

THE TORONTO WORLD.

WEDNESDAY MORNING, FEB. 11, 1884.

THE INDUSTRIAL EXHIBITION.

Annual Report—Satisfactory Figures—A Steady and Growing Success.

The annual meeting of the Industrial Exhibition Association was held yesterday. There was a full attendance of members. President Withrow was in the chair. The report of the directors for 1883 says that the last exhibition (the sixth) shows the increasing interest manifested throughout the country by both exhibitors and the public generally in the "Industrial" and when it is remembered that the five exhibitions previously held have been considered each one more successful than its predecessor, it is sufficient cause for congratulation and but for the fact that your directors have again been compelled the past year to add to the extent of the buildings to accommodate the annually increasing number of exhibitors, they would have been able to report a handsome surplus, or at least have cleared off their total indebtedness.

To meet the demand for space the implement and carriage buildings had to be enlarged by the addition of new wings to a cost of \$487,450. The new buildings in machinery hall necessitated the erection of a new boiler-house and chimney, costing \$151,550, and two new boilers costing \$3340. Remodelling the association offices cost \$1309.29, and it took \$818.19 to erect the "Little World" building. To give room for the unusually large exhibits of horses, ninety new stalls were put up at a cost of \$1730. Repairs to various buildings and jobbing work necessary about the grounds cost \$1687. This work, which all comes under the head of "permanent improvements" in the aggregate footed up to \$18,570.55. The increase in the indebtedness of the association to the bank is \$12,199.93, which, deducted from the amount expended for permanent improvements and properties as above, shows the profits of the last exhibition over all other expenses to be \$7,370.62. If the amount paid for interest were added to this amount, it would show a profit of \$8227. The assets of the association, over all liabilities, are \$49,840.4.

The license commission for Toronto has been definitively named. They are Mr. Thwait, Geo. M. Rose, Dr. Cassidy, Mr. Doherty was quite willing to retire, but thought Wm. Scully should succeed him; Peter Ryan suggested Wm. Pettley, Mr. Doherty and Mr. Ryan finally agreed to recommend Dr. Cassidy, jobbing a letter signed by them jointly to this effect. It is not correct to say that Peter Ryan is not a commissioner. Peter Ryan is not a commissioner, Charles Doherty is not a commissioner, Wm. Scully is not a commissioner, Wm. Pettley is not a commissioner, the Hon. M. Connell is not satisfied, the Hon. Peter Small is very sore, and the honorable the commissioner of public works thinks he has had his hair pulled the wrong way. Dr. Cassidy seems the only one who got any cake.

A Big Brawl. A few weeks ago a young man named C. V. Boughton, formerly employed as an agent here by the Citizens' Insurance company of Montreal, was arrested at the instance on a charge of embezzling money which he had collected on their behalf. The case went to trial and a true bill found by the jury. When the case came before the court, the defendant, Mr. Boughton, speaking in several terms of Mr. Boughton's conduct, Mr. Boughton is now bringing a libel suit against the Citizens' company for \$50,000 and against the editor of the Globe for \$100,000 each. He has placed his case in the hands of Messrs. McCarthy, Oser & Co.—Globe.

The Police Court Clerkship. It was reported yesterday that Ald. John Shaw is to take the vacant police court clerkship. His friends say, however, that this is not so, and that he has no intention of resigning from the council. Young Mr. Nudel, it is said, is a likely successor to the vacant clerkship. The police magistrate has stated his intention of recommending Mr. Meyer to the city council for the appointment, and thinks there can be no doubt as to the priority of his right to the vacancy. His worship after disposing of the cases of necessity, adjourned the court out of respect to Mr. Nudel.

Catholic School Trustees and the Ballot. The telegram interviewed a lot of Roman catholic, priests and laymen, on the action of the minister of education in discriminating between the public and separate schools in regard to the proposed legislation in the matter of the minister voting for school trustees. The laymen were nearly all in favor of the ballot, the clerical not. James Papp, Wm. Pettley, M. O'Connor, Peter Ryan, James Britton, James Henson and W. J. Louney were all strong for the ballot.

A Dynamic Book. The evening papers had to make a column sensation out of the finding of an alleged infernal machine in the grounds of government house. It was simply a paper box with the works of an old clock in it, some coal dust wrapped in paper, and a piece of wire attached to resemble a fuse. A messenger made the find, informed Capt. Goades, A.D.C., thereof, the detective were sent for and a search was got up. But that it was merely a hoax was patent to all.

