### TRAPNELL The Eyesight Specialist

Examines the eyes without DRUGS, DROPS or DANGER. He not only finds the trouble, but with his perfect optical machinery he can grind the correct lenses to suit the most complicated cases, and do it quickly.

There was a time when all compound lenses had to be sent out of the country for, involving a delay of three or four weeks, but that day has passed; an hour or two is sufficient to produce any lens that may be called for.

Prescriptions filled or broken lenses replaced if you have the pieces.

Pitts Building,  
Water Street,  
St. John's.

Dear Sir,

We beg to draw your attention to the advantages offered, both in the way of security and privacy, by our Safety Deposit system which has recently been installed in our vault. The system is the most modern and complete that is known, and is deposited in a vault of exceptional strength and safety. The boxes are individual and can only be opened with the joint aid of the key in the possession of the Company and of that in the custody of the customer. They are of solid metal and are arranged in nests of fifty, so that no box can be removed from the vault separately from the rest.

The boxes are rented at \$4.00, \$5.00 up to \$20.00 a year, according to size.

An inspection of the installation is invited.
