Yellow as a Guinea.—The complexion, in a case of unchecked liver complaint, culminating in jaundice, is literally "as yellow as a guinea." It has this appearance because the bile, which enables the bowels to act, is directed from its proper course into the blood. In connection with this symptom there is nausea, coating of the tongue, sick headache, impurity of the breath, pains through the right side and shoulder blade, dyspepsia and constipation. These and other concomitants of liver complaint are completely removed by the use of Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure, which is also an eradicant of scrofula, erysipelas, salt rheum, ulcers, to the complete the consecuence of the con scrofula, erysipelas, salt rheum, ulcers, cancers, humours, female weakness, jaundice, and lumbago.