Manager of the Waterworks Department. George B. Morris, who has been an efficient secretary of the city water department for the past six years and in the city clerk's office for five years before that, is an applicant for the new position of manager of the water department. He bases his claim on good grounds, namely, that he is entitled to promotion by reason of length of service and ability to discharge the duties of the new office.

An Irish Fall. Mrs. Avey of 102 Arthur street had the misfortune to fall down stairs yesterday and break two of her ribs. Under the care of Dr. Ogden she is progressing satisfactorily. At the time of the accident she was kindly nursing to a sick lady.

At the Grand. The Grand jury of the county of York, the Wages of Sin is the strongest piece put on by the best company of the season.

CIVIC COMMITTEES.

The Works and Markets and Health Transact Some Miscellaneous Business. The works committee assembled yesterday afternoon, Ald. Carleton (chairman) presiding. It was decided to give city contractors until after next meeting to show cause why they should not be restrained from heaping sand on the public streets. L. Yorke was named to succeed W. J. Hughes (resigned), as expert to look for soft brick in the Garrison creek sewer.

The building of sewers on St. George, Grover and Wilcox streets, Allen avenue and Classic place was advised. Richmond place and Classic avenue are to be block paved. Sussex street is to be opened out to Major street at a cost of \$2000. Mr. Sprague urged the paving of Wellington street, from Bay to Church, with asphalt at a cost of \$20,000. It will be considered at next meeting.

At the markets and health committee meeting yesterday Ald. Jones was in the chair. At Ald. Barton's suggestion the formation of a local board of health made up of citizens and aldermen was advised. The proposal to make ferries open their season by May 1 was sent to a sub-committee. W. H. Stoddard applied for the class of inspector for the prevention of cruelty to animals, but the aldermen did not move in the matter. The committee voted a \$50 increase of salary to the turnkeys at the jail. Commissioner Goades worth reported a balance of \$2000 from the interim appropriation of \$6000.

Engaged to the Rockies. Yesterday evening Ald. Moore lectured on "From England to the Rockies," illustrating every stage by beautiful lime-light views in Shaftesbury Hall. The hall no doubt a religious reputation, still some of the audience were a little astonished to find an entertainment altogether secular opened by prayer, and one gentleman was overheard to remark to the pretty young lady by his side that the worthy speaker must be related to the gentleman who would not kiss his sweetheart without saying grace. However, the views were well received. The lower of London, the British parliament houses, the docks at Liverpool, the steamers toiling on the ocean waves, Quebec, Montreal, many beautiful prairie views, Winnipeg, and last, the tremendous sea of ice-covered prairie which covers the Rocky mountains stood out, clear, white, and brilliant under the lime-light with an accuracy of detail which charmed and instructed the large audience present, gave many of them a knowledge of scenes they would never otherwise have possessed, and impressed on their memories a picture of a beautiful picture not to be easily forgotten.

Hints to the Police. Editor World: Wouldn't it be a good idea if the police were to follow the practice adopted at Scotland Yard and have printed notices of persons wanted, under their descriptions, posted on bulletin boards outside every police station, on horse-railway station, etc.? The little cake prompted me to make the suggestion. There certainly ought to be some way of sending a general alarm round to policemen on their beat when a prisoner escapes or anything alarming is going on. CAUTION.

The Reform Association. The first regular general meeting of the season was held in the Yonge street Arcade last night. Capt. McMaster, the president, was in the chair. Major Allan, the secretary, also attended. Resolutions of condolence with the relatives of the late James Bethune and Wm. Johnston, also expressing the loss the party had sustained in their untimely death, were passed. At the license commission dispute had been settled the day before peace and harmony prevailed.

The Zoo's Ice Palace. The ice palace at the Zoo is drawing large crowds, and everything shows that it is a grand success. It is a marvel of architectural beauty, especially the main entrance, which is said to exceed that of Montreal. There will be a grand display of fireworks and a bombardment to-night. At the license commission dispute had been settled the day before peace and harmony prevailed.

Bel Telephone Company. As announced in our columns some months ago, the above company having completed their arrangements in this city, have drawn up a new tariff for communications with the central office. The reductions are most particularly on private residences and distant points in the city. See advertisement in another column.

