THE DAYS TO COME. BLOOR-STREET WEST

Property of the Toronto Land and Investment Corporation, 34 Toronto-st.

WHEN WALKER FURNISHES US.

The days to come, long summer days,
With lilacs by the garden walk,
The hills grown purple dim with haze,
Where little wild birds sing and talk;
And shall we suffer on, my dear,
And covet other people's bliss,
Shall we be still and listless here,
No better home to show than this!

My cousin Dan one spring declared
He would not of his money speak;
Now that he has with Walker squared,
Although he paid him by the week,
No wonder, Mary, Dan's good mate
Looks ten years younger, fresher grown;
He must have made, although quite late,
Is just as fine as ever was known.

Such pretty sleeves—portiere blind—
A spare room where the rugs are spread;
A running desk with dropping lid,
You'd never guess that folding bed,
Rich carpets sprinkled over with roses,
And roses' curtains' filmy lace;
All new and shining with a gloss,
Which happiness brings to the place.

Oh, what a calm and sweet content
Comes when at night they gather round
The lamp light when the day is spent,
And home's true luxuries are found.
Then let us quickly go to bed,
Provide each comforter while we may
With Walker's new installment plan,
All bills will find no hard to pay.

Sensible conclusion: What can you do better
Each week but put your money into the home
You seek for wife and little ones? Carpets are of
Rugs are so cheap—get one. Carpets are of
finer designs and cheaper than ever—get a new
one for the parlor. Who would be without a
first-class parlor suite or chamber set when
they can be had on such easy terms. Every-
thing new and the latest improved at

We now offer for sale that most desirable property known as part of the Shelden Farm, situate
north of Bloor-street, at its junction with the Grand Trunk and Canadian Pacific Railways. This
property is very accessible. All the trains on the C.P.R. and G.T.R. stop at stations in close proximity
to it. The new suburban service of the Grand Trunk Railway enables parties to reach the centre of
the city almost hourly in from 10 to 15 minutes. The Bloor-street Station of this service is situate on
the property. A Freight Station at the same point is in contemplation.
To manufacturers no more desirable spot could be had, owing to the ease with which railway
switches can be brought into the property. For those seeking a healthy location none more desirable
can be obtained. The land lies high and dry. Churchill-avenue will be blockpaved from Bloor-street
to Royce-avenue, and thence to the Railway Crossing. The lots are 50x125 to a lane. This property
must advance in value very rapidly, and as there are but a few lots for sale it would be well for intend-
ing purchasers to apply early. The title is "Torrens Title."

SPECIMEN TESTIMONIALS

FROM JOSEPH POWER, ESQ.
KING-ST. WEST, TORONTO, April 5th, 1887.
DEAR SIR,—After a winter's trial I have much pleasure in bearing testimony to the
very efficient manner in which the Steam Heating Apparatus, erected by you, has done its
work.
It has more than fulfilled all you represented it would do, and I never had any workman
about my premises who understood their work so thoroughly.
In the very coldest weather, one pound pressure of steam warmed the house to perfection;
the boiler requires no more attention than one self-feeder stove, and any lady or girl can
attend to it.

FROM EDWIN SNIDER, ESQ.
DEER PARK, April 13th, 1887.
DEAR SIR,—I am pleased to say that the Gurney Hot Water Apparatus, placed in my
house by you, has given entire satisfaction. I consider it superior to any heating apparatus I
have ever seen.
It keeps the house thoroughly warmed. It is very economical with coal and is exceed-
ingly easy both to light, clean and manage. I was also much pleased with the thorough
manner in which all your work was done. Your fitters were exceedingly courteous, obliging
and neat, their work was done promptly and with no damage to the house. Altogether I am
well pleased that I entrusted the work to you.

FROM J. W. POOLE, ESQ.
ST. MARY'S, ONT., May 4th, 1887.
DEAR SIR,—I find after a fair trial that the Hot Water Heater you put in for me last
winter has given entire satisfaction.
1st. As to the skill in management and the quality of the work in its construction.
2nd. As a desirable and effective mode of heating.
3rd. As to economy in fuel.
My expectations respecting the Hot Water System of heating and your engagements for
the work necessary to put it into successful operation have been fully realized. I would not
willingly be without it and can confidently recommend it when properly done as above stated.
