IMPORTANT TO DAIRYMEN

CHEESE FACTORS.

R. J. FULLWOOD & CO., (Late R. J. Fullwood and R. Bland.) Highly celebrated

FLUID EXTRACT OF ANNATTO

For colouring Cheese and Butter. The superiority of this truly excellent, pure and unadulterated ANNATTO, consists in its producing in Cheese and Butter that rich, permanent bright golden cowslip tint colour, so much desired by all Cheese and Butter Factors; and the great celebrity and increasing demand has induced Messrs. R. J. F. & Co. to protect the consumers from fraud, by stamping all their preparations with their Trade Mark—

A STAG WITH OLIVE BRANCH.

to counterfeited which is felony. In colouring Butter it will be found by far superior and much cheaper than any other article in use for that purpose, and their CAKE ANNATTO has stood unrivalled for the last 80 years.

Annatto Works, Somerset Place, Hoxton, London Established 1785.

\* \* Sold throughout England and the Colonies, by Chemists and Druggists, BUT BEK YOU GET R. J. FULLWOOD'S, with the Stag. v1 9-2t.

FALES'

CONCENTRATED FERTILIZER.

HAVING been appointed Sole Agents in the Dominion of Canada for Fales' Concentrated Fertilizer, we would direct the attention of the Agricultural community to the immense advantages to be derived from its use. Experience has proved the necessity of manufacturing

"CONCENTRATED MANURES,"

Which Farmers are unable to produce for themselves. The Fertilizer now offered contains, in a concentrated form, all the

LIFE-GIVING PROPERTIES

NECESSARY TO VEGETABLE GROWTH;

And its effects are most rapid and wonderful. Its effects on Grass are magical, and are shown within a few days after application. It is equally valuable in the production of Grains, Fruits and Vegetables, and its

EXTRAORDINARY EFFECTS.

Need but a single trial to convince the most sceptical. Full Particulars with Circulars, &c., may be had on application to
