Cleveland, May 28.—Cleveland took a double header here today, the first 2 to 1 and the second 3 to 2. The first game was played in the first two innings, as neither side got a man past second after the first.

After driving Walsh from the box in the second inning of the second game, Cleveland secured an early lead of three runs. Three hits off White, who was the fourth, gave the Red Sox a lead of four after the third inning. Cleveland's lead was 5 to 1. Long Game in Chicago.
Chicago, May 28.—In the longest major league game of the season today, a base on balls in the seventeenth inning with two out, cost St. Louis the game, 8 to 7. The locals had the game won until the ninth, when Mitchell dropped McLean's fly after two were out. This, followed by a double, a single and wild pitch tied the score. Har- Cheney, who was the third pitcher for Chicago, put up a great pitchers' bat- tle. Chicago made all the early scores by bunting hits behind errors of the visitors. Pierce started for Chicago but was hit hard and gave way to Lavender. After Lavender filled the bases in the seventh he was relieved by Cheney. LANCASHIRE IS IN THE
COMEBACK CLASSFootballers Were Somewhat
Surprised When Post Office
Team Met 4 to 2 Defeat

The Senior Soccer league game at Victoria Park last night, between the Lancashire and the Post Office was one of the best games played in the league competition during the past two years, and although the Lancashire team won by four goals to two, the difference between the teams was not so marked as that.

Early in the first half the Post Office worked well together, and al- though playing with 10 men, had a big share of the game. Thornhill was playing back alone, with the occasional assistance of Cartwright, who was trying to fill the center half position and left back together. The P. O. had only 10 men on the field.

However, the display put up by the Lancashire team was revelation. They had done so poorly against the Tynesiders that it was expected the P. O. would be able to win out, but the men in the primrose colors played ex- cellently. Hitchin was a star man, and scored three of the four goals. Lancashire was always prominent, and Foulds and Fourshaw were excellent in their different positions. Indeed, Fourshaw after being injured took up the goal- tender's position and played magni- ficently, one save from Paterson being splendid.

At half time the score was two goals to one, Evans and Thornhill being the marksmen. Thornhill's goal was a beauty.

In the second half, the Lancashire goals were scored from clean break- ways by Hitchin, and although Beveridge stopped two of them, he was unable to get the ball away altogether. The Post Office later played up well and had hard lines on several occa- sions. Little scored a lovely goal near the end, off a beautiful cross by Cartwright, and the game ended thus.

The following were the teams:
Post Office: Beveridge, Thornhill, Miller, Cartwright, Bell, Wrackham, Little, Naylor, Paterson and J. H. Cartwright.
Lancashire: Butterfield, Tutin, Gil- lam, Foulds, Maisey, Forshaw, Wilson, Stewart, Hitchin, Evans and Lind.

The picture shows Jones, who is one of Cornell's most prominent athletes, finishing his race with a sprint, which carried him over the tape for ahead of his opponents. Time, 4m. 23s.

THE MOST MARVELLOUS JOURNEY
EVER MADE BY ANY TIRE

NO LOOSENED TREADS
FIT ANY RIM

¶ We claimed from the first that Tread was the only anti-skid tire. ¶ Do you think in view of what that we claimed too much? ¶ If you manufactured an automobile tire along new lines and, after the tire was about a year old, it went through the most gruelling of tests with flying colors, wouldn't you be as proud of it as we are? ¶ Remember, we didn't have to subject Dunlop Traction Tread to such a test because the tire had made good with a vengeance on the basis by which all other automobile tires are being judged—that of everyday service and anti-skidding. ¶ Now, you know as well as we do that any and every kind of test thought of by man or enacted by nature, must come up in an across-the-continent tour. Railroad tracks, gumbo beds, corduroy roads, worn-out trails, sand hills—these were some of the seemingly insurmountable tests which met the pathfinder, but Dunlop Traction Tread survived them all. ¶ In the face of such a tire triumph can any motorist deny that Dunlop Traction Treads offer him the most of that which any tire can be expected to give, and further, can you as a motorist conscientiously afford to invest your money in anything less?
