Found Good By Caroline Coe

A great many very fine cooks do not use pineapples as much as they might, simply because they imagine they are hard to prepare.

It is not hard to prepare a pineapple if you know how. Be sure that the fruit is perfectly ripe. Then take a small paring knife and twist around one of the little cubes which form the apple. After this one is taken out take a fork and disledge the others one at a time. The hard peel can easily take a fork and dislodge the others one at a time. The hard peel can easily

This is the way pines are prepared in the south: Cut them down through the middle and cut out the hard pithy part that is in the centre. Then the middle and cut out the hard pithy part that is in the centre. Then shred them out with a fork. You can do this so there will only be two boatshred them out with a fork. You can do this so there will only be two boatshred them out with a fork. You can do this so there will only be two boatshred them out with a fork. You can do this so there will only be two boatshred them out with a fork. You can do this so there will only be two boatshred them out with a fork. You can do this so there will only be two boatshred them out with a fork. You can do this so there will only be two boatshred them out with a fork. You can do this so there will only be two boatshred them out with a fork. You can do this so there will only be two boatshred them out with a fork. You can do this so there will only be two boatshred the pine apple into thin small pieces and add pinch of salt and two-thirds and add pinch of salt and two-thirds and add pinch of salt and one just inside the skin. Now when pineapples are selling for ten cents a piece just inside the skin. Now when pineapples are selling for ten cents a piece with pineapple into thin small pieces and add pinch of salt and two-thirds and add pinch o baked in small individual pans. Line in the north they are an economical fruit for the family, and a little later apple. Mix together. Then add one the pans with a rich pie paste (rethey can be bought for fifty cents a doen. Then is the time to can them. even tablespoon of corn starch. Put even tablespoon of corn starch. Put even tablespoon of corn starch on the inverted Cut them in slices to can

Pineapple adds to the flavor of strawberry or cherry jam. Use it in membering to put it on the inverted Cut them in slices to can shell). Bake a delicate brown. Cut proportion of one-third pineapple to two-thirds of the other fruit.

The Y.W.C.T.U. of this Flowers

Serving the day in London this year, and would gratefully receive donations of flowers from citizens in order that they may have plenty for distri-bution. Any person knowing of cases of sickness where they deem flowers or delicacies would be acceptable, are asked to communicate with the society

or telephone 3211.
Perhaps the work of the Y.W.C.T.U in London is not recognized as mucl as it should be. The society has not long been formed, but already is doing excellent service in its flower mission department, for as well as distributing flowers the members also furnish delicacies and little comforts which do so much toward lessening the tedium of an illness, and the bright chatter and kindly ways of the girls have often proved most helpful to an invalid, or convalescent.

Unselfish Work of form of service for enjoyed by the patients there, and it is proposed to give entertainments of this sort regularly, as well as paying social visits to the inmates in the different institutions of the city. Visits cold milk two hours. ### As Told By Aunt Gertie Chapter 1.

A long time ago there lived a merchant in an eastern city who knew the secret of making money. He made so sliced oranges; set over the fire and heat much he didn't know what to do with it. until the sugar is dissolved, then pour But one day he died and all his wondrous fortune fell into the hands of his young

Now, this son didn't know anything about the value of money. So he just spent it as fast and as foolishly as he could. He really threw it away. Though there was much of it, he finally got rid of all his gold and silver. He hadn't a thing left except a flowered dressing gown and a pair of carpet slippers. His friends turned away from him

One day two or three of his friends the hollows of the neck and throat. Rise decided to send him AN OLD TRUNK the reception is held, for a dance, or upon the tips of the toes, inhaling a deep with this note attached: "Pack up and It was a hint for him to get out of the neighborhood. He didn't mind the

idea at all. In fact, he was rather glad self. "I'll get into that trunk." He was most sure the trunk tilted up on one end as if it were about to fly. "I wonder what kind of a trunk this the lock close and see what happens, don't care much what happens to me. He pressed the lock close and the trunk
