

The St. Lawrence River

Historical—Legendary—Picturesque

By George Waldo Browne

Author of "Japan—the Place and the People," "Paradise of the Pacific," etc.

8vo. 385 pages, with 100 Illustrations and a Map. \$3.50 net

In the American Waterways Series

While the St. Lawrence River has been the scene of many important events connected with the discovery and development of a large portion of North America, no attempt has heretofore been made to collect and embody in one volume a complete and comprehensive narrative of this great waterway. This is not denying that considerable has been written relating to it, but the various offerings have been scattered through many volumes, and most of these have become inaccessible to the general reader.

This work presents in a consecutive narrative the most important historic incidents connected with the river, combined with descriptions of some of its most picturesque scenery and delightful excursions into its legendary lore. In selecting the hundred illustrations care has been taken to give as wide a scope as possible to the views belonging to the river.
