Beware of Ointments for Catarrh that Contain Mercury.

as mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten-fold to the good you possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood, and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free.

Sold by Druggists. Price, 75c. per bottle.

Dumas and a Dog.
Dumas pere, designing to be in the fashion during the sporting season, purchased a fine dog at an equally fine price. The next day he set out shooting in the environs of Marly. A partridge rose, and Dumas fired, wounding it. It fell about 100 feet away. Away went the dog, but simply gave the bird the coup de grace. Dumas, enraged, took the ramrod of his gun to whip the dog. The dog took the ramrod between his teeth, rose on his hind legs and began to dance a polka. The famous author then perceived that the dog had not been trained to retrieve. His fame had been made in a circus. Disappointed, Dumas retraced his steps and gave Fido to the first peasant he met.

A Great Invention.
Hearing a tremendous noise or series of noises in the lower front hall; Mrs. Goodfellow went to the top of the stairs and looked down.
What she saw was Mr. Goodfellow sitting on the lowest stair, holding his shin and muttering to himself.
"What are you doing there?" she demanded, with full weight of asperity in her voice.
"I am inventing an electric device which will move all the furniture into the back yard the moment the front door is opened at night," said Mr. Goodfellow.

Owls in Asia Minor.
Perhaps Asia Minor is richer in crude and interesting fancies than any other country. When children hear an owl hooting from the cypress groves they cry, "Good news for us, good messages for you." If they catch an owl they hold it up by the beak and chant, "Palm Sunday owl, how does your mother dance?" The meaning of the rite is lost, but the habit lingers.

Two of His Strong Points.
The Young Man—I don't take any credit to myself for being able to spell better than other people can. Spelling is a gift.
Miss Snappeigh—You acquired your modesty, I presume, by diligent application.

Life's Varied Interests.
"The weather's rather bad, isn't it?" said the young woman.
"Yes," replied the nonchalant youth. "Lucky thing it is. Helps conversation. It would be a deadly bore to go on forever saying 'it's a pleasant day.'"

Rapid Action.
"Always think twice before you speak," said little Tommy's mamma.
"Gee, maw," he answered, "if you do that you must do some pretty fast thinkin' sometimes when you git to goin' for paw!"

Ethnologists state that short, thick, curly hair is an indication of great natural strength. This is the kind of hair Mr. Johnson wore when he met the "hope of the white race" at Reno.

How Old People May Prolong Their Lives

At advanced age the organs act more slowly than in youth. Circulation becomes poor, blood thin and watery, appetite fitful, and digestion weak. This condition leaves the system open to disease such as Coughs, Colds, Grippe, Pneumonia, Rheumatism, etc.

VINOL is the greatest health creator and body builder we know of for old people, as it supplies the very elements needed to rebuild wasting tissue and replace weakness with strength.

HERE IS THE PROOF
A case is recorded in Albany, N. Y., of a woman who felt she was breaking down by age and was doomed to the weak and feeble condition of old people. She had no strength and the slightest exertion tired her, but VINOL made her well and strong, and she states that she feels ten years younger than she did before taking VINOL.

We ask every aged person in this neighborhood to try a bottle of VINOL with the understanding that we will return their money if it does not prove beneficial.

PROVE PSYCHINE

(PRONOUNCED SI-KHEN)

With a 50c. bottle free from your Druggist

It's not so long ago that the doctors bled a man to make him strong.

"Stuff a cold and starve a fever" is miles behind our to-day's knowledge of curative science, yet our fathers had it preached to them time and again.

You may not know it, but to-day there are just as ineffective methods of cure being preached and practised.

All because most people do not know the real cause of disease.

There are two kinds of corpuscles in the blood—red and white.
The red corpuscles contain nutriment, the white destroy disease germs.

If for any cause the white corpuscles become depleted and are not sufficiently strong to destroy the germs of disease, then disease controls the body.

That's the cause of disease.
* * *

Years ago certain herbs were found to cure disease.

They didn't know how or why in those days, they do to-day.

And it's because these herbs build up the white corpuscles.

These herbs are contained in Psychine—they're responsible for the great results obtained from Psychine a third of a century ago.

