Bow Toronte Discourages Her Volunteers.

From The Canadian Military Gasette.

The interests of volunteering in Toronto still suffer by the delay in proceeding with the long expected new drill hall. The public interests have found an unappreciated private champion, who is contesting, on a triviality, the validity of the by-law providing money for the purchase of a site, and recently adopted by a popular vote. It is difficult to see what the contestant hopes to gain as an offiset to the heavy expenses of conducting his almost hopeless suit, now on appeal from the judgment of Mr. Justice Armour, who disallowed that portion of the by-law providing for the purchase of certain street areas notices of the expropriation of which had not been given, but refused to disallow the bylaw as a whole. As the city council have power to at any time expropriate the streets in question, pressure should be brought to bear to have this done, thus removing any further pretext for continuing the suit, pending the settlement of which operations cannot be commenced. It has been hinted in some quarters that if the volunteers would induce the Ontario Riffe Association to abandon the Garrison Common to the Exhibition Association, the difficulty about the drill shed site would appedily be terminated, but directors of the exhibition association indignantly dony that they are involved in the suit as this bint would imply.

Money Made in Watches. om The St. Louis Globe-Democr St. Louis jeweler, now retired from trade,

A St. Louis jeweler, now retired from trade, says: There is more profit in the repairing department of watch-making than there is in any other trade in the country, unless, possibly, it is plumbing. Take, for instance, the main-spring of a watch. The general price for repairing one is anywhere from \$150 to \$2. Now, a main-spring to a jeweler costs little more, all told and set, than twenty-five cents. Then there is the extravagant price that is always demanded for cleaning a watch. Few jewelers ever charge lessithan \$1,50 for such work. The time usually taken in doing this class of work is not more than from a half to three-quarters of an hour. The main-spring itself costs on an average about eight cents. Then there is an enormous profit made on watch crystals. The standard price for them is twenty-five cents each. The jeweler buys the gross or in lesser quantities for them by the gross or in lesser quantities for them by the gross or in lesser quantities for them there is an enormous profit made on watch crystals. to make one in another month. "My my,
don't they kick?" asked the effervescent one,
referring to his neighbor's employers. "Oh,
no," calmly replied the \$15 man. That so
monplussed the other that he asked: "What
business are you in, my friand?" "I sell suspension bridges," was the calm rejoinder.

"Have you candied rose leaves, you know?" asked a young man about town, of the pretty able candy store.

"Yes, sir; how much would you like?"
"One pound, aw—in a nice box, you know."
"Oh. certainly, sir. We put them up in
French bon-bon boxes. Here it is, sir; four
dollars, please."
"What' four dollars for one pound of candy.
Impossible!"

Impossible!"
The young man was frightened into speak ing good English. The pretty girl smiled.
"The candy is only \$3 a pound. The bon-bon box is \$1—that makes four."
"I-I-don't think I'll take it. You can give me a pound box of mixed candies at the regular price, if you don't mind."
"Oertainly, sir," and the obliging clerk changed the order. "Certainly, sir," and the obliging clerk anged the order, and the young man escaped

## FOR OLD PEOPLE!

In old people the nervous system is weakened, and that must be strengthened. One of the most prominent medical writers of the day, in speaking of the prevalence of rheumatic troubles among the aged, says: "The various pains, rheumatic or other, which old people often complain of, and which materially disturb their comfort, result from disordered nerves." There it is in a nutshell—the medicine for old people must be a nerve tonic. Old people are beset with constipation, flatulency, drowsiness, diarathoca, indigestion, rheumatism, neuralgia.

These diseases are of nervous origin. Paine's Celery Compound, that great nerve tonic, is almost a specific in these disorders, and by its regulating influence on the liver, bowels, and kidneys, removes the disorders peculiar to old age. Old people find it stimulating to the vital powers, productive of appetite, and a promoter of digestion.

Sold by druggists. \$1.00. Six for \$5.00. Send for eight-page paper, with many testimonials from nervous, debilitated, and aged people, who bless Paine's Celery Compound.

A perfectly constructed Summer and Winter Hotel, costing a quarter of a million dollars, situated on the line of the Canadian Pacific Railway, near the Canadian Pacific Railway, near
the summit of the Rocky Mountains in
the Canadian National Park.

The house is electric lighted, and has
every comfort and convenience found in
dity hotels of the highest grade. The numerous hot sulphur springs in close proximity
vary in temperature from 80 to 121 degrees,
and perfect bathing facilities are supplied.
Testimony to the wonderful curative properties of the waters is plentiful. A firstclass livery of driving and saddle horses
forms part of the establishment, and there
are excellent roads and walks in all directions, built and maintained by the Government. The house is 5,000 feet above sea
level and is surrounded by magnificent
mountain peaks 5,000 to 8,000 feet high. In
grandeur of scenery and purity of atmosphere the region is immeasurably superior
to any similar health resort on the contiment. The hotel rates are from \$3.50 at
day upward, and special terms for longer
time may be had by addressing GEORGE
