

THE ACADIAN.

WOLFVILLE, N. S., SEPT 26, 1913

Editorial Notes.

The first of five apple steamers to be chartered by the United Fruit Company of Nova Scotia to sail from Annapolis Royal for London or Hull, is expected about the end of October. These boats are to carry 8,000 to 10,000 barrels, and will call at Digby.

While there are somewhat conflicting reports, as is always the case, the general consensus of opinion is that the Canadian crops, in the west as in the east, are at least a good average. In view of the high prices that prevail it is asserted that the husbandman will receive more dollars for the product of his labors this year than ever before in the history of the country.

Houston, Texas, has authorized the employment of a physician to be known as hygienic instructor, whose duties shall be to examine not only the children of the public schools but the teachers as well. All teachers will henceforth have to submit to a physical examination before they can be engaged. It is pointed out that nervous and irritable teachers do considerable harm, even to the extent of endangering the health of children committed to their care, and teachers belonging to this category will not be employed, and shall not be employed.

Re Fox Farming.

The following letter was received by Mr. A. S. Clarke:

Montreal, P. Q. August 30th, 1913.

Mr. A. S. CLARKE,

Wolfville, N. S.

DEAR MR. CLARKE:—I have carefully perused the papers sent me by you in connection with the incorporation and organization of the Mc Connell Silver Black Fox Company, Limited. I must congratulate you upon having accomplished in a very able manner the preliminary promotion of this Company, and particularly in having arranged for the services of a Trustee (The Maritime Trust Corporation of Halifax, N. S.) to whom all money received on applications for stock is to be paid and held on deposit in Chartered Banks until the whole amount of the issued capital of the Company is fully subscribed. This not only shows your faith in the success of the Company's undertaking, but also absolutely guarantees that all subscribers for stock will be entitled to a return of their money in full with Bank interest in case you find it impossible to fully accomplish the purposes of the Company. So far as I am personally concerned, I am prepared to take \$10,000 Preference stock of the Company with the Bonus 50 per cent of Common Stock, and pay for same as soon as the balance of the stock is subscribed and paid for. I am also quite willing, if the shareholders of the Company so desire, to act as a Director or President of the Company.

Wishing you every success, I remain Yours very truly,

Wm. Waugh,

Care Boudier, Waugh Co., Ltd.

The Boy Scouts.

There will be an informal meeting at the new Club Room on Friday evening at 7 P. M.

Those taking part in the play, 'A Couple of Scamps' are requested to be on hand promptly.

The patrol, which has been started at Port Williams will pay the Wolfville Scouts their first visit on Friday evening.

Now that patrols have been started in Grand Pre and Port Williams there will be much friendly rivalry among the boys during the coming winter.

The buglers will meet at the Scout masters' at 8 P. M. on Saturday.

Owing to the unpleasant weather, the Band Concert on last Thursday evening was poorly attended.

However, owing to the kindness of the Band, who gave their services free, Mr. Black and others, the sum of \$15.85 was realized. This as has been stated before, will go towards the new Club Room and Gymnasium.

Cream of the West flour is giving excellent satisfaction. Let us send you a small bag of 24 lbs. to try.

The Liquor Traffic in Nova Scotia.

The sale of liquor has suppressed in many parts of the Province. In some towns, owing to the peridy official and the apathy of the citizens liquor is openly sold in violation of law.

In the city of Halifax, under protection of Provincial law, liquor is sold in forty-six bar-rooms and a half a dozen or more wholesale houses.

The agents of the Halifax dealers solicit trade in every part of the Province.

HALIFAX THE BASE OF SUPPLY.

Scores of communities where the bar-room has become a thing of the past are now suffering by reason of conditions in Halifax. Men who formerly patronized the drinking place or in other ways acquired the drink habit and now crave for liquor can easily obtain supplies. As the drinking places in the towns, villages and rural communities are being closed, Halifax is more and more becoming the base of supply. By boat and by train almost every day in the year the Halifax liquor dealer sends out consignments, large and small. It is sent to Scott Act counties marked "For personal use." This is done legally. Under the aforesaid Scott Act the Halifax dealer is protected.

FRAUDULENT SHIPMENTS. Under the Nova Scotia Temperance Act the Halifax dealer is not protected. Liquor is sent fraudulently to Nova Scotia Temperance Act counties. It is shipped in all sorts and sizes of packages. So expert have the dealers become in the matter of fraudulent shipping that only occasionally it is possible for officers to seize the shipments. A few dealers have been more than once convicted.