They're responsible for the hundreds of thousands that Psychine has cured since that time.

It's because of these herbs that we have received hundreds of thousands of testimonials attesting to wonderful cures that Psychine has made.

And it's because of these very same herbs that we will buy within the next twelve months hundreds of thousands of 50-cent bottles of Psychine and give them away free to whomsoever sends us the coupon in this announcement.

Now if you wish to relieve or prevent any of the disorders in this list send in that coupon:

La Grippe	Bronchial Coughs
Bronchitis	Weak Lungs
Hemorrhages	Weak Voice
Sore Throat	Spring Weakness
Anaemia	Early Decline
Female Weakness	Catarrhal Affections

Poor Appetite	Night Sweats
Chills and Fevers	Obstinate Coughs
Sleeplessness and	Laryngitis and
Nervous Troubles	Dyspepsia
After-effects of Pleurisy, Pneumonia and La-Grippe.	

Now, we don't ask you to take our word for the tremendously beneficial effect of Psychine. Fill out the coupon below, mail it to us and we'll give your druggist an order (for which we pay him the regular retail price) for a 50-cent bottle of Psychine to be given you free of cost.

We will undoubtedly buy and distribute in this manner, hundreds of thousands of these 50-cent bottles of Psychine.

And we do that to show our entire confidence in this wonderful preparation.

A confidence that has been based on our 30 years' experience with this splendid preparation, with a full knowledge of the hundreds of thousands of cures it has made.

What Has Dandruff Got To Do With Baldness?

You see the statement every day that the one cause of baldness is dandruff. But is it?

True, dandruff often precedes the departure of the hair.

It is equally true that you know men with a shock of hair you can hardly pull a comb through, who have carried around a dandruff laden collar as long as you have known them.

You have also seen men whose scalp was kept as clean as a baby's whose hair was surely departing.

That dandruff talk sounds well and convinces a good many of us, but let us not fool ourselves.

Of course dandruff isn't a good thing to carry around, but it is only an indication.

The same trouble that causes the hair to fall out usually causes dandruff, so if you get at the cause and arrest the loss of hair, you will stop dandruff too.

Those who use Nyal's Hirsutone find it the most satisfactory hair healer and hair dressing they have ever used.

It will also stop dandruff. Nyal's Druggist cheerfully recommends it—\$1.00 and 50c in sprinkler bottles.

The City of Paris.

The founders of Paris, emigrating from some Greek or Etruscan country on the shores of the Mediterranean Sea, rowed their galleys up the river Seine. They took possession of the island in that stream on which their city is built and, according to the legends that have come down to the present time, called it "Paris," which is Greek for a boat then used upon the river Nile, whence Paris. The island on which the adventurers landed was held to typify a boat, and to this day the coat of arms of that famous city is an ancient galley.

Mashington (who is taking his leave)—Aw, it seems to me, Miss Morleigh, I have fawgotten something. Aw—let me see. Miss Morleigh—Your gloves, perhaps? Mashington—Oh, no! Now I remember. Aw—will you mawwy me?

The Right Idea.

"It's remarkable how often a woman changes her mind."
"Oh, not always! There's one idea every woman gets that she never changes."
"What's that?"
"The idea that she's pretty!"

The Domestic Relay.

"Son, how would you like to enter a relay event?"

"Fine, dad. I was a star at relay events in college."

"So I've heard you say. Well, your ma is about ready to relay the carpets."

Our Transitory Heroes.

"He woke up one morning and found himself famous."

"Well?"

"And then went and made a monkey of himself in time for the afternoon papers to get hold of it."

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

Glencoe, Feb. 23.—Fire completely destroyed the Grand Trunk freight sheds here to-day, and a large quantity of merchandise in the building was burned. The blaze had a good start before it was discovered.

GOOD DIGESTION SHOULD WAIT ON ANOTHER.—To have the stomach well is to have the nervous system well. Very delicate are the digestive organs. In some so sensitive are they that atmospheric changes affect them. When they become disarranged no better medicine is procurable than Parmelee's Vegetable Pills. They will assist the digestion so that the hearty eater will suffer no inconvenience and will derive all the benefits of his food.

