J. L. CAMPBELL,
BOSTON SHOE STORE.

Ayer's Hair Vigor

Stops falling hair. Makes hair grow. Restores color. Cures dandruff.

J. C. Ayer & Co., Lowell, Mass.

MEMORIAL TO COLONIALS.

Will be Erected in Nave of St. Paul's Cathedral.

London, Nov. 9.—The memorial to the colonial troops who fell in South Africa is to be erected in the nave of St. Paul's Cathedral, the authorities of the cathedral waiving the rule that no monuments shall be placed in the nave. The design, which is to be carried out in bronze, represents "triumph and sacrifice," the idea being that of death swallowed up in victory.

The inscription for the tablet is not yet decided, but the names of the colonies that sent contingents will be recorded upon it.

COLOMBIA'S PROTEST.

Received by the Washington State Department.

Washington, Nov. 9.—It was learned in official circles that the United States of Colombia has lodged a protest with the State Department against the action of the United States in connection with events on the isthmus of Panama. The terms of the protest could not be ascertained to-night, but it is known that strong objection is made to the attitude of the United States in general and against interpretations made by the American Government of the treaty of 1846 between the United States and Colombia. The State Department has the protest under serious consideration, but the nature of its reply, if any, or the time when it will be made, are not known. Other than admitting that such a document had been filed in the State Department, the officials there will say nothing about the matter.

All reading notices of local announcements must be received at this office not later than noon of the day on which it is desired that they appear in The Planet.

BRITISH TRADE GROWING.

Remarkable Increase For Month of October.

London, Nov. 9.—The October statement of the Board of Trade shows increases of \$4,519,500 in imports and \$3,631,500 in exports. The statement is likely to be freely used by the opponents of those who are contending that British trade is disappearing, in support of their demands for tariff protection. No imaginative facts are contained in the report of the board to demonstrate that British trade was not only better than in October, 1902, but better than in any year in the history of the country. It is especially noted by those who are opposing fiscal changes that the imports of manufactured articles decreased \$1,058,825, while the exports of manufactured goods improved to the extent of \$4,094,495. The imports of raw material increased to the amount of \$2,736,595. The report also confirms the stories of the outflow of gold, and shows that Great Britain imported over \$17,500,000 more bullion than it exported in the ten months of 1903.

To England For Insurance.

London, Nov. 7.—The new floating dock which is being built at Baltimore for the use of vessels of the United States navy at Cavite has been insured in London for a sum approximating three-quarters of its value, which will be about \$1,000,000. The insurance was placed by Willis Faber & Co., one of the biggest marine insurance firms in London.

Any irregularity on the part of The Planet carrier boys will be immediately remedied by calling at the office or phoning 53a.

The creed of the true sailor is to make the most of life and to make the best of it.

EVILS OF PROTECTION.

Rosebery Speaks to Big Crowd at Leicester.

London, Nov. 9.—Lord Rosebery addressed 5,000 people at Leicester on Saturday. After comparing the evils of protection to the geni of the Arabian Nights, who, liberated from the bottle, swells to the size of the earth, the speaker said that Britain did not want fiscal reform, but commercial repose, to bind the wounds of the empire. Mr. Chamberlain had declared for agitating, then a general election, and then a disturbing commission of experts. While the Chamberlain system rested upon an offer by the colonies, the colonies had made no preferential offers. Canada had made an offer, but it was not in reference to commerce. Her offer was only to relieve Britain of the responsibility of making treaties on her behalf. The Toronto Globe, the Ministerial organ, alone had treated as a matter concerning the interests of Great Britain. Among the manufacturers, Mr. Ellis wanted the tariff against Britain raised, and Mr. Brock supported him, and wanted Canadian woollens protected against the ruinous competition of Britain. A two shillings duty on wheat, which would probably be exceeded, would not materially stimulate the production of wheat in Canada, and the enormous emigration of American farmers into Canada would hardly bind Canada more closely to Britain. It behooved the country to put a drag on and walk warily.

Outside of the meeting the Tariff Reform League created a sensation by displaying a huge poster, giving this quotation from Lord Rosebery's speech at Leeds in 1888: "The people of this country will, in a not too distant time, have to make up their minds as to what footing they wish the colonies to occupy in respect to them, or whether they desire the colonies to leave them altogether. I believe it is absolutely impossible for you to maintain, in the long run, your present loose and indefensible relations to the colonies, and to preserve them as parts of the empire. You cannot obtain the boon of a peaceful empire, circling the globe with a bond of commercial unity and peace without some sacrifice on your part." To this the Reform League added the comment: "It is well enough to denounce Mr. Chamberlain's plan, but why does the ex-Premier not give an alternative solution of the pressing Imperial problem?"

WRECK AT MERRITTON.

Engine and Freight Cars Smashed and Burned.

