rouse in the Movement of Drygoods Other Lines Fairly Active-Prospec Good for spring Trade-Failure of a Flour Firm Daily Budget of Financial and Commercial News.

A quiet and fairly good seasonable trad has been done during the week. Drygood appears to be the only branch of trade re rting a falling off in volume, but this is nary at this season. Some of the dryods houses are busy taking stock. In oots and shoes, paints and eils and leather there is a little more activity. If anything there is a slight improvement in groceries.

In all branches of trade collections are reported to have improved.

PAINTS AND OILS. Trade brisk, particularly in glass. Linseed oil is moving fairly well, and more enquiry is reported for turpentine than for some months. Lead quiet. Collections

There does not seem to be any improvement. Small orders are reported from the local mills, but no enquiry is heard from the foreign market. Fleece is unchanged at 17c, supers at 22c to 25c and extra at 26c.

Business fairly good and no complaints are heard regarding payments. Castor oil and morphia are quiet and steady. Gaborandi and senna leaves are both much higher. The chief demand continues to be fighered by the distribution of the chief demand continues to be governed by the distribution of the chief demand continues to be governed by the distribution of the chief demand continues to be governed by the distribution of the chief demand continues to be governed by the

Trade shows further improvement. The output for November is the most satisfactory for the same period for years, and country customers report the outlook bright. No complaints are heard regarding

A decided improvement is reported since last week. Some heavy sales in sole leather are reported and stocks are much reduced. There is still a good call for heavy harness leather with light neglected. Colored leathers continue in good demand, but at prices not altogether satisfactory. Hides and skins are in fair demand at unchanged prices. LEATHER, HIDES AND SKINS.

HARDWARE.

Trade shows some improvement, and is reported pretty brisk. Shelf hardware is unchanged, and in fact the same applies to all metals. Copper firm with an upward tendency. Ingot tin is somewhat weaker. Demand continues good for galvanized iron, zinc, tin plate, Canada plate. Shipments are now being made of such winter goods as skates, snowshovels, etc. The movement in metals is not large. Payments improving, and the outlook is fairly good. HARDWARE.

DRYGOODS.

Business has fallen off somewhat during the last few days, and if anything the volume is below the average. The demand is principally for heavy beaver mantellings. Heavy tweed dress goods are still selling to some extent. A fair enquiry is reported for Pongee and Surah trimming silks. Underwear has kept in fairly active condition. Staples are slow and unprofitable, owing to keen competition. Orders are zoming in fairly well for spring goods and the outlook is favorable. Payments fair and quite equal to those of a year ago.

The arbitrators, it will be remembered, were Judge Senkler, Charles Ritchie, Q.C., and Samuel Barker. The counsel in the case are D'Alton McCarthy, Q.C., Charles Moss, Q.C., and George Shepley, Q.C., for the company, and S. H. Blake, Q.C., and C. Robinson, Q.C., for the city. This case will likely keep the attention of the court during the remainder of the week.
