CAPT. DANIEL ABBOTT, Brocklyn, Maine, July 16, 1843, says: "I was taken sick one year ago, lest April, upon my passage from Havanna to Charleston, S. C. At the latter place I took medicine and procured a physician, but for ten days could obtain an orelief, no sleep or appetite. At last taking up a newspaper having your advertisement of 'Houfland's German Bitters' in it, I sent for some immediately, this was about 10 o'clock, at 11 o'clock I took the first dose, and another at 6 o'clock. The effect was no rapid on me, that I had a good appetite for supper, and reside will that algul and the next day found me a well man. I have not been without your medicine since, having been sailing between Baltimore, Chartestown and the West India Islands' ever since. I have now given up going to sea, and reside in this place, where you should have an agency, as you could sell large quantities of it."

Jos. B. Halle, & Co., Fresque lele, Arosteok Co., Maine, April 24, 1854, say: "We herewith send you a certificate of a cure performed by the use of only one bottle of the German Bitters, we think Mr Clark to be a man of veracity, and there is doubt of the truth of his story."

Messus, Jos. B. Hall & Co., Gentlemen — In answer to your inquiries, I will state that my daughter, aged about 16 years, had been complaining of a pain in her side, for aix or seven years, and about the first January last, was taken down and confined to her bed. The pain in her side was very severe, herside being troubled with pains between her shoulders and in her breast. From reading a number of cures performed by "Hoofland's German Bitters" I was induced to try it in her case, and sont to your store and purchased one bottle. She had taken it but a few days when she began to improve, and now, after taking only one bottle, she is enjoying better health than she has for years. She feels up pain in her side or in any part of her bod

Medicine containing melasses or liquorice, like the boasted Saranparilla, require many large bottles to produce the slightest cluring in health. The Forest Wine is altogether a different article. It contains on evrup to give it consistency, but acquires its excellent if yet and powerful medicinal properties from the vegetable plants of which it is composed. The Forest Wine combines the virtues of the

with other valuable plants whose properties

with other valuable plants whose properties are all most efficitive. Its high concentration renders it one of the most efficient quedicines now in use. Sometimes less than a single bottle restores the lingering patient from weakness, debility, and sickness, to strong and vigorous health. Every dose shows its good effects on the constitution, and improves the state of the health. The Forest Wine is recommended, in the strongest terms, for all complaints of the Stomach, Liver, Kidneys, Nercous Disorders, Bilinus Affoctions, Dropsy. Dyspepia. Loss of Appetite, Jaundee, Female Complaints, Scrafula, and all Disorders arising from Bad Blood and impure habit of the system.

SAVED FROM DEATH.

Testimony of Mr. Nathan Mathews, a highly respectable and wealthy critizen of Newark, N. J.

Dr. G. W. Halsey:—I believe your Forest Wine and Pills have been the means of saving my life. When I commenced taking them I haid at the point of death with droppy, piles and asthma. My Physician had given me up as past cure, and my family had lost all hopes of my recovery. While in this dreadful situation, your Forest Wine and Pills were procured for me, and before I had finished the first buttle of the Wine and how of Pills. I experienced great reliest; my body and limba, which were greatly swollen, became sensibly reduced. Hopes of my recovery began now to revive, and after continuing the use of your medicines for about a month, the Piles and Asthma were completely cared. The Dropsy, through which my life was placed in such great danger, was also nearly gone. I have continued the use of your medicines until the present time, and I now enjoy as perfect health as ever I did in my life, although I am more than sixty years of age Yours, respectfully.

GREAT CURE OF LIVEN COMPLAIRT OF TEN YEARS' STANDING.

New York, January Sh., 1848.

Dr. Halsey—Dear Sir,—Having taken your Forest Wine and Fills to remoye's disease of the Liver from which I have suffered severely for upwards of tenyears; and having adhered blosely to the directions which accompany the medicines. I have recovered my health, nothwithstanding all who knew me thought my case incurable. Previous to taking the Wine and Fills. I had recourse to the hest medical treatment, but continued to grow worse to an' alarming degree. Some of my briends spoke desparagingly of my case, and tried to persuade me from making are of any advertised remedies; and I doubt not, that there are handreds who are dissuaded from taking your escellent incitiones in consequence of the deception and inefficiency of many advertised remedies, put forth by unprincipled men in flaming advertisements. But, what a pity it is, that the deception used by others should be the means of dissuading many labouring under disease from making trial and being cured by your excellent remedies. Humanely speaking, they have saved my life; when I commenced making use of them, I was in a wretched condition, but began to experience their good effects in less than three days; and in six weeks from the time I parchased the medicines, to the great surprise of all my friends, I was entirely cared, and had increased fifteen pounds in weight, having taken one hot of the Pills, and two buttles of the wine. Would to God that every poor sufferer would avail himself of the same remedies, to God that every poor sufferer would avail himsel of the same remedies, Yours, &c.,

JAMES WILTON.

Sir,—I feel great pleasure in attesting the virtues of your Persian Hair Restorative. Several parties who have been patients of naine having derived the most inconcrivantle benefit from using it; and in fact it is owing to this article alone, that many of them are not at the present moment completely hold; one party I may mention in particular, who had been laid up with typhus fever: (a most beautiful young fady.) the attack however left her although as beautiful as were in the fees attill with measure as the fees at the contract of the the attack however left her although as beautiful as ever in the face, still with scarcely any hair on her head. She tried every thing unsuccessfully, until I recommended her to use your Persian Hair Resto attice, and in three months, she again possessed the same dark curing locks, as before herithese, although if possible, still more jet like, and attractive. I must admit, although I have recommended it to hundreds of persons of both sexes, I have never found it fail, and consider, that where the hair is not past human aid, your wonderful preparation will restore it to its pristine state.

Your thair Dye is the best I have ever seen or heard of, and has been used among my private acquaintances, with the most unbounded satisfaction.
