Country Girl's Ideals of Big City Fascinations Shattered by Treachery

How Judith Rutledge's idealistic conception of life in the great cities was sent crashing on the rocks of a harsh reality is the theme of "Her Kingdom of Dreams," starring Anita Stewart and which will be seen at the Happy Hour Theatre, Wednesday The Great Chance Comes As a young girl living with her invalid father in a small western town, Judith frequently longed for the wonders and beauties of the large cities. And, as a reward for that longing, it seemed, an opportunity came to her to visit her Utopia. She was to be a private secretary to James Warren, prominent Wall Street banker. Once in the employ of Warren, Judith's sincere services led Warren to believe that she could be trusted with his most precious secrets. On his deathbed, he made a final request—that Judith marry his rather unsteady son, Fred. How this marriage, entered into in a spirit of innocent compliance with the older Mr. Warren's wishes, developed into a fervent love-match spiced with vicissitudes involving about the wreckage of a great financial power, is the story of "Her Kingdom of Dreams," which cannot fail to please the patrons of the Happy Hour Theatre.

A Good Medicine For Spring Use Harsh Purgatives Should be Avoided—A Tonic Will Restore Your Energy Not exactly sick but not feeling quite well. That is the way thousands of people feel in the spring. It is a sign that the trying indoor life of winter has left its mark upon you. Heavily tired, appetite feeble, sometimes headaches and a feeling of depression. Pimples or eruptions may appear on the skin, or there may be twinges of rheumatism or neuralgia. Any of these indicate that the blood is out of order, and these symptoms may easily develop into more serious trouble. Do not dose yourself with purgatives as so many people do, in the hope that you can put your blood right. Any doctor will tell you that this is true. What you need in the spring is a tonic that will build up the blood and nerve. Dr. Williams' Pink Pills can do this speedily and surely. This medicine enriches the blood, clears the skin, improves the appetite and makes tired, depressed men, women and children bright, active and strong. As an example of the value of these pills we give the statement of Mrs. S. McBurnie, Tatham, N. S., who says:—"I have good reason to speak in the highest terms of Dr. Williams' Pink Pills. I was badly run down, falling in weight, and suffering from dizzy spells and weakness. In fact my condition was such that I was hardly able to do my household work. A friend advised me to try Dr. Williams' Pink Pills and after using several boxes there was a noticeable improvement. I continued using the pills for some time longer and found that I had fully regained my old-time health and strength and was able to do my household work without feeling weak and worn out as I did before I began using the pills."
