DATES FROM 1870

Cardinal Merry del Val, One Time Papal Ablegate in First Impetus Gained In Markets of World by Pretion of Cheap Imitations of British Goods of High Quality and Price.

> (Number Nine of a Series of Short Articles on the German Empire.)

The Germans have shown remarkable capacity both for organization and for being organized. In fact, with them organization is a virtue which has been prove the rock upon which the German army will split in the present struggle. On the other hand, the capacity for organization, which is the chief charac teristic of the Germans, makes for team work, for hit-ting power, and for systematic action. It has been said that the German boy, almost from the first day said that the German boy, almost from the first day Collections Effected Promptly and at Reasonable Rates estimate his earning capacity from youth to old age when he finally retires to the seclusion of the chimney corner and contentedly philosophizes on life. This also explains in great measure the contentme

000,000 which was exacted from France, also explain in part the impetus which was given to German trade But above and beyond all that, Germany has owed her success to the development of electrical power

try. In these two particular lines, German educa tion and German system have made for success. The "We charge, therefore, the Catholics of the whole early development of German trade was much less in the direction of foreign competition than of hon the production of pig iron was nearly 5,500,000 tons, but more than two-thirds of this increased output found its market within the German frontiers. Even in the chemical industry, the home market grew faster than the foreign, and this is true of other enter-

At first, it was undoubtedly true that Germany's ogress was due to the fact that her cheap labor, her systematic training and her cheap capital secured at the expense of France resulted in an enormous out-put of cheap products where quality was conspicuous by its absence. "Cheap and nasty" were epithets applied to German products, not by envious foreigners, but by the German representative at the Phila New York, August 19.—E. F.
