This is to certify that my sister Julia when at the point of death, with what was pronounced by the first physician to have the black smallpox inflexible.

In six hours after taking Doctor Loomer's Small Pox Cure the pains ceased, the swelling went down in the tongue and throat so she could speak; she had been blind for three days and speedily recovered. My two children were taken with the same disease one not being vaccinated, they took the remedy when it first showed the spots on the face, and were not sick afterwards. The spots dried in two days without leaving one mark. I was in the house all this time and took the remedy myself and did not take the disease. I believe it is a sure cure and preventative. I there fore recommend it to all:

Popular Hymns

Richard Brown, an active member of Sherbourne street Methodist church in Toronto, is a gentleman with a taste for statistics. For the last 15 years he has been keeping a record of the hymns sung in his church, and has now tabulated the results of his observations and sent them to the Epworth Era, for publication. These results are curious and worthy of attention. Mr. Brown's records show that of the hymns in the book 280 were not used at all, 128 were used only once, and 103 only twice. The most popular hymns, which were used twenty times and more, are the following:

Rock of Ages, 56

There's a Witness in God's Mercy, 44

All Hail the Power of Jesus Name, 43

Holy, Holy, Holy, 43

Lead Kindly Light, 39

A Charge to Keep I Have, 34

How Firm a Foundation, 32

Bridget and Pat were sitting in an armchair reading an article on The Law of Compensation. Just fancy, exclaimed Bridget; according to this, when a man loses an eye as another gift more developed.

For instance, a blind man gets more sense as he hears 'an' touch, an — 'Shure, an' it's quite true,' answered Pat, 'O'f' noticed it meself. When a man has wan leg shorter than the other begorra, the other's longer.'
