Nfld. Stamps.

Newfoundland in its issue of Coronation postage stamps has boldly given full-faced portraits of the King and Queen and their children. Excellent portraits. But the Queen is worth one cent, the King two, the Prince of Wales three, and so on until the little Prince John has the wondrous nine cent look at you straight in the eyes from the postage stamp. At first glance the values seem inverted. But, of course, the loyal Newfoundlanders know that the King and Queen will often be looked, liked and caressed with finger upon the envelope—From the London Chronicle.

Wedding Bells.

WEBBER-ROGERS.
At Clifton, Kings County, on Friday last, Miss Isabel M. Rogers, of England, became the wife of Rev. William H. Webber, of St. John's, Nfld., the marriage ceremony being performed by Rev. The bride is a native of England and has lived in St. John for several years, being engaged in the work of district nursing for the Victorian Order, and more recently in the tuberculosis work—St. John, N. B. Telegraph.

OK-KNIGHT.
A very pretty wedding took place at the home of Mr. Edw. Oak of the A. and D. Co., Botwood, Mr. Arthur Oak, son of Mr. Edw. Oak, and Miss Emma Knight, daughter of Mr. C. Knight, of the Postal Service, where married by the Rev. Mr. Morris, Methodist Minister at Botwood, in the presence of a large number of friends. The bride was given away by her father, Mr. Herbert Oak being best man, and Miss Winnie Oak and Miss Ida Oak being bridesmaids. There were present Mr. and Mrs. William Oak, Miss Annie Oak and Master Oak, also Mr. and Mrs. Heal, of the A. & D. Co. After the ceremony, the company took tea. The tables were beautifully laid. After tea speeches were made by the Rev. Mr. Morris, Mr. Oak, Mr. Heal and others. The party then moved to the next room where Miss Queen Park, daughter of Manager Park, presided at the organ. Hole in the Ground One of Their Exhibits.

McNamara's Make Queer Move.
Los Angeles, Cal., Aug. 8.—A hole in the ground caused by the explosion of a bomb will figure in the trial of the McNamara brothers for the alleged dynamiting of the Los Angeles Times. The hole was dug up and boxed for preservation Sunday night. On the morning of the destruction of the Times building, last October, two exploded bombs were found at the residences of General H. G. Otis, owner of the Times, and F. J. Zandelaar, Secretary of the Mercants' and Manufacturers' Association. A detective was carrying off the bomb enclosed in a suit case from the Otis grounds when he heard a clock ticking and dropped the grip and ran. The bomb went off, leaving a large hole in the ground between the sidewalk and curbing. The hole remained undisturbed and a few days ago the Attorney for the defence sent to work Sunday night and by daybreak had tunneled under the hole, boxed it in and prepared to cart to Attorney Harman's office. While they awaited a truck passers-by noticed their operations and telephoned District Attorney Fredericks. Gathering an automobile full of detectives Fredericks rushed to the scene. "Hold on," cried Fredericks, peering into the box, "what have we here." "Nothing but a hole," replied Harman's detectives. "Oh, very well," said the District Attorney, "you're welcome to it."

Latest From Labrador.

The latest Labrador news comes to us to-day via Harbor Grace and Carbonear. Messrs. Rorke & Sons had a marconi from Venison Island Saturday last saying that fish had struck in very plentiful at the White Bears and vicinity and great work was going on since the first of August. The agent asked that a load of salt be sent down as quickly as possible. The previous Wednesday there was another wireless received from Venison Island saying that traps all along the shore from that point up to Francis Harbor were getting from 5 to 10 qts. daily and hook and line men the same. Caplin had struck in plentiful at the White Bears and vicinity, also at Grady and Black Island. The s.s. Solway left Venison Island Saturday coming south. Messrs. Rorke & Sons have despatched the schr. Lena to Venison Island with a load of salt. Hook and line fishing has improved right up to Battle Harbor from the White Bears. The Colledora also has been despatched by Rorke & Sons to Francis Harbor to land some salt and wait for a load of dry fish.

Boy Badly Served.

Master Jack Kelly, 14 years old, while returning from evening prayers at the R. C. Cathedral yesterday, was set upon by two boys, Connors and Lanigan, at the foot of Barte's Hill and badly beaten. They knocked his hat off and kicked it about the street, and taking an old felt hat, filled it with horse ordure and put it on his head. They also smeared red paint on his face. The parents of the boy Kelly will take an action in court.

SUNLIGHT SOAP

TRY THE SUNLIGHT WAY.

Uncle Walt
THE POET PHILOSOPHER.

Upon my farm I sadly looked, for drouth had left it sere. "Alas!" I cried, "my goose is cooked—there'll be no crops this year." The grass was burned to gray and red, the corn leaves wilted were; the turn and everything seemed stark and dead, weed and cock-of-luck lebur. And so I wrung my hands and wept, and made a grievous roar; and in the night time while I slept, the rain came, the grass refreshed, was all uncurled, and husky was the corn. And things that I considered dead were convalescent then; the stately cabbage reared its head, the carrot blushed again. So, after this, when things look black, and luck seems gone for keeps, I don't intend to cry "alack!" and spring a line of weeps. The darkest hour, the sages say, is just before the dawn; and fortune's headed off our way when everything seems gone.