HALIFAX INFLUENCE.

Halifax does more than send supplies of liquor into towns, villages and rural communities. Its licensed bartenders are training schools, whose graduates become the most defiant dive keepers in the different places where liquor is illicitly sold. In addition to this "the trade" in Halifax co-operates with the town or village law-breaker when a fight is on for law enforcements.

Is it any wonder that good citizens throughout the Province are filled with indignation as they think of the far-reaching injurious effect of the Halifax trade?

It is no exaggeration to say that the licensed traffic in Halifax is an unmitigated curse to the rest of Nova Scotia.

IS THERE A REMEDY?

Is there a remedy? Certainly! The time has come for action.

By vote of the citizens of Halifax, or better, by vote of our legislators in the House of Assembly, the license system ought to be abolished within a year. It has been tolerated too long.

On the requisition of one fourth of the resident ratepayers of the City of Halifax, the City Council must direct that the votes of the electors of the City be forthwith taken for or against the granting of licenses. If the electors declare against license, the City becomes dry. At the present time signatures are being obtained to the necessary petitions and within a few months the citizens of Halifax may decide to abolish the traffic.

If they so decide, if they rather decide to permit a traffic which is not only a menace to the moral and economic life of the City, but to the Province at large, it is not unreasonable to predict that the members of the House of Assembly, representing the various constituencies and interested in the welfare of the whole province will be constrained by direct legislation at an early date to abolish the traffic.

SATISFACTORY CONDITIONS.

Conditions will be satisfactory in the Province, so far as a provincial legislation is concerned, only when we secure the abolition of the licensed traffic in Halifax and the thorough enforcement of the Nova Scotia Temperance Act in every county.

To obtain thorough enforcement, the Inspector must be empowered to send deputies to prosecute violators of law where local officials are inefficient.

Settlement in Nova Scotia demands the overthrow of the liquor traffic in every part of the province by a well enforced prohibitory law.

MISS HILDA AIKEN, EVA MYLOTT'S STAR ACCOMPANIST.

Miss Eva Mylott will be accompanied on her Canadian and United States Tour by Miss Hilda Aiken of Annapolis, who will accompany the Diva on her concert.

Miss Hilda Aiken is one of the younger musical stars that have a risen to far away Australia.

Miss Mylott heard Miss Aiken play during her recent visit to her native land and was so much struck with the young performer's ability as a Pianist that negotiations were begun and arrangements finally concluded to bring Miss Aiken to America as Miss Mylott's accompanist.

A brilliant future is assured to this gifted young musician and a treat indeed is in store for those who have an opportunity to hear her accompaniment and solos.

Miss Aiken will introduce an interesting novelty in a Maori song, entitled "Waiaia Poi" composed by Mr. A. Hill, Australia's leading composer of the day.

The wild melody that runs through this composition has met with an enthusiastic reception and is sure, through its novelty and charm, to interest the musical world of Canada and the United States.

Miss Aiken has a charming stage manner and deportment and has fairly won her way to the hearts of audiences in her home land.

To meet Miss Aiken and Mylott, please present yourself to J. P. Martin's store, Apply J. P. Martin or H. M. Watson.

WHERE TO FIND THIS GIRL.

WHERE TO FIND THIS GIRL.

The above picture of Miss Ruth Rector of New York is taken from life and is on the label and carton of every genuine bottle of Sagine hair tonic.

It is a guarantee of quality and excellence and we urge our patrons to be sure to look for this label. Sagine is guaranteed to stop the hair from falling out, to cure dandruff in two weeks and to bring life and beauty into coarse unattractive hair. Sagine brings out the natural beauties of the hair and makes it rich in color. Sagine is not a dye. It is not sticky or greasy and is daintily perfumed. Mr. Hugh E. Calkin is agent in Wolfville, N. S. for Sagine. A large bottle at a moderate price awaits you there. Other stores don't have it.

C. R. BILL.

REWARD \$1000.00

The above reward will be paid by the subscriber to any person who will supply evidence that will lead to the location of the party or parties, who poisoned several young cats owned by myself. These cats and I were first class friends. I enjoyed their companionship and I am searching with much diligence for the criminals who compassed their removal from active life by the use of poison. The man who would poison a dog or a child in innocent life is not fit to be the shoe lace of Harry Shaw.
