A PRACTICE that reflects on the good taste and intelligence of concert and other entertainment goers, is the rush to put on coats and wraps when the national anthem is struck up at the conclusion of a performance. It should not be forgotten the National Anthem is the Hymn of the Empire; that in honoring the King who is the symbol of the power, might, majesty, freedom and all that goes to make the British Empire glorious, in which all subjects participate, we honor ourselves. The practice was particularly noticeable when the excellent orchestra with 'Hearts of the World' struck up the National Anthem at the put on coats and wraps when the nationstruck up the National Anthem at the conclusion of the show.

When Dodds & Reycraft were packing apples last fall for R. Williamson, Sutor-ville, his daughter Verlie enclosed her name and address in a barrel of No. 1 Spies. to the apples from British Columbia.
Southey, Feb. 4th, 1919.
Verlie D. Williamson, Watford—Last November we bought a barrel of Ontario Spies, and I found a piece of paper with your name and address and a request to let you know who got the apples and the price. Our local dealer was charging \$9.50 per barrel, they cost him \$8.00 in Regina, he paid the freight here which would be not more than 50c. per barrel and sold them for \$9.50. The apples are splendid and in good condition. We would like to know what you got for them, as I think the railroads get got for them, as I think the railroads get the most of it. We are Ontario people, have been here nearly six years and it's have been here nearly six vears and it's very seldom we get a chance to get Ont. apples. Nearly all the fruit that comes here comes from B. C., and of course we don't like it as well as Ont. stuff. We came from Peterboro. We are just forty miles straight north of Regina in a little town called Southey. I would have written before but have been away for a month.

Hoping you will find time to write and

Yours truly

(Mrs ) R. T. Hales Southey, Sask.
