Kent Children's Aid Society asked the Council to appoint representatives to its Board. Petitions and Legislation.

The Prisoners' Aid Association asked a grant. Finance.

Requests of the Canadian and Howard Agricultural societies for the usual grants were referred to Agriculture.

WEDNESDAY MORNING.

The members were all in their place Wednesday morning when the C. C. resumed work.

The County Council of Ontario County urged that the present act be amended to abolish qualifications for councillors, and to permit written nominations, thus doing away with the necessity of nomination meetings. They urged co-operation. — Petitions and Legislation.

Chairman Ross, of the special committee re Jeanette's creek bridge, reported having met with the Tilbury East Council on Dec. 12th, when the committee agreed to the proposed change in the plans. The added cost was \$400, but the county's share of the whole cost remained at \$5,013.

The report was adopted.

The county clerk's report on peddlers' and auctioneers' licenses was read. The total receipts for the year were \$885.50. There was one license issued to a man whose name he had not got. The man sold cheap jewelry in Ridgetown and the clerk had notified the authorities and before the man left he paid his license.

The Clerk also presented the Harrison Hall expense account, which was adopted.

The report of the inspector of the House of Refuge showed the cost to the county and local municipalities for keep of the inmates to be \$2,997.22, the county's share being \$699.67. In addition there was chargeable to capital account \$512.28.

Mr. Vester thought that, in purchasing clothing it could be got cheaper by purchasing in large quantities. As it was the matron came into Chatham to purchase.

Mr. Ross suggested buying in Tilbury.

Mr. French asked if the pork raised on the farm and used was charged up to the expense account.

The Clerk stated that it was not. Mr. French thought it should be.

The Clerk explained that it was the Government's intention, in establishing the industrial farm, to enable the inmates to do as much as possible to make the institution self-sustaining.

Mr. Brien suggested keeping a farm account. The farm also needed good dairy cows.

The report was adopted.

Mr. French asked as to the entrance examination fees. These went to the inspectors and in addition the county paid the expenses of the examinations. He did not think this was right.

Mr. Horal explained that the law allowed the examiners \$1 for the reading of the papers of each candidate. This fee was paid by the candidate. The county paid the balance of the expenses.

A number of notices of motion were received.

Mr. Haggart moved that the committees of 1905 be continued.

Ex-Warden Vester in amendment, moved for a committee to strike the committees for 1906.

After some discussion Mr. Haggart withdrew his motion and the ex-Warden's motion carried.

Mr. French moved that the inspector be instructed to notify hotel keepers within three miles not to sell liquor to inmates of the House of Refuge.

Mr. Ross thought it was not within the council's power to prevent the sale of liquor to inmates. The inmates, however, had no right to leave the house without the keeper's permission. The only way was to have inmates arrested when they went out without permission.

Ex-Warden Vester supported the motion.

Mr. Chinick thought it was putting too much onus on hotel keepers. If an old man asked for a drink they would have to ask if he was an inmate of the House of Refuge. The only remedy was to put on a sort of uniform or prison garb.

The motion carried, after which the council adjourned until two o'clock.

WEDNESDAY AFTERNOON.

The council met pursuant to adjournment.

The orders of the day were gone over.

Mr. Colby appeared before the Board asking that a piano be placed in the House of Refuge. The matter was deferred.

A deputation from the City Council consisting of Ald. Potter and Austin, waited on the council and brought up the question of Normal Schools. Ald. Potter made a strong appeal for co-operation in this matter, stating that the matter was of great importance to all Kent County officials. He asked that the County Council appoint a committee to consider during this session with that already appointed by the City Council.

Ald. Austin also seconded Ald. Potter and stated that the Government would be sitting some time next month and that county officials should hasten the matter in order to meet any developments of the scheme.

Councillor Vester moved that Warden Sturgis elect the committee. Seconded and passed.

Warden Sturgis elected a committee consisting of Councillors Haggart, Horal, Grant, French and himself.

He promised Ald. Potter and Austin the consideration of the council and then called for motions.

The council adjourned till ten o'clock, to-morrow.

THE LATEST SCOURGE.

