A RECENT additional order from the Imperial authorities for hay for South Africa means that, including regular shipments, 56,000 tons will have been sent from the Dominion. Up to the present, since the outbreak of the war, the home government has expended over \$2,000,000 for hay, jams, meats, preserved vegetables, etc., in Canada.

A THOUSAND Canadian militiamen, including the 89th Highlanders with their band and pipers arrived at Buffalo, N. Y., on Monday to take part in the Exposition being held there. Dr. Borden, the Canadian Minister of Militia, was met by a detachment of United States marines and escorted to the Canadian building, where a reception was held and speeches made.

DOMINION Day was observed in this city by the usual salute of 21 guns from Fort Edward. The review by the sailors of H. M. S. Crescent in the morning, and the Firemen's Sports in the afternoon were the leading features of the day. A great many people spent the day at the races at the city, and a large number went to Summerside to witness the horse races and the regatta.

A MAN named Peter D. McDonald was drowned on Wednesday last at High Bank, near Murray Harbour. He had been out setting net moorings, and it is thought that his boat must have capsized in some way, as she was found close in shore full of water. His boots and stockings were found on the shore where he had evidently left them before going out in the boat. The deceased was a strong young man twenty years of age. His body was recovered on Thursday afternoon.

H. M. S. CRESCENT arrived in port here early Saturday evening. On Monday morning a detachment of the sailors and musicians landed, and headed by the ship's band, marched to Victoria Park, where an excellent review was given, which was witnessed by hundreds of citizens. The physical exercises were splendidly executed and the other manoeuvres were performed with a precision that would almost take away a landsman's breath, and give him some faint idea of how King Edward's seamen are trained and the reason why the British Jackie is the best all-round man afloat or ashore in peace or war.

At the Supreme Court last Wednesday, true bills were found against John McIntyre charged with house-breaking and larceny, and Alfred Gallant and John Gallant charged with assault occasioning bodily harm. McIntyre was sentenced to five years in Dorchester Penitentiary. The grand jury visited the hospital for lunatics, the county jail and the poor house. They reported the hospital for the insane to be in a greatly improved condition. They advocated the removal of the jail to some less public square. The poor house was found as clean and attractive as the crowded state of the building will permit.

The Secretary was empowered to secure a set of scales to weigh the cheeses in case of dispute, and also to secure the appointment of an official weigher to look after the interests of the factories. Messrs. Biffin and Spilliet offered \$5 each towards the payment of the scales. Next meeting of cheese board will be held in two weeks' time. On motion, was decided unanimously that suitable rooms be secured for next board meeting. After the Cheese Board meeting of the Dairy Association was held there were present; President Arthur Simpson, Vice do Lauchlin McDonald, Directors James E. McDonald, John Anderson, W. Jenkins and Secretary Treasurer Robert Jenkins. The assessment for 1900 was handed to the Secretary for collection. This is a levy of 14 cents on every 1000 lb. milk, and is the same as last year. Correspondence from Inspector Morrow was read, showing that with a very few exceptions, matters are proceeding satisfactorily. It was moved by John Anderson, seconded by D. Marshall, that an allowance of one half-pound be made on all cheese sold. Carried. Hon. B. Rogers announced that the Government will offer prizes of \$40, \$20 and \$10 for the best cheese made during the season. One cheese of each month's make, either white or colored, to be judged.
