TORONTO BAR BANQUET. Minister of Justice Tells of the Work He Does.

Toronto, Nov. 24.—The dinner of the Foronto Bar Association and the County of York Law Association last right was a pleasant reunion of pro-fessional men of all grades and shades of opinion. President Dyce Saunders announced the toast list with Hon. A. P. Aylesworth on one side of him and Justice Anglin on the other, and Mayor Coatsworth on the same side of the table. Six Ampilius Laving came of the table. Sir Aemilius Irving came in late, amid cheers, and sat there also with Hon. A. J. Mathesen, Deputy Attorney-General Cartwright and one or two others. Hon. R. L. Borden and Premier Whitney were unable to be

Premier Whitney were unable to be present.

Hon-Mr. Aylesworth was the guest of the evening, and spoke at some length, describing the work of the Minister of Justice.

Other speakers were Frank Hodgins, F.C., Justice Anglin, Mayor Coatsworth and Sir Aemilius Irving.

Treating Wrong Disease. Treating Wrong Disease.

Many times women call on their family physicians, suffering, as they imagine one from dyspepsia, another from hear; disease, another from liver or kidney disease, another from liver or kidney disease, another from nervous exhaustir nor prostration, another with pain here and there, and in this way they all present alike to themselves and their easy-going and indifferent, or over-busy doctor, separate and distinct diseases, for which he, assuming them to be such prescribes his pills and potions. In reality, they are all only symptoms caused by some uterine disease. The physician, ignorant of the cause of suffering, encourages this practice until large bills are made. The suffering patient gets no better, but probably worse, by reason of the delay, wrong treatment and consequent complications. A proper medicine like Dr. Pierce's Favorite Prescription, directed to the cause would have entirely removed the disease, thereby dispelling all those distressing symptoms, and instituting comfort instead of prolonged misery. It has been well said, that "a disease known is half cured."

Dr. Pierce's Favorite Prescription is a

stead of prolonged misery. It has been well said, that a disease known is half cured."

Dr. Pierce's Favorite Prescription is a scientific medicine, earefully devised by an experienced and skillful physician, and adapted to woman's delicate system. It is made of native medicinal roots and is perfectly harmless in its effects in any condition of the system.

As a powerful invigorating tonic "Favorite Prescription" imparts strength to the whole system and to the organs distinctly feminine in particular. For overworked, "worn-out," "run-down," debilitated teachers, milliners, dressmakers, seamstresses, "shop girls," house-keepers, nursing mothers, and feeble women generally, Dr. Pierce's Favorite Prescription is the greatest earthly boon, being unequaled as an appetizing cordial and restorative tonic.

As a soothing and strengthening nervens "Favorite Prescription" is unequaled and is invaluable in allaying and subduing nervous excitability, irritability, nervous exhaustion, nervous prostration, neuralgia, hysteria, spasms, chorea, St. Vitus's dance, and other distressing, nervous symptoms commonly attendant upon functional and organic disease of the

ous symptoms commonly attendant upon functional and organic disease of the uterus. It induces refreshing sleep and relieves mental anxiety and despondency.

Dr. Pierce's Pleasant Pellets invigorate the stomach, liver and bowels. One tathree a dose. Easy to take as candy.

WEST FEELS

Situation In Saskatchewan And Alberta Becoming Tragic

REGINA HAS 25 TONS

Winnipeg, Man., Nov. 26.—The coal situation is growing desperate throughout Saskatchewan and Alberts, and a great deal of suffering has already taken place.

W. L. Mackenzie King, deputy minister of labor, is in Lethbridge endeavoring to settle the strike, but even if trouble was settled to-day, it would be several weeks before any coal could be shipped, and it would be a mere bagatelle compared with what is needed.

Rush Fer Car of Ceal.

A despatch from Yellowgrass, Sask., shows how great is the famine. Saturday morning word was passed around in Yellowgrass that a car of coal was on the road. By noon the road leading to the railway was blocked with men and teams. When the car arrived there was a rush for the scales. Some had come 16 to 20 miles and had left their wives and children at home with nothing but flax straw to burn.

One man reported that he had to burn a wooden bedstead to cook breakfast. All teams received a little coal when the car arrived.

Situation Very Acute.

when the car arrived.

Situation Very Acute.

