

# MEN! I WANT TO TALK TO YOU

## I Want to Give My Reasons for the Popularity of My DR. McLAUGHLIN BELT

This is the electrical age. We are passing through a period which is prolific of invention upon the lines of electricity, and it is fitting that great improvements should be made in the adaptation of electricity for the cure of disease and many weaknesses from which men suffer. No branch of electrical research has offered so great inducements, such marvellous possibilities for the betterment of mankind, as the improvement of the methods of applying electricity to the human body for the restoration of its vitality. Experience, coupled with faithful and constant study, observation of the needs of the sick and weak, combined with the ardent ambition to produce the means which would most effectively battle with the elements which create distress of mind and body; have enabled me to produce a most wonderful method of applying electricity to the human system, and I am gratified with my success, not only having perfected an appliance which overcomes all objections to the use of electricity, and which absolutely cures, but by plain and honest statements of facts, by appealing to the judgment of suffering people, I have built up the largest business of the kind in the world. I take every case that comes to me individually, and arrange my Belt to suit the demands of that particular case.

You may say, as many others have said, "Doctor, your arguments sound good, but show me evidence of cures to back up your statements." That is my strongest argument. Every man or woman who comes into my office gets a practical illustration of my method of treatment. After seeing original letters from prominent people (letters which I am permitted to exhibit), their doubts are dispelled, they are convinced that the claims I have made are true. You can see these patients and secure from them verification of my statements. Hundreds of my best testimonials cannot be published, as the patients, though recommending my treatment privately, object to publicity.

### TAKE THIS LETTER FROM BRANTFORD, ONT., BOX 196

Dr. McLaughlin:—

Dear Sir,—I purchased one of your strongest Belts for Nervous Debility about four years ago. I had been taking medicine when I first got sick, and they did me some good, but they did not give me the results I desired, and I did not want to get my system full of medicine, so I thought I would try one of your Belts. Before I commenced to wear it, I would wake up in the night with bad spells with my heart, which caused a deadly feeling to come over me. I would get up and open a window and rub myself, but I have not had any of those spells for over two years, and do not want any more. I believe the electricity cured me. I am feeling well generally, and doing hard work every day.

WM. BOWERS.

I have for years contended that old age was nothing but the freezing of the blood when there was no longer sufficient vital heat in the body to keep the blood warm and the organs active. I have said that years did not cause decay, and proved it by citing cases where men have been made vigorous unbound through their veins.

Take time to read this letter from Jno. Becker, Innisfail, Alta.

Dr. McLaughlin:—

Dear Sir,—I am more than pleased with the results of your Belt. My general health is greatly improved. I feel like a new-made man. My digestion is perfect; my bowels move regularly every day; the piles are almost gone, and the catarrh is getting better. To be free from such a disagreeable, loathsome disease as catarrh I consider is worth the price of the Belt itself, and to be cured of torturing piles, I cannot tell what a relief that is to me. All scrofulous affection of the skin has disappeared. I will recommend your Belt to anyone that is in bad health, as I consider you worthy of it, because you tell the truth in your advertisements as well as in your letters. So many nowadays can give one a whole lot of smooth talk, but in the end they do not live up to it. In conclusion, I thank you ever so much for being the means of bringing a cure about in my case. I consider your Belt is the greatest invention of this age. May success attend your endeavors to cure suffering humanity is the wish of your friend.

Decay in old men is similar to general debility in young men. Years have nothing to do with it. In each it is the failure of the stomach to generate sufficient energy to supply the demands made by the vital organs.

A great many wealthy men are suffering tortures and dosing themselves with drugs without relief, who never try a remedy like mine because they repose entire confidence in their family physicians, who believe that electricity is a remedy of the future, not of to-day, and so advise their patients.

The confidence I have in the wonderful curative powers of my Belt allows me to offer any man or woman who can give me reasonable security the use of the Belt at my risk, and they can
