B. H. BULL &amp; SON,

BRAMPTON, ONTARIO

**HASSARD'S HORSES**

I have just landed a fresh importation consisting of Clydesdale and Hackney stallions and Clydesdale fillies, direct from Scotland. The stallions are sired by such notable sires as Lord Fauntleroy, Revelanta, Baron of Buchlyvie, Sir Everest and Prince Thomas; these stallions range from 2 years to 6 years old and are horses with lots of size and extra quality. The fillies are two and three years old and are sired by such horses as Prince Alexander, Benedict, Prince Attractive, Prince Maryfield and others. These are good big fillies with a lot of quality—the kind to take to the show ring. In fact, it is said by those who have already seen them that they are the best bunch that has ever come to the province. I have 18 more fillies coming that will reach Deloraine by November the 15th; further particulars of them later. Come and see me or write. I am always ready for business with small profits.

F. J. HASSARD, V. S., DELORAINE, MAN.

ESTABLISHED AT LEICESTER, ENGLAND, IN 1800.

**BLATCHFORD'S CALF MEAL**

Resembles new milk as nearly as possible in chemical composition. Used throughout the world. Halves the cost of raising calves. Prevents scouring. Rapidly matures them. Send for pamphlet "How to Raise Calves Cheaply and Successfully Without Milk."

B STEELE, BRIGGS SEED Co. Ltd., Winnipeg, Man.

**We Want Your Help for a Minute**

Have you a neighbor who does not take the Farmer's Advocate and Home Journal? If so, tell him about it and secure his subscription. At the same time remember our generous list of premiums which are published on another page.

do the same. Mr. Riddell will promptly send them particulars.

**EGG TRADE AND CO-OPERATION**

Discussing Denmark's poultry industry in a recent issue of Trade and Commerce Weekly Report, B. T. Macnamara, commissioner at Manchester, Eng., writes:

The wonderful success that has attended the poultry farmers of Denmark proves beyond doubt the great value of poultry to the farmers, small holders and peasants of England. The conditions in Denmark for poultry farming are not so good as those in England, and, in addition to this, the size of Denmark is only half that of Scotland, yet Denmark exports usually more than a million pounds worth of eggs to this country.

The export trade from Denmark is so good, and the prices obtained are so high, that the Danes themselves use Russian eggs for their own consumption. So far back as 1905, 104 million eggs were imported into Denmark from Russia, and the laws of Denmark make it impossible for these eggs to be re-exported.

Until 1864 the poultry trade in Denmark was as neglected as it is in England to-day. At that time the only hen known in Denmark was the Danish land hen, which was only a moderate layer, and whose eggs were very small.

The conflict with Prussia made the Danes turn their attention to some means of economic development. They determined to increase the resources of the country by the production of, among other things, eggs. In 1875 the Leghorn breed of fowl was introduced and is now the national bird.

The following table shows how the Danish export trade in eggs has increased:—

Date	Value.
1867.....	£ 1,800
1877.....	51,388
1887.....	262,514
1896.....	561,444
1909.....	1,698,329

The success of the egg trade in Denmark is due principally to co-operation among small farmers and peasants. Every one in Denmark keeps a few hens, but they combine to market their produce at the cheapest possible rates.

The National Poultry Organization is trying to establish the same methods of co-operation among English farmers and others and the cultivation of poultry would restore to England the whole of this Danish trade in a very short time.

**RECORD DAIRY TEST**

Alberta is becoming recognized as a dairy province, and soon will she also be regarded as the home of record dairy cattle. C. A. Julian-Sharman, a prominent dairyman of Red Deer, has had a number of animals entered in the test under the auspices of the American Jersey Cattle Club. A cow of his own breeding, Rosalind of Old Basing, has won high honor for her owner and for Alberta. This cow by her record has qualified herself not only for the Canadian record merit and the American Jersey Cattle Club register, in a twelve months' test for milk and butter, but has surpassed as well the highest Canadian Jersey and Ayrshire records. She gave 10,864½ lbs. milk, 567½ lbs. of butter fat and 671-84 lbs. of butter in the twelve months.

**INTERNATIONAL SHEEP FAIR**

A movement is on foot to establish a permanent international sheep fair, to be held in Chicago some time in September or immediately after the fair circuit is over. This show is to be exclusively for sheep, with all breeds represented and to include goats, collie and shepherd dogs, wool and mohair exhibits, wool grading and sorting, sheep and goat shearing contest, sheep dipping and a lot of other features that will make it interesting and educational. It will not be a fat stock show, although feeding experiments will be conducted in a limited way by the agricultural colleges. It is not intended to compete in any way with the International.

**Heider Eveners**

Are the best that skill and brains can produce. Made for 2, 3, 4, 5 and 6 horses. HEIDER 2 horse Wagon Eveners for wagons, manure spreaders, grain drill or any other implement with pole. Brandon, Winnipeg, Regina, Saskatoon, Calgary

**SYNOPSIS OF CANADIAN NORTHWEST LAND REGULATIONS**

ANY person who is sole head of a family or any male over eighteen years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the District. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon, and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter-section alongside of his homestead. Price \$3.00 per acre. Duties.—Must reside six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$300.00.

W. W. CORY,  
Deputy of the Minister of the Interior.

**DR. WOOD'S NORWAY PINE SYRUP.**

Is Specially Calculated To Cure All Diseases of the Throat and Lungs.

Coughs, Colds, Bronchitis, Sore Throat, Hoarseness, Croup, Pain or Tightness in the Chest; and all Bronchial Troubles yield quickly to the curative powers of this prince of pectoral remedies. It contains all the virtues of the world famous Norway pine tree, combined with Wild Cherry Bark, and the soothing, healing and expectorant properties of other excellent herbs and barks.

Mrs. John Pelch, Windsor, Ontario, writes:—"I was troubled with a nasty hacking cough for the past six months and used a lot of different remedies but they did me no good. At last I was advised by a friend to try Dr. Wood's Norway Pine Syrup and with the first few doses I found great relief and to-day my hacking cough has entirely disappeared and I am never without Dr. Wood's Norway Pine Syrup in the house."

The price of Dr. Wood's Norway Pine Syrup is 25 cents per bottle. It is put up in a yellow wrapper, three pine trees the trade mark, so be sure and accept none of the many substitutes of the original "Norway Pine Syrup."

Manufactured only by The T. Milburn Co., Limited, Toronto, Ont.
