

GOSSIP.

(Continued from page 428.)

day record of 20 lbs.; Inka De Kol Posch Beets, with a 2-year-old record of 15½ lbs.; Rooney Belle 2nd, with a seven-day record of 26.717 lbs., and a thirty-day record of 108.183 lbs.; Buckeye Maid 3rd, with a one-day milk record of 92 lbs., and a seven-day butter record of 20.18 lbs. This cow was winner of second place at Ottawa and Sherbrooke, and at Sherbrooke won the silver medal as highest in the butter-fat contest. Several of those in the herd are closely related to the late dethroned world's champion, Grace Fayne 2nd's Homestead; also two are daughters of the renowned Pietertje Hengerveld Count De Kol; others are granddaughters of the great King Segis De Kol 2nd's Mutual Paul, Paul De Kol Jr., etc., the herd containing the blood of the past and present world's champions. From such breeding as this, for sale, are several young bulls, which, under the skillful management of D. Boden, are in prime condition.

Vol. 2, of the Canadian Hackney Stud-book, compiled and edited in the office of the Canadian Live-stock Records, Ottawa, has been issued, and a copy received at this office. It is a creditable publication of 192 pages, containing pedigree records of stallions numbering from 246 to 555, and of mares from 301 to 623; also a list of members, the constitution and rules of entry, and a list of inspected mares from foundation stock.

AYRSHIRES AT AUCTION.

Forty head of registered Ayrshires, as stated in the advertisement in this issue, the entire herd of A. Kennedy & Son, Hill View Farm, Vernon, Carleton Co., Ont., Winchester Station, C. P. R., will be disposed of by auction, on March 22nd. Included in the sale are 20 females in milk or in calf, and 20 heifers, heifer calves, and young bulls; also the herd bull, Glenhurst Mains, two years old, bred from deep-milking stock.

MONKLAND YORKSHIRES.

The great Monkland herd of Large English Yorkshire swine, the property of Matthew Wilson, of Fergus, Ont., is still to the front as one of the best herds in Canada, which means there are few better in any country. Usually from one to two hundred strong, the herd is now somewhat reduced, owing to the extraordinary demand for breeding stock that has prevailed for the last year or two. The reputation for honest representation, and the strictly high-class character of the Monkland Yorkshires, has created a demand on the herd for breeders from one end of the country to the other, as well as across the line, with entire satisfaction to the hundreds of customers. Mr. Wilson is just now making a special offer of something over fifty young sows, all bred, and safely in pig. They are an exceptionally choice lot, big and growthy, averaging about 200 lbs. each, from six to seven months of age, not a mean one in the lot, and nearly all of the famous Hollingworth tribe. The breeding sows are certainly a splendid lot, about seventeen of them, that, in breeding condition, will average from 500 to 600 lbs. each. The stock boars in service are Monkland Joe 2nd, a son of Imp. Broomhouse Madrate, and on his dam's side he belongs to the noted Minnie tribe; the other is Monkland Lad, a son of Imp. Holywell Cardiff 6th. There are also for sale a limited number of young boars, about five months of age. Other lines of pure-bred stock bred on this famous farm are Clydesdale horses and Shorthorn cattle. Among the Clydesdales are such splendid breeding mares as Black Belle (imp.), by Baronson; Niobe (imp.), by Drumflower; Lady Kildrochat (imp.), by Baron Clyde. In younger ones are several fillies, one, two and three years of age, daughters of these mares. The Shorthorns are of the ever-popular Cressla, Clementina, Beauty, Fashion, Golden Drop, and Miss Ramsden tribes, imported and Canadian-bred, big, thick, mellow cows. Three young bulls are coming on that later will be for sale.

TRADE TOPIC.

The Ham & Nott Co., Brantford, Ont., manufacturers of Beekeeper's supplies, indicate in their advertisement in this paper, that they will pay best market prices for best grades of beeswax.

Is Anything On Your Farm Stronger Than A Bull ?

**YES!** If your fences are "IDEAL" Woven Wire, made of large gauge No. 9 HARD STEEL wire, heavily galvanized and with the verticals and horizontals clamped together with the Ideal Lock—that CANNOT SLIP. Bull-strong; hog-tight; horse high—a REAL fence.

**NO!** If you have wire fences of the ordinary kind—fairly good for a few years, but with no reserve strength to stand hard usage—because poorer wire makes them, and stretching them taut takes the utmost of their little strength to start with.

All Large Gauge Number 9 Hard Steel Galvanized Wire

From top to bottom Ideal Fence is all the same—large gauge No. 9 hard steel wire, heavily galvanized and therefore rust-proof. Note lock and its uniform smooth curve—no sharp turns to weaken the strength of the lock and yet a most positive grip—in FIVE different places. This is the fence that has ample springiness, immense strength, and the ONE LOCK THAT'S GOOD. Drop us a card and get our catalog telling all about the many styles and merits of IDEAL FENCE. Sample lock comes with it. Write us today.
