WILKINSON PNEUMATIC ENSILAGE and STRAW CUTTERS

Our Climax "A" mounted is the only successful combination machine of this capacity on the market. It will cut and deliver green corn into the highest silo, or dry straw or hay into the mow. 12" mouth, rolls raised inches and set close to knives, making solid compact cuttings surface. Requires less power than any other of same capacity. No lost power. Direct pneumatic delivery, no worm gears or special blower attachment. Knife wheel also carries the fans. No lodging on wheel arms, everything cut, wheel always in balance. Steel fan-case. Supplied with pipe enough to reach any silo, also pipe rock, tools, etc. Ask your dealer about them and write for catalog. We also make a "B" machine unmounted.

THE BATEMAN-WILKINSON CO. LIMITED.

ESSEX COUNTY SUBSCRIBER.

- Ans.—1. Yes.
2. Not legally.
3. Generally speaking, she practically is.
4. Yes.

Municipality Flooding Farm.

1. Can the township turn water off road on a man's farm, and leave it five rods from the road to lie and soak away and damage his crop?
2. What steps should be taken to have the water run off?
3. Can he collect damages if the water is not run off, or the ditch continued across his place?

SUBSCRIBER.

- Ontario.
Ans.—1. Not legally.
2. He should make complaint in writing to the council of the municipality, and warn them at the same time that unless the matter is attended to promptly and suitably, legal proceedings will be taken.
3. We think so.

Gossip.

Clydesdales for Canada were shipped from Glasgow May 17th, by Robert Ness, Howick, Que.; Jas. Hay, Lachute, Que.; G. G. Stewart, Howick, Que.; Arthur C. Hardy, Brockville, Ont., and A. Scarff, Cummings Bridge, Ottawa.

The death is announced of Lord Rothschild's famous Shire stallion, Blythwood Kingmaker. He was foaled in 1899, bred by Lord Blyth, was sired by Blythwood Conqueror, dam Blythwood Gelder Rose, a daughter of Prince Harold. At Lord Rothschild's Tring Park sale this year, five of his progeny averaged \$2,495. Among the more noted of his sons was Blackthorn Kingmaker, bought by Sir Arthur Nicholson, for \$8,750.

J. E. Arnold reports having sold to Edward Maxwell, Montreal, for Maxwellton Stock Farm, Ste. Ann de Bellevue, the following Percheron mares: Hazelthorn, Dorcas, Flory D. (the last two having beautiful foals at foot), and the stallion Koquesis, imported from France, and winner of first place at Montreal Horse Show. To S. W. Faucett, Sault Ste. Marie, the Percheron stallion Rambler, and to James Beers, of Beersville, N. B., the filly Winnette.

THE "PRINCIPLE" INVOLVED.

Sir William Meredith, Chief Justice of Ontario, and Mr. I. F. Hellmuth, are mutual fathers-in-law—the lawyer's daughter having wedded the son of the knight. During a rather tedious argument on a case which Sir William was hearing, Mr. Hellmuth was proceeding to elaborate on a certain point of law which he thought had an important bearing on the issue.

But the Chief Justice thought otherwise. He was impatient. For a while he listened to the lawyer's argument, then he leaned back with an air of boredom, and interrupted with:—"Mr. Hellmuth, it seems to me that this is not relevant. What reason is there why I should be compelled to listen to all this?"

Mr. Hellmuth's mouth had just a suspicion of a smile around its corners as he answered:—"Reason, my Lord—why, \$8,000 per year."—Mail and Empire.

Parcels post presents some problems to the postman. A usually jolly individual wore a worried expression on his daily round recently, and reported a very tough time. His trouble was all caused through having to deliver a piece of liver and a hungry bull dog in the same mail. Dog and liver came very nearly being delivered as one parcel, or with the dog as wrapper of the liver.

MANUFACTURERS—TORONTO & WINNIPEG

This Engine Runs on Coal Oil

Every farmer can afford an Ellis Coal Oil Engine. They give far more power from coal oil than other engines do from gasoline. They are safe, as well as cheap; no danger of explosion or fire. The strongest and simplest farm engine made; only three moving parts: nothing to get out of repair. Anyone can run it without experience. Thousands of satisfied customers use these engines to grind feed, fill silos, saw wood, pump, thresh, run cream separators, and do dozens of other jobs. Cheaper than horses or hired men. Fill up the tanks and start it running, and no further attention is necessary; it will run till you stop it.

FREE TRIAL FOR 30 DAYS. You don't have to take our word for it. We'll send an engine anywhere in Canada on Thirty Days' Free Trial. We furnish full instructions for testing on your work. If it does not suit you send it back at our expense. We pay freight and duty to get it to you and we'll pay to get it back if you don't want it. Absolutely guaranteed for 10 years. Write for free catalog and opinions of satisfied users. Special offer in new territory.

Here is the Engine They're Talking About

All sizes in portable, semi-portable and stationary.

To-day the sensation in the Canadian gasoline engine field is the success of the Renfrew Standard Engine. People started talking about the

Renfrew Standard

when they saw it at the big fairs last autumn. Here was an engine that started without cranking—that was so perfectly balanced it did not need to be anchored down—that had a governor of the flyball steam engine type—that had a remarkably simple carburetor—that had no pipes, fittings, cooling pumps or fans to freeze or get out of order. Was it any wonder that people talked?

It will set you talking, too, when you see it. You'll want one right away. That seems to be the case with everyone, judging by the way our sales are increasing by leaps and bounds.

Write for our engine bulletin and name of nearest agent.