St. Catharines, Nov. 8.—A disastrous wreck took place about 7 o'clock on Saturday evening about a mile east of Merritton, though fortunately without any fatal results. A heavy freight was coming down the grade over the Welland division to Merritton, when part of the train broke loose. The caboose and half a dozen loaded cars remained stalled on the track, the brakes having become set when they broke loose. The forward part of the train continued on to Merritton. Another heavy freight, following close behind, crashed into the stalled cars, throwing them from the track and down an embankment, also derailing the engine and a couple of cars, which followed after, and piled all in a heap on top of each other, where they took fire and burned fiercely for several hours. Some half dozen cars on the second freight train were also badly smashed in the collision. The wrecking outfit was sent for, and was soon on the scene, and by noon to-day had the track cleared. The engineer and fireman jumped in time to save themselves and escaped injury, although their escape was miraculous. The large wrecking derrick, when going to the wreck, came near carrying away the iron bridge crossing the track at Merritton. As it was it carried away and broke several of the large girders of the bridge, and damaged it to a considerable extent.

BERESFORD HONORED.

New Knight Commander of the Bath—August Manns Knighted.

London, Nov. 8.—King Edward's birthday honor list is extremely uninteresting. No new Peers or Privy Counsellors have been created, but there is a long list of promotions, decorations and knightships for services rendered in the various public departments. Vice-Admiral Lord Charles Beresford has been promoted from Commander of the Bath to Knight Commander of the Bath. August Manns, Musical Director of the Crystal Palace, has been made a Knight.

TELEGRAPH BREVITIES.

Hon. Clifford Storton has returned from England.

Hon. L. F. R. Masson, ex-Senator, died at Montreal.

Reports saying that Russia and Japan have reached an agreement are denied.

Mr. William Nichols, G.T.R. agent at St. Hyacinthe, Quebec, was run over and killed.

St. James Ritchie was sworn in as Lord Mayor of London, succeeding Sir Marcus Samuel.

Mr. William Hornebeck of Tilbury was crushed to death by a load of lumber falling upon him.

Mr. Hugh Guthrie, M.P., was unanimously nominated by the Liberals of South Wellington for the Commons.

Sylvanus Trevel, President of the Royal Society of Architects, was found dead from a pistol shot, on a train in Cornwall.

Employees of Hon. R. W. Scott's department at Ottawa presented him with a gold fruit dish in honor of his golden wedding.

In the required certificate of election expenses filed by Mayor-elect McCallar of New York, he swears that he had no election expenses whatever.

A \$50,000 SURPRISE.

Sudden Wealth For a McGregor Hotelkeeper.

Windsor, Nov. 9.—Joseph Aubin, who for several years past has conducted a small hotel in the village of McGregor, Essex county, awoke yesterday morning to find himself a comparatively rich man, and with the promise that his wealth will be materially added to in the very near future. The announcement of his good luck came in the form of a bank draft for fifty thousand dollars, made payable to his order by Jacques Caza, now a resident of Chili. A letter, accompanying the money, and stating that the sender was not unmindful or unappreciative of a kindness done him by Aubin several years ago in Montreal. Aubin and Caza are half-brothers, sons of the same mother, who was twice married. While living in Montreal Caza was arrested, charged with the murder of his neighbor, with whom he had been on bad terms. Circumstantial evidence was strong, and as Caza was apparently without friends or money to aid him in the fight for his life in the courts, it seemed certain he must go to the gallows. He had about abandoned all hope when young Aubin came forward with his life savings, amounting to about \$1,000, and with this money eminent counsel was engaged and such a strong defence put up that the prisoner was finally acquitted. Caza soon afterwards left his native city, and his relatives heard no more of him until his letter and munificent present arrived yesterday. Caza writes that he has prospered greatly, and is now rated as a millionaire in the country of his adoption. He has invited his half-brother to visit him in his far southern home, and the latter will accept the invitation. Aubin came to this city yesterday and deposited his money in a bank. He says he will continue to live as usual, despite the change in his fortunes.

ARRESTED AT ORILLIA.

Dr. A. Judkins, Speaker at a Methodist Revival.

Orillia, Nov. 9.—In the Methodist Church, on Thursday evening, at the close of the revival service, the speaker, Dr. A. Judkins, was placed under arrest by Constable Dreyer. The warrant was issued upon information received from Sheriff Shoemaker of Marshalltown, Iowa, and from City Marshal Scott of Lacombe, N.H., who allege that A. J. Wheeler, alias Dr. A. Judkins, is a fugitive from justice from Marshall county, Iowa, where he was charged with obtaining money by false pretences from two aged people of the same county. The prisoner was brought before Magistrate Booth, pleaded not guilty, and was remanded for a week pending the arrival of the authorities from Marshalltown.

STRUCK HIS OWN CHILD.

Motorman Pugh's Experience at London.

London, Ont., Nov. 9.—Saturday morning Lavinia, the ten-year-old daughter of Mr. George Pugh of 413 English street, was playing with a companion near Dundas street, when she started to cross the railway track. She waited for one trolley car to pass, but did not notice another going in the opposite direction. As a consequence she was struck by the westbound car and fell directly upon its fender. This car proved to be one on which the child's father was acting as motorman. Mr. Pugh was horrified to recognize his own daughter prostrate on the fender, and he struggled fiercely at the brakes, which did not work promptly, the car running over half a block before it could be stopped. When the father reached his child, she was apparently lifeless, but on being removed to Dr. Jarvis' office, she was found to have suffered no injury excepting two painful cuts on the head, and soon recovered consciousness after being taken home.

