## Read About It

#### Again.

About that Tea.

It is worth another thought and a talk.

\*\*\*\*\*\*

This is without question an exceller I ea.

We think it is by quite a bit the best Tea we have ever managed to hold of at the price.

That's why we are so anxious to have you try

Remember our supply is limited and we may not be able to secure as good a Tea again at so small a price.

Our price is 25 cents. It should be 30 cents.