Whoops!
Also trouble with a big T,
The crazy house annex,
A few mental train wrecks,
Warped, twisted, insane,
Reign
Of rot
And what not.
Lame, bent,
Two cent
Sport;
Short
Weight,
Without a single feature on straight,
And well deserving of artistic ex-
ecution—
That's it, the college fraternity initia-
tion,
Where the youth of the land
Is made to stand
On his head and look foolish
While ghoulish,
Gumptionless guys,
Bidding for the booty prize,
Dance round and try to see
How idiotic they can be—
Fellows who think it is fun
To have the curs run
Over a brother just to try
His nerve, to see if he will cry
"Enough!"
Or will smile and murmur, "Hot stuff!"
Nor is the limit yet.
No bet
Is overlooked.
For every foolish stunt is booked.
In a motor Hubbard gown
He must parade the town
Or stand on the corner and say
To every passerby, "I'm a jay."
Isn't it about time to call a halt
On assault
And battery in the name of sport?
To report
Each case to the police
And, if that doesn't bring peace,
To call in the parental slipper?

Willing.
"I consider Rockefeller a positive bar
to my leading a good life."
"Show me."
"Don't you see the manifest impos-
sibility of my doing unto him as I would
have him do unto me?"

One Way.
"I never pay any railroad fare. I
know the conductor."
"But he doesn't own the train."
"Course not, but can't he be looking
the other way when a fellow is climb-
ing on the rods?"

Suspicious.
"Is the Bright Light gambling house
on the square?"
"No; it used to be, but the police got
busy, and they had to move it on a
side street."

Air Castles.
We build our castles tall and fair
Upon foundations thin as air.
The reason why is not unknown—
We haven't got the price of stone.

Practical Side.
"How do you like your new girl?"
"Shish! Don't mention it. What is
worrying me is how she likes us."

In Germany.
"I wonder what makes this sausage
so strong?"
"Doubtless it is made of horse."

Just Existing.
"Where are you living now?"
"Not anywhere; we board."

Political grafting is the kind that has
largely to do with the plumb tree.

What a man hates the most about a
stag party is to see his wife so chirk
and bright the next morning, while he
is wondering what's the good of living
anyway.

The easiest thing in the world—but
what is the easiest thing in the world
anyway?

hates to spend for the pleasure of
others.

Few people who know what they talk
about talk about it a great deal.

Some married people may quarrel so

Society climbers are apt to find their
poor relations a graft upon their fam-
ily tree that they don't like.

It's a poor graft that doesn't get the

STEALING A CONSTITUENCY.

Saskatchewan D. R. O's Who Were
Former Dominion Officials, Did Not
Even Visit Their Polls.

Prince Albert, Sask., Jan. 24.—The
two deputy returning officers who were
convicted Saturday for not having held
an election in their polls, and for
having sent in a majority of 150 for
Tyrerman, the Liberal candidate, were
former Government officials. Chas. J.
Sutherland was Dominion fruit inspec-
tor, and John F. Nelson, Dominion
fisheries inspector.

Their attempt to steal the constitu-
ency was perfectly astounding. It was
proved at the trial that the two offi-
cers, along with R. McLeod, another
returning officer, did not even visit
their polls. The three officers left
Prince Albert two days before election
and went as far as Isle La Crosse,
where they spent election day. Three
days after the election was over they
returned to Prince Albert with their
ballot boxes and 150 votes for Tyer-
man. Donaldson had previously a ma-
jority of 56, and this gave the Liberal
candidate a majority of 94. The polls
where the election was supposed to
have taken place were Pine Point,
Bear Lake, and Sandy Lake, 300 miles
north of Prince Albert. The inhabitants
are practically all Hudson Bay men
and Indians. More warrants will be
issued.

Children Slide to Death.
Sherbrooke, Que., Jan. 24.—A drown-
ing accident occurred here yesterday
afternoon. Two young children, Clau-
dia Enliare, 14 years old, and Jeannette
Gagnon, four years, were sliding down
a very icy hill, which finished at the
river. They slid on to a large piece of
ice, which immediately started away
and broke up. The only witness of the
accident was unable to render assist-
ance, as the stream was by that time
full of floating ice.

used two bottles of Shiloh and was completely