The wonder of wonders to us is how on earth our forefathers and mothers succeeded in rearing a big hut full of rosy, healthy kids when there wasn't a doctor within 30 miles and sterilized nursing bottles and all the modern fandanglers of babyhood were not in existence. Really, 'tis marvelous.

Shiloh's Cure

quickly stops coughs, cures colds, heals the throat and lungs. . . . 25 cents.

Nine persons out of ten, with a cinder or other foreign substance in the eye, will instantly begin to rub it with one hand while hunting for a handkerchief with the other. This is all wrong. The right way is not to rub the eye with the cinder in it, but to rub the other as vigorously as you like. It is said that if the foregoing advice be followed the foreign body will soon find its way to the corner of the eye and be washed out with the tears it causes.

Catarrhozone

Cures Permanently
BRONCHITIS, COUGHS,
COLD, ASTHMA,
CATARRH

Throw medicine to the dogs. At best they are unpleasant, often useless. You are suffering from some disease of the throat, nose, or lungs. Doctors call it Bronchitis, Asthma, or Catarrh, or it is a slight or severe cold. Germs cause these diseases—they have a common root.

Catarrhozone destroys disease germs, but it does more, it heals disease tissue.

CATARRHOZONE is little drops of healing carried by air to the exact place where Catarrh exists. Observe, Catarrhozone not only destroys the cause, but immediately repairs the result of diseased condition.

Catarrhozone means little drops of healing carried by air and placed over the lungs, throat, and nasal passages. Catarrhozone is endorsed by doctors, druggists, and by thousands of Canadian people who have used it.

Catarrhozone

Yes, Sir, it is taken in air.

"Little drops of healing" carried by air to weak places in the lungs, throat, and nasal passages.

Three sizes: 25c, 50c, and \$1.00, at druggists, or by mail postpaid from The Catarrhozone Co., Buffalo, N. Y., and Kingston, Ont.

FAMOUS BRITISH ADMIRAL

Tells What Zam-Buk Did For Him.

Many famous persons have testified to the great value of Zam-Buk, and amongst the most recent is Admiral Rodney M. Lloyd. Writing from the Royal Naval Club, Portsmouth, England, Admiral Lloyd says:

"I have found Zam-Buk most reliable for healing cuts and abrasions; while for the relief of skin irritation it is invaluable."

Another famous user of Zam-Buk is Mr. Frank Scudamore, the War Correspondent, who supplied Canadian papers with their dispatches during Boer War.

Mr. Scudamore says: "Some poisonous dye on my underclothing came in contact with a small ulcer on my leg and blood-poisoning set in. Inflammation, pain and swelling followed. My medical man's treatment did not seem to do any good, as ulcer after ulcer broke out, until my left leg from knee to foot was one mass of sores. I had seventeen deep ulcers at one time. I could not put my foot to the ground, and was really in a pitiful state. A friend advised Zam-Buk, and I applied this herbal balm. It was really wonderful how it soothed the pain and aching and gave me ease."

"I continued with it, leaving off all other treatment, and at the end of a week's treatment my leg was not like the same. A few boxes of Zam-Buk healed all the sores, and bit by bit new, healthy skin covered the places which had been so deeply pitted and scared by ulceration and blood poison. The limbs are now perfectly healthy, and with no marks of the old ulcers. For this splendid result I have only Zam-Buk to thank."

Zam-Buk is a cure for piles, eczema, cold cracks or chaps, ulcers, ringworm, poison, cuts, abscesses, burns, children's rashes, abrasions, and all skin injuries and diseases. All druggists and stores sell at 50c. box, or post free from Zam-Buk Co., Toronto, for price. Refuse imitations and substitutes.

In these sharp wintry days even the righteous stand on slippery places and the horses know not where they can get a toe hold.

"Stalled in the Mountains" is not an equine tale, although its title might indicate a lack of horse power on the part of the engine.

IGNORANCE IS A CURSE.—"Know thyself is a good admonition, whether referring to one's physical condition or moral habits. The man who is acquainted with himself will know how to act when any disarrangement in his system manifests itself. Dr. Thomas' Electric Oil is a cheap and simple medicine for the eradication of pain from the system and for the cure of all bronchial troubles."