ARRESTED AT LUTHER.

A Man Suspected of the Hamilton Murder.

Orangeville, Nov. 7.—Last night High Constable Marshall effected what may turn out to be a very important arrest. On Friday evening, October 23rd, a couple of men entered the home of Mr. Wm. Rennicks, at Elba, a small hamlet ten miles north of this town, and attempted to assault Mrs. Rennicks, who happened to be alone at the time. Her cries aroused the neighbors and alarmed the intruders, who abandoned their purpose and sought safety in flight. On the following afternoon the residence of Mr. Wm. Dale (an American farmer, was robbed while Mr. and Mrs. Dale were in Orangeville. Two suspicious characters were seen leaving the place, and the description furnished of their appearance led to the conclusion that they were the parties who had visited the Rennicks residence on the preceding evening. Last night High Constable Marshall drove out to East Luther and arrested a stranger, who gave his name as Frank Tolman. After his arrest Tolman confessed to being implicated in the attempted assault, as well as in the burglary at Mr. Dale's. A watch-guard and some other articles taken from Mr. Dale's were found in his possession. To the constable he told a rather singular story. He said that subsequent to the Dale burglary his companion in crime, whose name he gave as Harry Shaffer, had robbed him and skipped out. Tolman says that he and Shaffer came from Hamilton, and it is thought the two men may have been connected with the recent mysterious outrages in that city. Constable Marshall lodged his man safely in the county jail about 4 o'clock this morning.

Arch. Campbell, M.P., was presented with an address before leaving the cornerstone of the new Government building at Toronto Junction.

Men's Trousers

We make men's trousers properly. That is we make them of correct materials and to fit; following the styles closely from season to season; not dragging along two or three seasons behind, as is usual with most manufacturers of clothing, who are not retailers. If a style changes we are in a position with our own factory, to adopt it at once.

At present we are showing a very large range of patterns in properly tailored trousers at from \$1.50 to \$4.00. Take a pair home and try them on. If they are not satisfactory come back and get your money.

Boys' Knickers.

Never do we leave the boy out of our calculations. Boys, like men, wear out more pants than coats, and we take care to provide for this, by always carrying a full stock of boys' odd knickers, our own make, strong, serviceable, well lined; in tweed, serge and corduroy.

There are all sizes for boys from 4 to 16 years of age, and the prices run from 50c. to \$1.00 per pair.

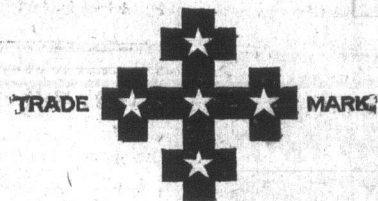

THORNTON & DOUGLAS, LIMITED.

A VAST DIFFERENCE

In People and a great difference in Goods.

Everything looks alike to some people. Good goods are no better to them than trash. Some people will walk a mile to get a dollar article at special sale of 99c. Wise people know values, where to get them and why the article is best at the price. Be wise and buy your Crockery, China, Lamps and Glassware at

Gray's Bazaar and China Hall.

The Sign That Gives Confidence.

You value your health more than money; then why jeopardize your health by using inferior goods to save about one and one-half cents on a bottle of beer?

Walkerville Beers

will please your senses and invigorate your body, and if you investigate the conditions surrounding the production of beer, you will surely be one of the strongest advocates of

"A Beer That is Brewed in Glass."

ONCE HARDCRABBLE NOW BLOOMFIELD

A Sunday School Rally differs from an Old Boys' Reunion, for children, parents, grandparents, visitors and old scholars are all included. Such a gathering was the annual rally of the Bloomfield Union Sunday School yesterday afternoon, when the fineness of the day and the occasion brought out a full house. The well arranged program was placed in the chairman's hands, who gave us the opening address at the close. Some excellent local talent from the school and visitors took part.

Miss Sarah Dolson, the superintendent, led in responsive reading the 121st Psalm, afterward giving us the annual report. To Miss Dolson's accompaniment on the organ Miss Flora Hitchcock sang two sweet solos, Miss Russell, of Charing Cross, teaching in this section, read a well thought out essay on the life of the Apostle Paul. Miss Noach, of Wesley S. S., gave a valuable paper on the important points of Sabbath School work, and

Miss Maude Drury recited very nicely. The roll call was given, and Mrs. Wells, the Bible class teacher, gave us, in closing, a recitation that produced marked effect. She, with her children, will leave shortly to rejoin Mr. Wells, at their new home in Quebec. After the chairman's address, Miss Dolson and the school joined in a marching song of praise, and filed into a march past Mrs. Wells, each taking her hand in farewell. "God be with you till we meet again" and the prayerful voices of earnest teachers closed the service.

This school is to be congratulated. May nothing ever mar its continued prosperity.