The actual situation is best known in the abstract forwarded from Regins based on the returns sent into Premier Scott. Fifty-four towns in Saskatchewan, which give detailed returns as to the amount of coal on hand and the amount required, represent the total amount wanted at 100,000 tons and the amount on hand is actually less than 1,000 tons, while the supply in sight increases this total but slightly.

The places represented in this list include all the large centres and towns. Probably no country ever before faced such a condition as that now confronting Saskatchewan and a portion of Alberta. A number of people are positively in danger of being frozen unless relief is found at an early date.

Should Seize the Mines.

Should Seize the Mines.

Should Seize the Mines.

Distress wires from points down the line continue to pour in on Edmonton coal operators, and not one so far received has the assurance that fuel supply in any one of the towns will last a week. Here is a sample of the kind of wire that is being received:

Warman, Sask., to Mays Coal Co., Edmonton.

monton: Can you ship car coal Monday or Tuesday? No fuel here. Town is suffer-

(Sgd.) H. Goodall. Similar wires have been received during the past 48 hours from Saska-toon, Mundare, Vana, Kinnear and

Tiny.

One of the heaviest local coal operators said that the whole difficulty was due to the Lethbridge strike, and voiced his conviction in emphatic terms that the Government would be justified in seizing the Lethbridge mines and starting them to work for the security of the lives of the people of the country.

Regina Has 25 Tons.

Regina Has 25 Tons.

The large population of Regina finds itself facing the winter with the tiny figure of 25 tons of coal. Prince Albert and Saskatoon actually have none on hand. Innumerable centres around them are without fuel. It is safe to say that at least a further 50,000 tons is the minimum of the requirements for the places not included in the list. The little town of Craik reports that farmers are resorting to burning fences. The town of Davidson wires that the "people are in dire want, and farmers coming 75 miles for fuel have to go back without it."

The general comment on the situation shows intense anxiety and distress, which is already in many case: acute.

FIRE AT STURGEON FALLS.

Principal Business Block of Town Now a Mass of Ruins

Sturgeon Falls, Nov. 26.—This town was scourged by fire early yesterday morning and the principal business block of the town is now a mass of smouldering ruins. The fire started in the McArthur block on King street, but the block was in flames and beyond saving when the water was turned on.

Neil McArthur, owner of the block, occupied part of the upper portion of the building, and his family were rescued with difficulty in their nightrobes without time to save anything. The Lillie and Parliament blocks were saved, although damaged considerably

The Lillie and Parliament blocks were saved, although damaged considerably by fire and water.

The fire area was confined to the McArthur block on King street, and a building on William street, besides sheds and stables. The loss will reach \$40,000 with insurance of \$13,000, divided as follows:

Neil McArthur, plumber, loss on building, household effects and stock, \$17,000; insurance \$3,600.

P. S. Thomas, druggist and jeweler, loss \$10,000; insurance \$5,800.

G. H. Weightman, baker and confectioner, loss \$1,500; no insurance.

W. J. Roche, hardware, loss \$4,000; no insurance.

COAL FAMINE RDIGESTION

A FARMER'S PAIN ENDED.

Have you digestive trouble in any form? If so, why do you overlook the fact that Bileans are specially compounded for your care? Purely vegetable, they contain no alcohol no marmful drugs, no poisonous compounds, nothing to create the pill habit! They are Nature's own remedy. Read this

farmer's testimony.

farmer's testimony.

Mr. T. J. Richardson, of Grandsen, says:
"For months I had indigestion and endured great pain. No matter what kind of food I took it seemed to cause wind and give rise to agony. This sort of experience, so long continued, brought on very depressed feeings. My strength failed and altogether I was roduced to a very low and weak state. When I stooped I hardly knew how to raise myself, the pain was so acute. All the remedies I tried proved useless until one day I saw a report about Bileans and tried them. Before I had finished the first box I felt a great deal better, so I persevered, and after taking several boxes the ailiment left me entirely. Now I feel as well as I ever did in my life."

Blien a so care headache, constipation, piles, liver let, female ailiments, skin cruptions, biliousness, sick che, bad atet in the mouth, foul breath dizziness, ing, buzz ng noi-os in the head, wind pains, anemia, it; , theumatism etc. Obtainable from all druggists and at 50 cen's per box, or diect from the Bliean Co., To, upon receipt of price. 6 boxes for \$2.50.