Where Does He Live. He lives up at 205 Queen street west, and you just take that old turnip of a watch up to him and he will make it keep time like a chronometer. He fixed mine, and mind you Doherty takes the bun for repairing watches of any kind. 136

The Bolt Works Not Sold. The Dominion bolt works property at the corner of Hamber and on Sherbourne street was offered for sale to Messrs. Oliver, Coates & Co.'s auction room yesterday, but the reserve bid not having been reached it was withdrawn.

Montford's Museum. The ever-green Uncle Tom's cabin exhibit at Montford's museum is doing an excellent business. It is admirably put on the stage and the company is strong. The Topsy is among the best.

A Royal Buck Recalled. Capt. F. B. Lysons of the Royal Bucks, who has been so long resident in this city, has been recalled by telegram for active service in Egypt.

Dynamic From the Skies. Great alarm was caused on Sunday morning recently at Guesney by a terrific explosion heard all over the island and far out at sea. The crew of the British steamer Commerce, corroborated afterwards by others, spoke of having seen about 3 o'clock, when hearing Guesney, an enormous ball of fire shoot from the heavens and fall into the sea to the west of the island, the ball being attended by the terrific explosion. Houses vibrated with the shock, and some persons were so frightened as to be deprived of their senses.

SUBMERGED BY ICE.

Narrow Escape of the Inhabitants of an Island in Lake Michigan. MILWAUKEE, Feb. 10.—Three hundred inhabitants of Jones island, a desolate strip of land in Lake Michigan at the mouth of the Milwaukee river, narrowly escaped destruction last night. The island is surrounded by huge piles of ice and snow. A fearful gale raged last night, and waves began to surge over the icy barriers. The people were aroused by the flood, and many narrowly escaped death trying to cross the ice to the mainland. The ice was found broken and they returned wading through the slush, ice and water knee deep, and took refuge in the second stories of the houses, and wherever they could perch out of reach of the water. The sufferings of the people through the night were terrible. The mercury in 15° below zero. To-day the water gradually receded.

The Toronto Bowling Club. The annual meeting of the Toronto Bowling Club for the nomination of officers for the ensuing year was largely attended. The following officers were re-elected unanimously: A. R. Boswell, president; Lawrence J. Congrave, first vice-president; J. W. O'Hara, captain; A. B. Carmichael, treasurer; C. A. B. Brown, secretary; Joel Hilliard, financial secretary.

The Toronto Bicycle Club. The annual meeting of the Toronto Bicycle Club was held Monday evening at the Rossin house. The chair was occupied by Vice-President R. H. McBride. The meeting was largely attended and very enthusiastic. The statistics for the past year show that the club stands second to none on the continent, which is creditable, not only to those who have been instrumental in bringing about this happy result, but to the city whose name they bear. The membership, which is already very large, is steadily increasing.

Reminded by a Maniac. GIBRALTAR, Feb. 10.—The butcher who murdered the vicar-general a few days ago, and who is supposed to be insane, burst into the large audience present, gave many of them a knowledge of scenes they would never otherwise have possessed, and impressed on their memories a picture of a beautiful picture not to be easily forgotten.

The Fall of Mrs. Langtry in London will carry her quickly back here, where she has just been purchasing a home in Thirteenth street. The story of her life's loves has never been truly told. When she was a beautiful young bride, to London it was her fortune to sit for an artist who whose studio Prince Leopold was a constant visitor. He met her; was struck with her; and at first strikingly yet peculiarly classic beauty, which grows on you the more you look, and presented her to his brother, the Prince of Wales, who was fascinated from the first. It is the custom in society in London when the prince is in the city, to invite to send him a card and ask him to call; the lady who might desire to meet him. Mrs. Langtry was always afflicted. She became a beautiful young bride, to London it was her fortune to sit for an artist who whose studio Prince Leopold was a constant visitor. She became a beautiful young bride, to London it was her fortune to sit for an artist who whose studio Prince Leopold was a constant visitor. He met her; was struck with her; and at first strikingly yet peculiarly classic beauty, which grows on you the more you look, and presented her to his brother, the Prince of Wales, who was fascinated from the first. It is the custom in society in London when the prince is in the city, to invite to send him a card and ask him to call; the lady who might desire to meet him. Mrs. Langtry was always afflicted.
