THE TRADE REVIEW

AND

Intercolonial Journal of Commerce.

MONTREAL, FRIDAY, JULY 25, 1867.

Nova Scotia received a gold medal at the Paris Ex-
hibition for her contributions of fish and cured meat.

The crops in the Lower Provinces appear to be
doing finely, and will give an unusually abundant
yield.

Two hundred thousand bushels of oats were shipped
from Chicago to Buffalo on Thursday of last week,
completely stripping the market.

The Union Pacific Railway is advancing to com-
pletion with extraordinary rapidity. On the 20th inst.
the rails had been laid to a point upwards of 475 miles
west of Omaha.

BANK RETURNS.

THE statement of Canadian Banks for the Provinces
of Quebec and Ontario is published, and will be
found in another column.

The following is a comparison of the liabilities and
assets for that and the previous month:—

	May.	June
LIABILITIES.		
Notes in Circulation.....	\$ 8,444,737	\$ 8,312,333
Balances due to other Banks.....	2,091,474	2,771,925
Deposits not bearing interest.....	14,253,764	13,883,447
Deposits bearing interest.....	13,937,650	14,765,850
ASSETS.		
Specie, and Provincial Notes.....	\$ 9,390,233	\$ 7,334,197
Landed property of Bank.....	1,512,497	1,610,472
Government Securities.....	5,474,942	6,142,674
Notes or Bills of other Banks.....	1,813,751	1,651,773
Notes and Bills due from other Banks.....	2,633,908	5,068,635
Balances due from other Banks.....	43,219,815	48,153,431
Notes and Bills discounted.....	2,361,179	2,297,416
Other debts.....		

The decline in Bank Note circulation still continues,
but with less rapidity than previously, the reduction
from May to June being \$182,400, while from April to
May, circulation decreased \$560,000.

Deposits have increased \$461,933. Current balances,
however, show a decline of over \$300,000, while perma-
nent deposits bearing interest have increased nearly
\$500,000.

Specie and Legal Tenders have declined about \$2-
000,000, while Balances due from other Banks have in-
creased \$2,200,000. These changes are principally due
to the operations of the Bank of Montreal. In the
item of Government Securities, this institution has in-
creased its amount by nearly \$900,000; otherwise they
show little change.

Discounts have declined, but only some \$60,000, and
are still greatly in excess of the average, and higher
than in any previous year.

It is said that the steam collier *Flamborough* now in
the coal trade between Montreal and Pictou belongs
to Mr. Sanford Fleming, the Government Railway
Engineer of Nova Scotia, and that she is the pioneer
of a line which will ply at regular intervals between
the two Provinces. We are glad of this. Cheap coal
must henceforth be the rule. It will soon forge a chain
to bind the Provinces more closely together in the
ties of mutual interest.

A Halifax paper says that the following was the
yield of gold in Messrs. Richey & Frazer's claim at
Oldham for the last three months:

April 1 to May, yield \$890.76; expenses and royalty,
\$716.35, net gain, \$174.41. May 1 to 31st, gold taken,
\$620.00; expenses and royalty, \$443.32; net gain, \$176.61.
June 1st to June 30, gold obtained, \$818.07; expenses
and royalty, \$458.39; net gain, \$359.68. The lead from
which this was taken is only 8 inches in thickness. It
will be seen that the yield increases each month, and
if it so continues, the mine of Messrs. Richey & Frazer
will be one of extraordinary richness.
