J. J. H. Gregory & Son  
Marblehead, Mass.

## Snow's Strawberry Plants

I grow and sell nothing else in the Nursery line but "Strawberry Plants," and make a specialty of this fruit. The plants I supply to customers cannot be excelled in United States or Canada. They are grown with every possible care to avoid mixing and are shipped in open boxes packed in damp moss. Their condition on arrival is guaranteed. Don't order your plants till you have seen my catalogue and prices. A postal all that is necessary.

CHAS. H. SNOW,

Box 3, Cummings Bridge, "near Ottawa," Ontario.

D. M. FERRY & CO.,  
Windsor, Ont.

Every Fruit Grower Should Read M. R. Kellogg's New Book Entitled.

## GREAT CROPS OF SMALL FRUIT AND HOW TO GROW THEM.

The author has grown the largest crops of fancy fruit ever produced on an acre. In his experimental grounds are single plants which yield over **FOUR QUARTS** each of fine large berries. His customers have done as well. This has been accomplished by **SCIENTIFICALLY BREEDING** up plants to a high fruiting vigor so they throw their energies to the development of fruit instead of useless runners. The profit comes from a big crop of big berries that sells at sight to regular customers. This book tells you about how it is done. **THE CHEAPEST PLANT** is the one that will give you the best fruit and most of it. You can't afford to play second fiddle on the market by using scrub plants. The only stock of scientifically grown thoroughbred plants in the country for spring planting. Send your address at once and get a copy of this book and a revised edition for three years **FREE**. Address **R. M. KELLOGG**, Three Rivers, Mich.
