

I can repeat the same in a statutory declaration if you wish me to do so. —

The statutory declaration made in connection with said lots was made by James M^cDonald, oldest brother of the applicant, and not by the applicant himself, as stated in your letter.

I am returning the deeds you sent me, which are the deeds belonging to Mr. Alexander Cameron's record, and forwarded to you with the latter's application. However, I considered Mr. Cameron's application complete and correct, but I shall be only too happy to complete and straighten any thing you may find imperfect, and irregular and in the very way you may direct me to do.

Kindly inform me, by return of mail, if you find these explanations satisfactory. If not, please instruct me what to do, to complete the applications of William M^cDonald and Alexander Cameron, and I shall rectify without delay.

Yours truly

J. Hervey
Notary.
