Science Society seeking electoral changes

by Rod Brittain

Would you be interested in working to help out the Science Society? We are currently seeking to change our system of electing executives such that the President and Vice-President of the Science Society are elected in the Student Union general elections along with the Student Union Council. The President would look after the general administration of the society and provide some central leadership. The Vice-President looks after long-term (advance) planning and co-ordination of Science Society. No experience is really needed for either job; interest and the ability to provide some leadership and hard work for the society.

If you are interested in running for one of these positions or finding out more about the Science Society, please come to our general meeting on Tuesday, January 28 at 7:00 PM in the Grawood extension (open to all!).

INTRODUCTION OFFER TO STUDENTS

from jan.21 thru to march 19

men's reg. \$11 - with student card \$8
 ladies reg. \$15 - with student card \$12

walk in - no appointment necessary
