. In order to better control this situation the following procedure will be used. One official will be responsible for handling singlets. The team manager will pick up the singlets from the official before the game. At the end of the game he must return the same number to the official. ONLY the manager shall pick up and return singlets to the official. Team members will receive singlets from and return singlets to the manager.
