

UNUSUAL PEACHES

WE HAVE A BLOCK OF OVER
125.000 PEDIGREED PEACHES
 FOR THE COMING SEASON'S TRADE

Every one of these trees is propagated from a select bearing tree loaded with ripe peaches when the buds were cut and they are budded on transplanted seedlings. ¶ Such stock must be true to name and the best obtainable. We believe that this block of trees is unique in the fact that not one bud was cut from the nursery row. We cannot sell this stock at low prices. It costs too much to produce, but consider the trees cheap at the reasonable prices at which we offer them. ¶ Every tree is guaranteed. Orders should be sent in at once as over 25,000 are already reserved.
