The King of Sewing Machines

**THE OSBORN
LOCK STITCH
Sewing Machine**

Has now been tested beyond all question, and the
verdict of the public is that to-day it stands with-
out a rival. It is the most substantially built, has
the fewest working parts, and is beautiful in design
and finish. Has the best design of a shuttle, and
by far the largest bobbins. It is capable of per-
forming a range of work hitherto thought impos-
sible for Sewing Machines, is sold at about one-half
the price of other Machines doing the like work, and is
equally at home on leather as on fine goods. A per-
fect machine guaranteed or no sale. It is the best
made, simplest, more durable and reliable than any
other single thread Machine. Larger and works
with greater ease. Will do all kinds of domestic
Sewing in a perfectly satisfactory manner. Has
taken first prize wherever exhibited.
Agents wanted everywhere. Splendid Inducements.
